Space Travelers and the Genesis of the Human Form Joan D'Arc,2000 Can Darwinian evolution actually prove that we are alone in the Universe This book illustrates that Darwinian evolution is not an empirically predictable or testable scientific paradigm Also shows that ancient artifacts on Mars and the Moon are evidence of Game Wardens in our own solar system Could the Earth be a controlled DNA repository for the ongoing creation and dissemination of life forms including humans The author puts forth compelling evidence in this well researched work

**The Secret History of Extraterrestrials** Len Kasten,2010-11-11 Explores the role of ETs in the military government technology history and the coming new age Surveys contact with ETs abductions alien technology and exopolitics genetic tampering by ETs and the history behind the Nazis and UFOs Contains interviews with Jesse Marcel Michael Salla Paul LaViolette Robert Bauval Helen Wambach and others at the forefront of the ET derived New Science movement The extraterrestrial presence on Earth is widening and as we enter the Aquarian Age will be admitted officially causing shock and an urgent universal need to understand the social and technological changes derived from our space brothers A primer for the explosive advances humanity will experience scientifically and spiritually in the coming years this compendium explores the ET phenomenon and

The Genesis Race Will Hart,2003-10-24 Shows that Earth was visited by an extraterrestrial race who bioengineered modern man in its image and taught man how to construct the pyramids Examines the flaws in Darwin s theory of evolution and presents startling new evidence of intelligent intervention Reveals the messages coded in the pyramids left by the ancients concerning impending Earth changes at the end of the Mayan calendar For millennia the development of humanity showed a consistent homogenous pattern Then suddenly around 3000 B C E great civilizations sprang up around the globe All the creation myths of these civilizations tell of gods who came down to Earth and fashioned man in their own image teaching them the arts of agriculture and civilized life In addition the dominant architectural design in Egypt Sumeria Peru Mexico and China was the pyramid though science has never been able to explain why or where these peoples obtained the advanced technological knowledge to construct such edifices The abruptness and similarities of these evolutionary leaps calls into question the Darwinian theory of evolution given that there are no traces of any intermediate evolutionary forms Now using the most current research on DNA Will Hart shows that these gods were actually visitors from other worlds who genetically engineered modern humanity from the beings that then inhabited the planet He also suggests that the Bible and other creation stories have been interpreted falsely as myth when they should have been read as history The structures left by our ancestors were designed in accordance with precise astronomical and geodetic alignments to make them visible from outer space and to survive for thousands of years with the intent of communicating information relating to physical and temporal events Humanity s current stage of development has finally reached the point where the secret messages of these structures can be decoded to reveal the fate of humanity in the coming Earth changes

**Ancient Alien Ancestors** Will Hart,2017-07-18 Explores evidence for the theory of directed panspermia that life on Earth and the landscape of Earth itself was engineered by extraterrestrials Details how the Earth was terraformed through a sophisticated geo engineering program providing clear examples such as the precise mathematical longitude configurations of the Great Pyramid of Giza with the major rivers on Earth Shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional out of Africa theory of evolution Examines the strongest modern UFO accounts including the Russian Roswell case as well as the suppressed UFO sightings of NASA astronauts In the early 1970s Nobel

Prize winning DNA co discoverer Sir Francis Crick and his colleague Leslie Orgel proposed that in the distant past an extraterrestrial race sent a spacecraft loaded with microorganisms to seed the Earth with life Now more than 40 years later the fields of space research and biotechnology have advanced to the point where they can back up Crick and Orgel s claims about our ancient alien ancestors Sharing scientific evidence of alien involvement with life on our planet and with the very landscape of Earth itself Will Hart refines the theory of directed panspermia that life was intentionally seeded on Earth by extraterrestrials to reveal that the same ET agency also created humans and generated civilization He shows how the Earth was terraformed through an engineering program so sophisticated and vast that it has escaped our attention so far for example the major rivers on Earth are precisely aligned through geo engineering with the Great Pyramid of Giza Revealing the Great Pyramid as an alien message in stone the author explains how the Giza pyramids could not have been built by the ancient Egyptians and examines the extraterrestrial energy technologies used to move the pyramids massive stone blocks methods later rediscovered by Nikola Tesla and the builder of Coral Castle Edward Leedskalnin He details how an advanced race implanted the basic genome on Earth as well as genetically engineered the human race and shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional out of Africa theory of evolution Investigating how the extraterrestrial agency behind the origin of civilization is still working behind the scenes today the author examines the strongest modern UFO accounts including the Russian Roswell case and the suppressed UFO sightings of NASA astronauts He shows that this advanced ET civilization is not an alien race in the way we normally think of aliens they are our ancestors and as human as we are

**Inner Paths to Outer Space** Rick Strassman, Slawek Wojtowicz, Luis Eduardo Luna, Ede Frecska, 2008-03-27 An investigation into experiences of other realms of existence and contact with otherworldly beings Examines how contact with alien life forms can be obtained through the inner space dimensions of our minds Presents evidence that other worlds experienced through consciousness altering technologies are often as real as those perceived with our five senses Correlates science fiction s imaginal realms with psychedelic research For thousands of years voyagers of inner space spiritual seekers shamans and psychoactive drug users have returned from their inner imaginal travels reporting encounters with alien intelligences Inner Paths to Outer Space presents an innovative examination of how we can reach these other dimensions of existence and contact otherworldly beings Based on their more than 60 combined years of research into the function of the brain the authors reveal how psychoactive substances such as DMT allow the brain to bypass our five basic senses to unlock a multidimensional realm of existence where otherworldly communication occurs They contend that our centuries old search for alien life forms has been misdirected and that the alien worlds reflected in visionary science fiction actually mirror the inner space world of our minds The authors show that these alien worlds encountered through altered states of human awareness either through the use of psychedelics or other methods possess a sense of reality as great as or greater than those of the ordinary awareness perceived by our five senses

THE MIND,

BODY, SPIRIT, And STORYTELLING Hakeem R. Jelani, 2023-05-23 For a controversial yet refreshing perspective this book you are holding right now is one that will give you a salient insight into the author's discourse with a new subjective viewpoint regarding the Anunnaki ancient world. Their significant deeds and contributions to humanity which syncs very nicely with the modern ancient astronauts hypothesis. Events that are largely associated with the Old Testament Bible Genesis narrative are inextricably linked back to Anunnaki as those who from Heaven came down to Earth were a fifty man crew under command of the Anunnaki Royal Prince Enki Ea. From his home planet Nibiru the eponymous God of creation imbued Kemetic spiritual science philosophy to the African Pharaohs' dynasties of Egyptians. Mithrum's speculation and bold assumptions will brighten up your vision as you discover what has long been hidden by the elites who promulgate mendacious truthiness and storytelling as the vicars of God on Earth. Reading this book gives you this powerful insight from a mind/body and spirit perspective. You discover a different view of the Holy Old Testament Bible Genesis narrative and storytelling. Hakeem invites readers to reexamine the Bible myth as a dichotomy between the significant transition into the Western New Testament Christian Church religion of western Europe and the African Egyptian consciousness of spiritual science precepts. The Kemetic ankh/life became the Christian cross/death. Each represents important symbolism. Whereas the former was plagiarized and replaced and incorporated into the Roman Catholic New Testament Christian Bible religion and canons as the doctrine of theology. It's a great story that postulates an assertion that calls one to reexamine the Bible book of Genesis. Which the Hebrew and Greek Septuagint Bible scribes removed/acknowledge to conceal God's Anunnaki identity of the gods. The truth about the elite Royals' pantheon of alien gods as Anunnaki Anu, Enlil and Enki as those who from the Heavens came down. The ancient account pertaining to the Sumerian Bible Genesis is the original codex of historical manuscript religiously described rituals and rites which was the hidden books of sacred knowledge and wisdom taught in the halls of the mystery schools by the ancient Egyptian Priesthood. This book imparts his speculative unvarnished anecdotal details about Genesis from a different perspective. The Biblical history of Genesis as it should be taught. Not like the Christian Catholic Protestant and Baptist religions teach the gospels of the Christian savior of the crucified Jesus Christ as the human savior or of the crucified Jesus Christ of heaven. Not like the Christian Catholic Protestant and Baptist religions of blind faith. But in its purest form of theology that is primarily the Gospels of death/salvation and the resurrection after the end of Jesus Christ's crucifixion by the Roman. Albeit speculative its conjecture dovetails nicely with attributions described in the Old Testament Bible. God corresponds precisely to Enki Ea's deeds. This book is complete speculation with emphasis on the Bible book of Genesis. Hakeem boldly conflated the creator of the homo sapien sapiens with Enki who was a brilliant scientist and chief medical doctor. Which means that he was exceptionally qualified to genetically fuse his biological DNA/chromosome code by genetic manipulation of an African female mitochondrial DNA as described in the Old Testament Genesis narrative tale. Which raises curious questions as to why the book of Genesis accounts can be examined with great skepticism and a

misdirection play because much of the factual information about the Genesis of history was either burned by invading armed forces omitted the rulers suppressed by the Church or destroyed in order to control the narrative of historical evidence He pointed to Enki's process concerning an African female's mitochondrial DNA biological chromosome genetic codes manipulated and used to fashion Adam men as his Hebrew ancestral Royal bloodline It's a fictionalized story written to make people think about this with intellectual intuition logic and reason      **The Cybercities Reader** Stephen Graham, 2004
