Myers, 2019-06-17 This book makes the case for young children as both keenly materially aware of and highly dependent on sets of interrelated material discursive circumstances It argues that long term engagement with children around the topic of meaning matter relations upends many taken for granted notions of consumption self regulation knowledge production and what constitutes quality of life within a school setting The book provides complex accounts of agency on multiple scales the capability of children to shape and share research the force of objects stuff and things to impact the social workings of a classroom and the impact of nonhuman animals on the trajectory of the ways in which children relate to each other This work makes a significant

contribution to both theoretical conceptions and practical enactments of childhoods productively addressing the many contradictions inherent in a posthuman and participatory approach to researching with young children It also offers insights into how the everyday materialities of children s classrooms and their complex representations are capable of disrupting the common sense order of things

Overtourism Rachel Dodds,Richard Butler,2019-05-06 Overtourism has become a major concern for an increasing number of destinations as tourism numbers continue to grow stimulated by general economic and technological growth and the expansion of the global middle class This coupled with relentless promotion of tourism by many organisations and destinations has increased tourism despite growing opposition to excessive development This book is the first academic volume to deal with this topic and contains chapters by experienced researchers in the tourism field taking a multidisciplinary approach to review and explain the subject The introductory section begins with an overview of the current situation and the forces enabling the appearance of overtourism This is followed by a number of case studies from a range of destinations around the world both urban and rural which share the same problems The concluding section includes a discussion of potential mitigation methods and approaches and a final assessment of future developments The focus and relevance of this book are not just for academics as it offers insights into destinations enablers and solutions for how to address the issue of overtourism on a wide variety of scales This book offers globally relevant perspectives on destinations as varied as Venice and Barcelona that have gained global media attention as well as less publicised rural areas and developing destinations
