The Genius of Christ William H. Qrawshaw, 2015-07-11 Excerpt from The Genius of Christ A Study of Jesus Christ as a Man of Genius The highest human is nearest to the divine Let it not then seem strange to think of Christ as a man of genius or to find by this road another way of approach toward knowledge of the Son of God If the thought be unworthy of him he will forgive the human weakness which ventures to declare it If it be reverent and just and true may it be one more acceptable tribute to his glory Each new ground for wonder should be new ground for faith By each new obeisance in spirit I climb to his feet Confident at least of his intention to promote and not to hinder such aspiration of the religious nature the author would be glad if the ideas of this book should commend themselves to the open minded consideration of those who love and revere the Master About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
