THE HIDDEN WAR

absolutely vital reading
exciting and compelling

Dmz Vol 5 The Hidden War

Brian Wood

Dmz Vol 5 The Hidden War:

DMZ Vol. 5 The Hidden War Brian Wood, 2008-08-12 The fifth volume in the critically acclaimed series that looks at life during wartime America's 21st Century Civil War. The world and characters of the DMZ, a wartorn Manhattan, are expanded and enriched in this volume as Matty Roth turns his attention to the hidden war: the thousands of ordinary people living under fire inside the DMZ. His subjects include a guerrilla artist in the underground arts scene, a former ally who's now worse off than a homeless person, and the powerful head of an organization within the DMZ, and more. Placing America Michael Fuchs, Maria-Theresia Holub, 2014-03-15 In *Call Me Ishmael* Charles Olson exclaims SPACE to be the central fact to man born in America. Indeed, from the start, history and identity in America have been intricately tied to issues of space: from the idea of the city upon a hill to the transnational soft power of the United States, space has always served as an important parameter of power gained or lost and of the struggles to maintain or resist it. With contributions that range from the construction of America in European academic discourses to children's fiction, this collection provides an extensive and insightful study of how space influences our understanding of America. **The Publishers Weekly**, 2008 **Vertigo First Cut** Various, Jason Aaron, 2008 Collects the first issues of *DMZ*, *Army at Love*, *Jack of Fables*, *The Exterminators*, *Scalped*, *Crossing Midnight*, *Loveless*, and *Preview of Air*. *Geek Monthly*, 2008-07 DMZ Crossing Suk-Young Kim, 2014-03-18 The Korean demilitarized zone might be among the most heavily guarded places on earth, but it also provides passage for thousands of defectors, spies, political emissaries, war prisoners, activists, tourists, and others testing the limits of Korean division. This book focuses on a diverse selection of inter-Korean border crossers and the citizenship they acquire based on emotional affiliation rather than constitutional delineation. Using their physical bodies and emotions as optimal frontiers, these individuals resist the state's right to draw geopolitical borders and define their national identity. Drawing on sources that range from North Korean documentary films, museum exhibitions, and theater productions to protester perspectives and interviews with South Korean officials and activists, this volume recasts the history of Korean division and draws a much more nuanced portrait of the region's Cold War legacies. The book ultimately helps readers conceive of the DMZ as a dynamic summation of personalized experiences rather than as a fixed site of historical significance. China's Quest John W. Garver, 2015-12-01 From its founding 65 years ago, the People's Republic of China has evolved from an important yet chaotic and impoverished state whose power was more latent than real into a great power on the cusp of possessing the largest economy in the world. Its path from the 1949 revolution to the present has been filled with twists and turns, including internal upheavals, a dramatic break with the Soviet Union, the 1989 revolution, the wave and various wars and quasi-wars against India, the USSR, Vietnam, and South Korea. Throughout it all, international pressures have been omnipresent, forcing the regime to periodically shift course. In short, the evolution of the PRC in world politics is an epic story and one of the most important developments in modern world history. Yet to date, there has been no authoritative history of China's foreign relations. John Garver's monumental *China*

s Quest not only addresses this gap it will almost certainly serve as the definitive work on the topic for years to come Garver one of the world s leading scholars of Chinese foreign policy covers a vast amount of ground and threads a core argument through the entirety of his account domestic political concerns regime survival in particular have been the primary force driving the People s Republic s foreign policy agenda The objective of communist regime survival he argues transcends the more rudimentary pursuit of national interests that realists focus on Indeed from 1949 onward domestic politics has been integral to the PROC s foreign policy choices Over the decades the regime s decisions in the realm of international politics have been dictated concerns about internal stability In the early days of the regime Mao and other part leaders were concerned with surviving in the face of American aggression Later they came to see the post Stalinist Soviet model as a threat to their revolutionary program and initiated a stunning break with Khrushchev regime Finally the collapse of other communist regimes in and after 1989 radically altered their relationships with capitalist powers and again preserving regime stability in a world where communism has been largely abandoned became paramount China s Quest the result of over a decade of research writing and analysis is both sweeping in breadth and encyclopedic in detail Quite simply it will be essential for any student or scholar with a strong interest in China s foreign policy

Drawing the Past, Volume 1 Dorian L. Alexander,Michael Goodrum,Philip Smith,2022-01-04 Contributions by Lawrence Abrams Dorian L Alexander Max Bledstein Peter Cullen Bryan Stephen Connor Matthew J Costello Martin Flanagan Michael Fuchs Michael Goodrum Bridget Keown Kaleb Knoblach Christina M Knopf Martin Lund Jordan Newton Stefan Rabitsch Maryanne Rhett and Philip Smith History has always been a matter of arranging evidence into a narrative but the public debate over the meanings we attach to a given history can seem particularly acute in our current age Like all artistic mediums comics possess the power to mold history into shapes that serve its prospective audience and creator both It makes sense then that history no stranger to the creation of hagiographies particularly in the service of nationalism and other political ideologies is so easily summoned to the panelled page Comics like statues museums and other vehicles for historical narrative make both monsters and heroes of men while fueling combative beliefs in personal versions of United States history Drawing the Past Volume 1 Comics and the Historical Imagination in the United States the first book in a two volume series provides a map of current approaches to comics and their engagement with historical representation The first section of the book on history and form explores the existence shape and influence of comics as a medium The second section concerns the question of trauma understood both as individual traumas that can shape the relationship between the narrator and object and historical traumas that invite a reassessment of existing social economic and cultural assumptions The final section on mythic histories delves into ways in which comics add to the mythology of the US Together both volumes bring together a range of different approaches to

diverse material and feature remarkable scholars from all over the world **Comics Values Annual 2008** Alex G Malloy, 2008-03-27 Comic book heroes are taking over the popular culture world This title includes a brief overview of the industry a grading guide and features an interview with a comic book insider **500 Essential Graphic Novels** Gene Kannenberg, 2008 Featuring full color images from the best moments in graphic novel history this comprehensive reference explores everything from dragons cow races and monstrous rats to insider secrets from Casanova himself Includes top ten must reads for every popular genre *The Guerilla Dynasty* Adrian Buzo, 2018-02-19 Throughout the 1990s North Korea has operated under a skeptical international eye due largely to the countrys rigorous self imposed isolation its on going confrontation with South Korea a controversial nuclear arms program and the near total collapse of its economy North Koreas leaders have chosen to face the world with its Stalinist political culture and ideological framework intact for better or worse and by most reports almost exclusively for the worst How did this situation come to be and what are its consequences In *The Guerilla Dynasty* Adrian Buzo gives us an accessible up to date and rigorously researched account of the political economic and foreign policy developments in North Korea since 1945 **North Korea's Military-Diplomatic Campaigns, 1966-2008** Narushige Michishita, 2009-10-16 This book examines North Korea s nuclear diplomacy over a long time period from the early 1960s setting its dangerous brinkmanship in the wider context of North Korea s military and diplomatic campaigns to achieve its political goals It argues that the last four decades of military adventurism demonstrates Pyongyang s consistent calculated use of military tools to advance strategic objectives vis vis its adversaries It shows how recent behavior of the North Korean government is entirely consistent with its behavior over this longer period the North Korean government s conduct rather than being haphazard or reactive is rational in the Clausewitzian sense of being ready to use force as an extension of diplomacy by other means The book goes on to demonstrate that North Korea s calculated adventurism has come full circle what we are seeing now is a modified repetition of earlier events such as the Pueblo incident of 1968 and the nuclear and missile diplomacy of the 1990s Using extensive interviews in the United States and South Korea including those with defected North Korean government officials alongside newly declassified first hand material from U S South Korean and former Communist bloc archives the book argues that whilst North Korea s military diplomatic campaigns have intensified its policy objectives have become more conservative and are aimed at regime survival normalization of relations with the United States and Japan and obtaining economic aid *Air University Library Index to Military Periodicals* , 1999 **Militarized Landscapes** Chris Pearson, Peter Coates, Tim Cole, 2010-06-03 The black smoke billowing from burning oil wells during the Gulf War of 1990 91 directed media and public attention towards war s devastating environmental impact Yet even before the first bomb is dropped preparation for warfare materially and imaginatively reshapes rural landscapes and environments This volume is the first to explore the comparative histories and geographies of militarized landscapes Moving beyond the narrow definition of militarized landscapes as theatres of war it

treats them as simultaneously material and cultural sites that have been partially or fully mobilized to achieve military aims Ranging from the Korean DMZ to nuclear testing sites in the American West and from Gettysburg to Salisbury Plain Militarized Landscapes focuses on these often secretive hidden dangerous and invariably controversial sites that occupy huge swathes of national territories North Korea Robert Willoughby,2008 A new edition of the first travel guide to cover the practical aspects of travelling to and around North Korea a country which both intrigues and concerns the international community Everything a genuine traveller needs is here including red tape and security issues access from South Korea and Beijing routes outwards from Pyongyang and opportunities for excursions into unspoilt countryside Altogether a fascinating insight into the culture and history of a country that currently exists in virtual isolation from the rest of the world

Counterfeit Peace Bob Frankenstein,2011-10-31 It is time for you to slip quietly inside the minds of ordinary people of the small community of Beaver Dam Wisconsin who are coping with a counterfeit peace fighting wars undeclared with goals undetermined grievances unclear issues unresolved the gory details hidden safely underground in cemeteries Join me as we walk in the shoes of heroes of this little community *Vietnam and Other American Fantasies* Howard Bruce Franklin,2000 Written by a cultural historian this text offers a wide ranging exploration of the causes meaning and continuing significance of the American war in Vietnam arguing that the war was not a mistake or a quagmire but a defining event in global history

Army Research and Development ,1962 *Dictionary of the Modern United States Military* S.F. Tomajczyk,2008-02-11 Warspeak the language of the military can be for many civilians and for members of differing services an unintelligible hodgepodge of acronyms slang terms and field operation expressions Few laypersons may know that the Five F s is a derogatory expression though Army Navy Marine Air Force Coast Guard and others know or can infer that chairborn commandos are administrative and support personnel The more than 15 000 entries in this comprehensive dictionary provide an inside look at the United States military Weapons systems governmental agencies electronic warfare medical terms military infrastructure communications satellites and intelligence systems are among the topics covered in depth Also detailed are the acronyms and slang terms used by the soldiers in the field The work provides numerous cross references for ease of use along with a bibliography of over 2 200 sources
