### 1. Certificates of Medical Necessity (CMNs) and DME MAC Information Forms (DIFs)

CMS Manual System, Pub. 100-04, Medicare Claims Processing Manual, Chapter 30, §100.2.1

A Certificate of Medical Necessity (CMN) or DME Information Form (DIF) is required to help document the medical necessity and other coverage criteria for selected durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) items. The documentation section of the Local Coverage Determinations (LCDs) shows which items require one of these forms. See Chapter 9 of this manual for more information about LCDs.

CMNs contain four sections, A through D. You may complete sections A and C. Sections B and D must be completed by the beneficiary's physician.

A DIF does not require a physician signature or a narrative description of equipment and cost. You may complete and sign a DIF in its entirety.

For certain items or services billed to a DME MAC, you must receive a signed CMN from the treating physician. You must have a faxed, photocopied, original signed order or an electronic CMN in your records before you can submit a claim for payment to Medicare. CMNs and DIFs are referred to by their CMS form numbers. The CMS form number is located in the bottom left corner of the form. DME MAC form numbers identify the CMN or electronic claims submitted to the DME MAC.

The signature on the CMN or DIF must be handwritten or electronic only. Signature and date stamps are not acceptable.

You must maintain a faxed, photocopied, original signed order or an electronic signed CMN/DIF and it must be available to the **DME MACs or ZPICs** on request. When hardcopy CMNs/DIFs are submitted to the **DME MACs or ZPICs**, you must include a copy of the front side. When CMNs are submitted electronically to the DME MAC, information from sections A and B are required.

#### Types of CMNs

There are three types of CMNs:

1. **Initial** – Establishes the initial medical need for an item
2. **Revised** – Documents a change in the order (such as a change in the physician, a change in the number of units prescribed, etc.)
3. **Recertification** – Confirms that the medical need is still present for oxygen equipment.
