*Performances of Ancient Jewish Letters* Marvin Lloyd Miller, 2015-09-16 This ambitious and engaging book sets itself the task of combining a wide range of approaches to cast new light on the form and function of several ancient Jewish letters in a variety of languages The focus of *The Performance of Ancient Jewish Letters* is on applying a new emerging field of performance theory to texts and arguing that letters and other documents were not just read in silence as is normal today but were performed especially when they were addressed to a community A distinctive feature of this book consists of being one of the first to apply the approach of performance criticism to ancient Jewish letters Previous

treatments of ancient letters have not given enough consideration to their oral context however this book prompts the reader to listen sympathetically with the audience The Performance focuses close attention on the ways in which the engagement of the audience during the performance of a text might be read from traces present in the text itself This book invites the audience to hear a fresh reading of a family letter from Hermopolis concerning ugly tunics and castor oil festal letters about issues surrounding the celebration of Passover Purim and Hanukkah a diaspora letter on how to live in a foreign land and also an official letter concerning the building of the Jerusalem temple These letters will help us understand a text from the Dead Sea Scrolls namely MMT Marvin L Miller argues for the centrality of performance in the life of Jews of the Second Temple period an area of study that has been traditionally neglected The Performance advances the fields of orality and epistolography and supplements other scholars works in those fields

**Finding Identity Through Directing** Soseh Yekanians, 2020-05-10 Finding Identity through Directing is a practice led autoethnographical monograph that provides an in depth exploration into the field of theatre directing and an individual s endless creative pursuit for belonging The book specifically examines how a culturally displaced individual may find a sense of identity through their directing and addresses the internal struggles of belonging acceptance and Self that are often experienced by those who have confronted cultural unhoming The first half of the story scrutinises Dr Yekanians own identity as an Iranian born Armenian Australian and how she struggled with belonging growing up in a world that for the most part was unaccepting of her differences The second half looks at how theatre directing aided her re discovery of Self While evidence shows that within the past decade there has been a growing interest in the vocation of theatre directing embarking on a career within this field while exciting can often be a daunting and experimental vocation Finding Identity through Directing questions this conundrum and specifically asks in a competitive artistic profession that is rapidly developing what attracts an individual to the authoritative role of the director and what are the underlying motivations of this attraction By uncovering that there is more to the role of the director than the mere finality of a production we can observe that the theatre is a promising setting for cultural exchanges in dialogue and for personal development Theatre directing as the vehicle for these expansions and progressions of self can potentially address the internal struggles of identity often experienced by those who in some form have encountered cultural displacement

**Jewish Drama & Theatre** Eli Rozik, 2013-07-01 Jewish drama and theatre has followed a tortuous path from extreme rabbinical intolerance to eventual secular liberalism with its openness to the heritages of both Judaism as a culture and prominent foreign cultures to the extent of multicultural integration No wonder therefore that since biblical times until the seventeenth century there are only examples of tangential theatre practices This initial intolerance shared by the Church was rooted in pagan connotations of theatre rather than in the neutral nature of the theatre medium capable of formulating and communicating contrasting thoughts Whereas by the tenth century the Church understood that

theatre could be harnessed to its own ends Jewish theatre was only created seven centuries later through spontaneous and amateurish theatrical practices such as the Yiddish purim shpil and the purim rabbi Due to their carnivalesque and cathartic nature these practices were tolerated by the rabbinical establishment albeit only during the Purim holiday But as a result Jewish drama and theatre were created and emerged despite rabbinical antagonism Under the influence of the Jewish Enlightenment Yiddish speaking theatres were increasingly established a trend that became central in the cultural enterprise of the Jews in Israel This process involved a renewed use of Hebrew as a spoken language and the transition from a profound religious identity to a secular Jewish one characterised by a basic liberalism to the extent of openness to cultures traditionally perceived as archetypal enemies of Judaism This book sets out to analyse play scripts and performance texts produced in the Israeli theatre in order to illustrate these trends and concludes that only a liberal society can bring about the full realisation of theatre s potentialities
