

CHARACTER CREATION

ARCHER

The enduring popularity of the bow is a testament to its elegant design, but this simple weapon would be of little worth without the surpassing skill of those who master it—the archers. Projectile techniques such as high-angle fire enable archers to assail their foes with deadly precision even at great distances.

Constant assessment of the battlefield enables them to carefully determine the most advantageous ground from which to loose, as well as the nature of the arrows best suited to their enemy. Together with the longbow sentries of the Ezen military, the shortbow hunters among the Miqo'te are widely regarded as most skilled with the bow.

As the state reached its apex, the landmass home to vast, dense woodlands and towering mountains formed the nation of Gridania. The landscape is a mosaic of winding pathways and great wooden structures, so gracefully constructed they seem a part of the surrounding environment. The favored goddess of the citizenry is Hachinoku, the Marneko spirit, faith is also placed in the wisdom of the wardens—young druids who guide the nation based on the will of the forest's elemental.
