Casanova,Manuel

Casanova,2018-10-18 Drawing on the most up to date research on autism this incisive book argues that while there are different causes and variations of autism there is in fact one biological autism By examining developmental and genetic factors and investigating lesser known autism related syndromes it clears away misconceptions surrounding this complex condition **The Integrated Self-Advocacy ISA Curriculum** Valerie Paradiz,Valerie Paradiz, PhD,2009-09 Helps professionals and family members provide children and adults with ASD with safe forums for self discovery structured learning activities and a cumulative understanding of the many facets of self advocacy Asperger Awareness Stephen Plowright,2010-12-23 If you are a manager of technical people you will already have an intuitive understanding that many of your personnel have natural traits and abilities in common that help to make them good at what they do In many technical teams around half of the workers will score significantly higher than average on an Asperger test This book explains the benefits of understanding Asperger traits Distilled to the relevant and concise facts this manual is easily read and absorbed by busy managers It is also useful for technical people who want to better understand their own traits and abilities and also their rights in the workplace For those interested in further reading books are suggested at the end of each chapter The Last Exit Before the Toll Lynn Barnes,2012-10 Author Lynn Barnes admits she s known all along that she d been a little different in ways she can t explain In her memoir The Last Exit before the Toll she examines her life and tries to make sense of who and what she is and how her being affects her existence She reflects on growing up as an only child and her life now as a single surrealist artist and Poe aficionado Barnes recalls the events that have greatly impacted her including the deaths

of her mother and father and the suicide of her best friend Marc But it was the discovery that she has undiagnosed Asperger's syndrome that helped piece together the puzzle that has been her life and allowed her to come to terms with the troubling personality traits she has experienced all her life An insightful and creative look at Barnes's life *The Last Exit before the Toll* provides a glimpse into the sometimes frustrating and unknown world of someone who lives with Asperger's syndrome **A Worst Case Scenario** J. Lynn, 2009-10 Lynn a Baltimore Surrealist artist reviews her unusual life without any knowledge that Asperger's Syndrome a mild form of autism exists Her life and circumstances certainly are the result of something She has always been different It is impossible to explain herself or confide in anyone even the closest friends and family Depressed overwhelmed and not knowing how to describe what she's going through to anybody she tries to figure out things on her own Can she find some clues in her dreams Nothing she tries works and she is ready to give up She looks back going deeper and deeper into her past What is it the thing that makes her different Has it prevailed throughout her entire life Maybe so does it have patterns She begins to see there are Are they responsible for things turning out so badly Does whatever It is make it possible to dream of the future and possibly travel through time *The Last Exit before the Toll* Art Death Asperger's and Dreams is the story of her journey to find out the truth of the mystery The story is told in an unusual timeline it is told backwards in decades a timeline never used in books but the usual way we get to know each other in real life The book also features pictures of her singular highly detailed art One chapter spotlights her epic painting Poe's Last Supper The large 4 x 6 oil painting depicts Poe on his deathbed in a hospital but he hallucinates he's in a Fell's Point bar drinking with his characters See more on the book and art in vivid color [lynnbarnes.net](http://lynnbarnes.net) A passage from *What Kind of Kid Were You* In earlier childhood I could be a handful I don't know what happened It was as if something would take over I'd persistently asked questions and would make comments out loud or sounds The other kids would crack up I understand now they didn't think I was stupid although it felt so at the time I would ask outrageous questions whether the teacher acknowledged my raised hand or not They sometimes wouldn't Many times what I asked or my comments made me sound like a smart ass Right after the words left my mouth it sounded different than what I was trying to say This would drive the teachers up a wall right out of their minds My third grade teacher the elderly Mrs Mitchell got so fed up she separated my desk from the other kids by sitting me up front next to her desk Bad move I already had everybody's attention up front Everybody could then hear everything I said I did it one time too many I said something and the whole class shrieked She went ape shit She went over the edge She would have hit me if she could have gotten away with it if it weren't for my mother The best she could do was throw a cartoon like tantrum She jumped up and down with her knees a little bent She stopped writing on the blackboard and made tight fists clutching the chalk SHUT UP SHUT UP SHUT UP SHUT UP she screamed It was almost the same as the tantrum Mozart would throw at the costume party in *Amadeus* when he wanted his penalty except more aggressively I did shut up for then The image stunned me I had no idea I got to her that badly A note was sent

home Another note one of many Let me tell you I got away with nothing at home I got whipped My mother was strict The only child spoiled brat wasn't correct That wasn't it The same basic kind of behavior got me whipped at home but whipped or not it would come out I know my mother was driven crazy sometimes She would practically lose her mind I was also hardheaded and wouldn't back down if I thought I was right I would face my punishment such as staying out of the woods I wasn't going to stay out of the woods We played our roles in that one At school I don't know exactly what happened because most of the time I was so sincere I really did want to know something or I would make a comment about something It wasn't appreciated Most of it was
