Essays Robert Louis Stevenson:

Robert Louis Stevenson, Literary Networks and Transatlantic Publishing in the 1890s Glenda Norquay, 2020-01-31 Robert Louis Stevenson *Literary Networks and Transatlantic Publishing in the 1890s* investigates Stevenson and the geographies of his literary networks during the last years of his life and after his death It profiles a series of figures who worked with Stevenson negotiated his publications on both sides of the Atlantic wrote for him or were inspired by him Using archival material correspondence fiction and biographies it moves across these literary networks It deploys the concept of literary prosthetics to frame its analysis of gatekeepers tastemakers agents collaborators and authorial surrogates in the transatlantic production of Stevenson's writing Case studies of understudied individuals and broader consideration of the networks they represent contribute to knowledge of transatlantic publishing in the 1890s understanding of transatlantic culture Stevenson studies current interest in the workings of literary communities and in nineteenth century mobility

Essays, from the Earliest Period to the Present Time David Josiah Brewer, Edward Archibald Allen, William Schuyler, 1900 **The English Catalogue of Books [annual].**, 1911 Vols 1898 include a directory of publishers

Thinking Through Style Michael Dominic Hurley, Marcus Waithe, 2018 What is style and how does it relate to thought in language It has often been treated as something merely linguistic independent of thought ornamental stylishness for its own sake Or else it has been said to subserve thought by mimicking delineating or heightening ideas that are already expressed in the words This ambitious and timely book explores a third more radical possibility in which style operates as a verbal mode of thinking through Rather than figure thought as primary and pre verbal and language as a secondary delivery system style is conceived here as having the capacity to clarify or generate thinking The book's generic focus is on non fiction prose and it looks across the long nineteenth century Leading scholars survey twenty authors to show where writers who have gained reputations as either stylists or as thinkers exploit the interplay between the what and the how of their prose The study demonstrates how celebrated stylists might after all have thoughts worth attending to and that distinguished thinkers might be enriched for us if we paid more due to their style More than reversing the conventional categories this innovative volume

shows how style and thinking can be approached as a shared concern At a moment when especially in nineteenth century studies interest in style is re emerging this book reevaluates some of the most influential figures of that age re imagining the possible alliances interplays and generative tensions between thinking thinkers style and stylists The English Catalogue of Books Sampson Low,1911 Volumes for 1898 1968 include a directory of publishers **Victorians in the Mountains** Ann C. Colley,2016-02-24 In her compelling book Ann C Colley examines the shift away from the cult of the sublime that characterized the early part of the nineteenth century to the less reverential perspective from which the Victorians regarded mountain landscapes And what a multifaceted perspective it was as unprecedented numbers of the Victorian middle and professional classes took themselves off on mountaineering holidays so commonplace that the editors of Punch sarcastically reported that the route to the summit of Mont Blanc was to be carpeted In Part One Colley mines diaries and letters to interrogate how everyday tourists and climbers both responded to and undercut ideas about the sublime showing how technological advances like the telescope transformed mountains into theatrical spaces where tourists thrilled to the sight of struggling climbers almost inevitably these distant performances were eventually reenacted at exhibitions and on the London stage Colley s examination of the Alpine Club archives periodicals and other primary resources offers a more complicated and inclusive picture of female mountaineering as she documents the strong presence of women on successful expeditions in the latter half of the century In Part Two Colley turns to John Ruskin Gerard Manley Hopkins and Robert Louis Stevenson whose writings about the Alps reflect their feelings about their Romantic heritage and shed light on their ideas about perception metaphor and literary style Colley concludes by offering insights into the ways in which expeditions to the Himalayas affected people s sense of the sublime arguing that these individuals were motivated as much by the glory of Empire as by aesthetic sensibility Her ambitious book is an astute exploration of nationalism as well as theories of gender spectacle and the technicalities of glacial movement that were intruding on what before had seemed inviolable *The English Catalogue of Books [annual]*. Sampson Low,1910 Vols for 1898 1968 include a directory of publishers **Illustrated Catalogue of Early English and Later Literature Mainly in First Editions** Edwin Babcock Holden,1920 The Medicine of Art Elizabeth L. Lee,2021-12-30 In 1901 the sculptor Augustus Saint Gaudens proclaimed in a letter to Will Low Health is the thing Though recently diagnosed with intestinal cancer Saint Gaudens was revitalized by recreational sports having realized midcareer there is something else in life besides the four walls of an ill ventilated studio The Medicine of Art puts such moments center stage in order to consider the role of health and illness in the way art was produced and consumed Not merely beautiful or entertaining objects works by Gilded Age artists such as John Singer Sargent Abbott Thayer and Augustus Saint Gaudens are shown to function as balm for the ill providing relief from physical suffering and pain Art did so by blunting the edges of contagious disease through a process of visual translation In painting for instance hacking coughs bloody sputum and bodily enervation were recast as signs of spiritual elevation and refinement for the tuberculous who were

shown with a pale chalky pallor that signalled rarefied beauty rather than an alarming indication of death Works of art thus redirected the experience of illness in an era prior to the life saving discoveries that would soon become hallmarks of modern medical science to offer an alternate therapy The first study to address the place of organic disease cancer tuberculosis syphilis in the life and work of Gilded Age artists this book looks at how well known works of art were marked by disease and argues that art itself functioned in medicinal terms for artists and viewers in the late 19th century **Journal of the Royal Colonial Institute** Royal Colonial Institute (Great Britain),1904 **The Spectator** ,1905 A weekly review of politics literature theology and art The Flaneur in Nineteenth-Century British Literary Culture Isabel Vila-Cabanes,2018-10-15 The flaneur is a cultural and literary phenomenon usually associated with nineteenth century Paris but the type also exists in the artistic and literary panorama of other major European capitals such as London Berlin and Moscow Despite massive recent interest in the figure of the flaneur in scholarly studies analyses about the nineteenth century British analogue are often fragmentary appearing in the form of isolated articles However there is an abundant amount of nineteenth century novels sketches and journalistic essays which offer remarkable and hitherto overlooked accounts of the British metropolis and which frequently include the figure of the flaneur as a central character or the topic of flanerier as a theme This book explores a great array of texts making an essential contribution to our knowledge and understanding of the prehistory or rather history of the British flaneur from the early eighteenth century to the early twentieth century with a special focus on the nineteenth century The flaneur is looked at as a figure in which the development and dynamics of the modern metropolis and its impact on the literary discourse are manifested from a formal as well as thematic perspective **Wave Forms** James H. Bunn,2002 In this daring book the author proposes that artistic and literary forms can be understood as modulations of wave forms in the physical world By the phrase natural syntax he means that physical nature enters human communication literally by way of a transmitting wave frequency This premise addresses a central question about symbolism in this century How are our ideas symbolically related to physical reality The author outlines a theory of communication in which nature is not reached by reference to an object rather nature is part of the message known only tacitly as the wavy carrier of a sign or signal One doesn't refer to nature even though one might be aiming to one refers with nature as carrier vehicle The author demonstrates that a natural language of transmission has an inherent physical syntax of patterned wave forms which can also be described as certain laws of form a phrase used by D Arcy Thompson L L Whyte Noam Chomsky and Stephen Jay Gould He describes a syntax inherent in natural languages that derives from the rhythmic form of a propelling wave Instead of the laws of a wave's form however the author speaks of its elements of rhythmic composition because *rythmos* means wave in Greek and because composition describes the creative process across the arts In pursuing a philosophy of rhythmic composition the author draws on cognitive science and semiotics But he chiefly employs symmetry theory to describe the forms of art and especially the patterns of poetry as structures built upon the natural syntax of wave forms Natural syntax it

turns out follows a fascinating group of symmetry transformations that derive from wave forms Catalogue of the Library of Herschel V. Jones ... Herschel Vespasian Jones, Anderson Galleries, Inc, 1918 *Vladimir Nabokov's Lectures on Literature* Ben Dhooge, Jürgen Pieters, 2017-12-18 This volume offers insight into Vladimir Nabokov as a reader and a teacher and sheds new light on the relationship of his views on literary aesthetics to the development of his own oeuvre The essays included focus on the lectures on European and Russian literature that Nabokov gave at a number of American universities in the years between his arrival in the United States and the publication of *Lolita* Nabokov's treatment of literary masterpieces by Austen Cervantes Chekhov Dickens Flaubert Gogol Kafka Joyce Proust and Stevenson is assessed by experts on these authors Contributors are Lara Delage Toriel Ben Dhooge Yannicke Chupin Roy Groen Luc Herman Flora Keersmaekers Arthur Langeveld Geert Lernout Vivian Liska Ilse Logie Jürgen Pieters Gerard de Vries **The Gilded Chalet** Padraig Rooney, 2016-09-27 Part detective work part treasure chest full of history and scandal The Gilded Chalet takes you on a grand tour of two centuries of great writing by both Swiss and foreign authors and shows how Switzerland has always been at the center of literary Europe Two centuries after the Romantics went there to invent Gothic horror the lure of Switzerland hasn't left us Writers from the Fitzgeralds to Fleming Highsmith to Hemingway Conan Doyle to Le Carré came to escape world wars political persecution tuberculosis They came for sanctuary from oppression or the tax man for fresh air and nude sunbathing for scenery resembling as Rooney puts it Mother Nature on steroids Patricia Highsmith spent her last years in a granite home in Ticino with a fridge containing little but peanut butter and vodka Hermann Hesse had himself buried to the neck as a cure for alcoholism Nabokov chased butterflies and played tennis on the hotel courts When it comes to literature it seems all roads lead to Switzerland Padraig Rooney peers through the chalet windows and discovers how Switzerland has influenced some of the greatest authors and characters of literature *Essays of Robert Louis Stevenson* Robert Louis Stevenson, 2015-12-15 Robert Louis Balfour Stevenson 13 November 1850 3 December 1894 was a Scottish novelist poet essayist and travel writer His most famous works are *Treasure Island* *Kidnapped* and *Strange Case of Dr Jekyll and Mr Hyde* *A quantitative approach to the style of Jonathan Swift* Louis Tonko Milic, 2015-07-24 No detailed description available for A quantitative approach to the style of Jonathan Swift **Faithful Ministry** Max Rogland, 2019-05-13 This collection of biblical theological historical and pastoral essays celebrates the remarkable forty year ministry of the Rev Dr Robert S Rob Rayburn A man of scholarly gifts and a shepherd's heart Rob not only faithfully served a single congregation for his entire ministerial career but also contributed to the wider church through his perceptive theological writings Just as Rob embodied pastoral warmth intellectual rigor and an appreciation for the catholicity of the Christian tradition so too the essays of this ecclesial Festschrift seek to bring scholarly expertise into the service of Christ's church Contributors William Barker Joel Belz Ron Bergey John Birkett Bryan Chapell Jack Collins Ian Hamilton Eric Irwin David Jones Joshua Moon Robert G Rayburn II George Robertson Kevin Skogen Jacob Skogen John Wykoff
