Joseph Smith's Polygamy, Volume 1: History Brian C. Hales,2013-02-26 Few American religious figures have stirred more passion among adherents and antagonists than Joseph Smith Born in 1805 and silenced thirty nine years later by assassins bullets he dictated more than one hundred revelations published books of new scripture built a temple organized several new cities and became the proclaimed prophet to tens of thousands during his abbreviated life Among his many novel teachings and practices none is more controversial than plural marriage a restoration of the Old Testament practice that he

accepted as part of his divinely appointed mission Joseph Smith taught his polygamy doctrines only in secret and dictated a revelation in July 1843 authorizing its practice now LDS D C 132 that was never published during his lifetime Although rumors and exposés multiplied it was not until 1852 that Mormons in Brigham Young's Utah took a public stand By then thousands of Mormons were engaged in the practice that was seen as essential to salvation Victorian America saw plural marriage as immoral and Joseph Smith as acting on libido However the private writings of Nauvoo participants and other polygamy insiders tell another more complex and nuanced story Many of these accounts have never been published Others have been printed sporadically in unrelated publications Drawing on every known historical account whether by supporters or opponents Volumes 1 and 2 take a fresh look at the chronology and development of Mormon polygamy including the difficult conundrums of the Fannie Alger relationship polyandry the angel with a sword accounts Emma Smith's poignant response and the possibility of Joseph Smith offspring by his plural wives Among the most intriguing are the newly available Andrew Jenson papers containing not only the often quoted statements by surviving plural wives but also Jenson's own private research conducted in the late nineteenth century Telling the story of Joseph Smith's polygamy from the records of those who knew him best augmented by those who observed him from a distance may have produced the most useful view of all

Foundational Texts of Mormonism Mark Ashurst-McGee, Robin Jensen, Sharalyn D. Howcroft, 2018-02-16 Joseph Smith founding prophet and martyr of the Church of Jesus Christ of Latter day Saints personally wrote dictated or commissioned thousands of documents Among these are several highly significant sources that scholars have used over and over again in their attempts to reconstruct the founding era of Mormonism usually by focusing solely on content without a deep appreciation for how and why a document was produced This book offers case studies of the sources most often used by historians of the early Mormon experience Each chapter takes a particular document as its primary subject considering the production of a document as an historical event in itself with its own background purpose

circumstances and consequences The documents are examined not merely as sources of information but as artifacts that reflect aspects of the general culture and particular circumstances in which they were created This book will help historians working in the founding era of Mormonism gain a more solid grounding in the period s documentary record by supplying important information on major primary sources [Understanding Covenants and Communities](#) Mark Diamond,Andrew Reed,2020-08-01 A joint publication between CCAR Press and Brigham Young University Interfaith dialogues of understanding are valuable both for challenging individuals to articulate their beliefs and practices in a careful way and for deepening connections between people of different faiths The Jewish and Latter day Saint communities have at times been at odds yet they share a number of significant historical and communal bonds Understanding Covenants and Communities comes out of the Jewish Latter day Saint Academic Dialogue Project a groundbreaking interfaith encounter between these two religious communities The fruit of five conferences held semiannually since 2016 the volume addresses such themes as theological foundations sacred scriptures lived experience and worship and culture and politics Readers will emerge with a deeper understanding of the Jewish and Latter day Saint traditions and how the two faith communities can engage in a meaningful dialogue [The Testimony of Two Nations](#) Michael Austin,2024-01-02 Understanding the Book of Mormon on its own terms and through its two way connection with the Bible Like the Hebrew Bible and the Christian Bible the Book of Mormon uses narratives to develop ideas and present instruction Michael Austin reveals how the Book of Mormon connects itself to narratives in the Christian Bible with many of the same tools that the New Testament used to connect itself to the Hebrew Bible to create the Christian Bible As Austin shows the canonical context for interpreting the Book of Mormon includes the Christian Bible the Book of Mormon itself and other writings and revelations that hold scriptural status in most Restoration denominations Austin pays particular attention to how the Book of Mormon connects itself to the Christian Bible both to form a new canon and to use the canonical relationship to reframe and reinterpret biblical narratives This canonical context provides an important and fruitful method for interpreting the Book of Mormon [Method Infinite: Freemasonry and the Mormon Restoration](#) Cheryl L. Bruno,Joe Steve Swick III,Nicholas S. Literski,2022-08-09 While no one thing can entirely explain the rise of The Church of Jesus Christ of Latter day Saints the historical influence of Freemasonry on this religious tradition cannot be refuted Those who study Mormonism have been aware of the impact that Freemasonry had on the founding prophet Joseph Smith during the Nauvoo period but his involvement in Freemasonry was arguably earlier and broader than many modern historians have admitted The fact that the most obvious vestiges of Freemasonry are evident only in the more esoteric aspects of the Mormon faith has made it difficult to recognize let alone fully grasp the relevant issues Even those with both Mormon and Masonic experience may not be versed in the nineteenth century versions of Masonry s rituals legends and practices Without this specialized background it is easy to miss the Masonic significance of numerous early Mormon ordinances scripture and doctrines Method Infinite Freemasonry and the Mormon Restoration offers a fresh

perspective on the Masonic thread present in Mormonism from its earliest days Smith's firsthand knowledge of and experience with both Masonry and anti Masonic currents contributed to the theology structure culture tradition history literature and ritual of the religion he founded *Little Known Stories About the Doctrine and Covenants* Dan Barker,2023-02-02 Add extra interest and depth to your study of the Doctrine Covenants with these little known stories and facts from Church history With one story for each section you'll soon discover the details history has tucked away Fascinating and informative this book is perfect for sharing with friends and family and guaranteed to spice up your scripture study

The Mormon Mirage Latayne C. Scott,2010-08-03 In the first edition of *The Mormon Mirage* Latayne C Scott shared her remarkable journey out of Mormonism as she uncovered shocking inaccuracies inconsistencies and contradictions in the faith she had loved and lived Thirty years later Mormonism and Mormon scholarship have evolved with the times In this third revised and updated edition of her well known book Scott keeps pace with changes and advances in Mormonism and reveals formidable new challenges to its claims and teachings *The Mormon Mirage* provides fascinating carefully documented insights into DNA research's withering implications for the Book of Mormon the impact of new revelations on Latter day Saint LDS race relations new findings about Mormon history increasing publicity about LDS splinter groups particularly polygamous ones recent disavowals of long held doctrines by church leadership the rise of Mormon apologetics on the Internet More than a riveting insider's scrutiny of the Mormon faith this book is a testimony to the trustworthiness of Scripture and the grace of Jesus Christ **The Bible, Mormon Scripture, and the Rhetoric of Allusivity** J.

Frederick,2016-05-05 One of the most pertinent questions facing students of Mormon Studies is gaining further understanding of the function the Bible played in the composition of Joseph Smith's primary compositions the Book of Mormon and the Doctrine and Covenants With a few notable exceptions such as Philip Barlow's *Mormons and the Bible* and Grant Hardy's *Understanding the Book of Mormon* full length monographs devoted to this topic have been lacking This manuscript attempts to remedy this through a close analysis of how Mormon scripture specifically the Book of Mormon and the Doctrine and Covenants integrates the writings of New Testament into its own text This manuscript takes up the argument that through the rhetoric of allusivity the allusion to one text by another Joseph Smith was able to bestow upon his works an authority they would have lacked without the incorporation of biblical language In order to provide a thorough analysis focused on how Smith incorporated the biblical text into his own texts this work will limit itself only to those passages in Mormon scripture that allude to the Prologue of John's gospel John 1:1-18 The choice of the Prologue of John is due to its frequent appearance throughout Smith's corpus as well as its recognizable language This study further argues that the manner in which Smith incorporates the Johannine Prologue is by no means uniform but actually quite creative taking at least four different forms Echo Allusion Expansion and Inversion The methodology used in this work is based primarily upon recent developments in intertextual studies of the Bible an analytical method that has proved to be quite effective in studying

later author's use of earlier texts **Defying Deception** Jonathan K. Corrado, 2024-02-29 Comprehensive training and well established tactics are the trademark qualities of a solid and robust military training program designed to win wars As a result well trained soldiers can think and act soundly while engaged in warfare Like soldiers Christians must similarly train to become prepared to make biblically sound choices while engaged in spiritual warfare specifically deception Deception as clearly conveyed in the Bible is Satan's weapon of choice therefore if understood properly can be thwarted effectively

Defying Deception A Field Guide to Understanding and Countering Satan's Strategy of Deception is a book for those who want to raise their awareness of the enemy's strategies and to mature their spiritual walk by offsetting the enemy's deceptive methods with practical means That said this field guide establishes a parallel between Satan's deceptive tactics and military Psychological Operations PSYOP operations to convey false information to influence emotions motives and reasoning because both seek to lead people into falsehood to influence decision making in a destructive way This field guide discusses Satan's deceptive strategy within the context of PSYOP Armed with this information practical defensive strategies are developed using well established effective military tactics to assist readers in overcoming spiritual deception **True Latter-Day Saints' Herald** , 1929 The family magazine of the Reorganized Church of Jesus Christ of Latter Day Saints [Biblical Roots of Mormonism: Over 1000 scriptures Refernced from the bible](#) Eric Shuster, Chuck Sale, 2023-03-22 Last year Eric Shuster wrote Catholic Roots Mormon Harvest about his conversion from Catholicism to Mormonism Now he and coauthor Charles Sale bring us **The Biblical Roots of Mormonism** a discovery of Mormon doctrines as they are revealed in the Bible Each chapter delves into a specific belief such as the Godhead premortal life and revelation Quoting hundreds of Old and New Testament passages the authors show how the Bible alone can sustain Mormon theology and practice This incredibly well researched guide provides fresh insights about the Bible as each page reveals a new connection to the Mormon beliefs Perfect for believers investigators and skeptics alike this book will inspire and astonish as it lays out the biblical foundation of Mormonism
