offers a new reading of his work which includes the most radical elements of modernism This book will be invaluable to students of Jakobson and to anyone interested in the development of critical theory linguistics and stylistics **Introducing Lyotard** Bill Readings,2006-06-19 The first truly introductory text on Lyotard this book situates Lyotard s interventions in the postmodern debate in the wider context of his rethinking of the politics of representation Bill Readings examines Lyotard s relationship to structuralism Marxism and semiotics and contrasts his work with the literary deconstruction of Paul de Man he positions Lyotard s work so as to draw out the implications of poststructuralism s attention to difference in reading Lyotard s willingness to question the political and examine the relationship between art and politics is shown to undermine the charge that deconstruction abdicates political and social articulation **Paul Ricoeur** Steven H. Clark,2013-09-05 This introductory study surveys the entire range of Ricoeur s work placing it within the context of post structuralism Includes a discussion of Time and Narrative and shows how Ricoeur s work links European and American traditions **Kenneth Burke** Stephen Bygrave,2012-09-10 Kenneth Burke Rhetoric and Ideology is a lucid and accessible introduction to a major twentieth century thinker those ideas have influenced fields as diverse as literary theory philosophy linguistics politics and anthropology Stephen Bygrave explores the content of Burke s vast output of work focusing especially on his preoccupation with the relation between language ideology and action By considering Burke as a reader and writer of narratives and systems Bygrave examines the inadequacies of earlier readings of Burke and unfolds his thought within current debates in Anglo American cultural theory This is an excellent re evaluation of Burke s thought and valuable introduction to the impressive range of his ideas **Unisa English Studies** University of South Africa. Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09 **Theism in the Discourse of Jonathan Edwards** R. C. De Prospe,1985 This book proposes that a new semiotic category called theism can more intelligibly classify the discursive pattern that precedes modern humanism in American literature than such standard historicist categories as Puritanism or Calvinism or medievalism and that the writings of Jonathan Edwards exemplify this theist discursive pattern **Estranging the Familiar** George Douglas Atkins,1992 In Estranging the Familiar G Douglas Atkins addresses the often lamented state of scholarly and critical writing as he argues for a criticism that is at once theoretically informed and personal The revitalized critical writing he advocates may entail but is not limited to a return to the essay the form critical writing once took and the form that is now enjoying a resurgence of popularity and excellence Atkins contends that to reach a general audience criticism must move away from the impersonality of modern criticism and contemporary theory without embracing the old fashioned essay The venerable familiar essay may remain the basis Atkins writes but its conventional openness receptivity and capaciousness must extend to theory philosophy and the candor that seems to mark the tail end of the twentieth century In noting the timeliness if not the necessity of a return to the essay Atkins also considers our culture s parallel return to the personal When the essay combines good writing with the

concerns of the personal Atkins says it becomes a form of criticism that is readable vital and potentially attractive to a large readership Atkins hopes critics will tap into the revitalized interest the essay now enjoys without ignoring the considerable insights and advances of contemporary theory He argues that despite claims to the contrary there is no inherent incompatibility between the essay and modern theory As Atkins considers various experiments in critical writing from Plato to the present notably feminist interest in the personal and autobiographical he contends that these attempts although undeniably important fall short of the desired goal when they emphasize the merely expressive and neglect the artful quality good writing can bring to personal criticism The final third of the book consists of a series of experiments in critical writing that represent the author's own attempts to bridge the gap between theory and popular criticism between an academic and a general audience In essays that illustrate the rhetorical power of the form Atkins describes the reciprocal relationship between his life experience and a reading of *The Odyssey* explains the role that theory has played in his personal development and chronicles his attempts to find a voice as a writer *The British National Bibliography* Arthur James Wells, 1968 **Twentieth-century Literary Movements Dictionary** Helene Henderson, Jay P.
