Do This Liturgy As Performance:

Do this Richard D. McCall, 2007 Abstract **Beyond Pentecostalism** Wolfgang Vondey, 2010-09-23 The Pentecostal Manifestos series aims to speak for and to a rising outward looking generation of Pentecostal scholarship Written by both established and newly emerging scholars the various manifesto volumes are to be creative statements marked by rigorous theological scholarship reflecting a distinctly Pentecostal engagement with wider themes and concerns in Christian thought today **Acting Liturgically** Nicholas Wolterstorff, 2018 Participation in religious liturgies and rituals is a pervasive and complex human activity This book discusses the nature of liturgical activity and the various dimensions of such activity Nicholas Wolterstorff focuses on understanding what liturgical agents actually do and shows religious practice as a rich area for philosophical reflection Remembering the Future Emma O'Donnell, 2015-12-07 Common to both Judaism and Christianity is a heightened engagement with time within liturgical practice in which collective religious memory and anticipation come together to create a unique sense of time Exploring the nebulous realms of religious experience and the sense of time Remembering the Future charts the ways that the experience of time is shaped by the traditions of Judaism and Christianity and experienced within their ritual practices Through comparative explorations of traditional Jewish and Christian understandings of time contemporary oral testimonies and discussions of the work of select twentieth century Jewish and Christian thinkers this book maps the temporal landscapes of the religious imagination Maintaining that the sense of time is integral to Jewish and Christian religious experience Remembering the Future makes a notable contribution to interreligious studies and liturgical studies It sheds light on essential aspects of religious experience and finds that the intimacy of the experience of time grants it the capacity to communicate across religious boundaries subtly transgressing obstacles to interreligious understanding Faithful Performances Steven R. Guthrie, 2016-04-15 The metaphor of performance has been applied fruitfully by anthropologists and other social theorists to different aspects of human social existence and furnishes a potentially helpful model in terms of which to think theologically about Christian life After an introductory editorial chapter reflecting on the nature of artistic performance and its relationship to the notions of tradition and identity Part One of this book attends specifically to the phenomenon of dramatic performance and possible theological applications of it Part Two considers various aspects of the performance of Christian identity looking at worship the interpretation of the Bible Christian response to elements in the contemporary media the shape of Christian moral life and ending with a theological reflection on the shape of personal identity correlating it with the theatrical metaphors of character and performing a part in a scripted drama Part Three demonstrates how art forms including some technically non performative ones literature poetry painting may constitute faithful Christian practices in which the tradition is authentically performed producing works which break open its meaning in profound new ways for a constantly shifting context

Church Music Through the Lens of Performance Marcell Silva Steuernagel, 2021-03-14 This book is an investigation

into church music through the lens of performance theory both as a discipline and as a theoretical framework Scholars who address religious music making in general and Christian church music in particular use performance in a variety of ways creating confusion around the term A systematized performance vocabulary for the study of church music can support interdisciplinary investigations of Christian congregational music making in today's complex interconnected world From the perspective of performance theory all those involved in church musicking are performing be it from platform or pew The book employs a hybrid methodology that combines ethnographic research and theory from ritual studies ethnomusicology theology and church music scholarship to establish performance studies as a possible next step in church music studies It demonstrates the feasibility of studying church music as performance by analyzing ethnographic case studies using a developmental framework based on the concepts of ritual embodiment and play change This book offers a fresh perspective on Christian congregational music making It will therefore be a key reference work for scholars working in Congregational Music Studies Ethnomusicology Ritual Studies and Performance Studies as well as practitioners interested in examining their own church music practices

Shape Shifters Lily Anne Y. Welty Tamai, Ingrid Dineen-Wimberly, Paul Spickard, 2020-01-01 Shape Shifters presents a wide ranging array of essays that examine peoples of mixed racial identity Moving beyond the static either/or categories of racial identification found within typical insular conversations about mixed race peoples Shape Shifters explores these mixed race identities as fluid ambiguous contingent multiple and malleable This volume expands our understandings of how individuals and ethnic groups identify themselves within their own sociohistorical contexts The essays in Shape Shifters explore different historical eras and reach across the globe from the Roman and Chinese borderlands of classical antiquity to medieval Eurasian shape shifters the Native peoples of the missions of Spanish California and racial shape shifting among African Americans in the post civil rights era At different times in their lives or over generations in their families racial shape shifters have moved from one social context to another And as new social contexts were imposed on them identities have even changed from one group to another This is not racial ethnic or religious imposture It is simply the way that people's lives unfold in fluid sociohistorical circumstances With contributions by Ryan Abrecht George J. Sanchez Laura Moore and Margaret Hunter among others Shape Shifters explores the forces of migration borderlands trade warfare occupation colonial imposition and the creation and dissolution of states and empires to highlight the historically contingent basis of identification among mixed race peoples across time and space

The Empty Church Shannon Craigo-Snell, 2016-08 Why go to church What happens in church and why does it matter The Empty Church presents fresh answers to these questions by creating an interdisciplinary conversation among performance studies theater directors and Christian theologians The result is a compelling depiction of church as a performative relationship with Jesus Christ mediated by Scripture in hope of the Holy Spirit

Art and Architecture for Congregational Worship Richard S. Vosko, 2019-08-01 A deep strain of tribal politics is dividing societies around the globe Organized religions are also coping with scandals

disappointments and polarizing ideologies The history of Christianity reveals that such frictions deeply wound the church Fr Richard S Vosko recognizes that liturgical buildings are metaphorical expressions of the people of God He proposes in a relational way that when all physical and psychological boundaries in a place of worship are removed people will discover a common ground Building on theological foundations and design principles Vosko envisions what an egalitarian servant church can look like In a bold but thoughtful manner he presents progressive insights into the fields of church art and architecture

Essays on Psychogeography and the City as Performance John C Green,2024-01-26 With 70% of the world's population expected to live in urban environments by 2050 cities are poised to become the most significant spaces to shape personal and communal identity As contemporary cities become event destinations a dialogue is emerging between the performing arts and the urban context and social fabric Inspired by the principles of Psychogeography this collection of essays highlights the performative aspects of cities as landscapes of creative inspiration where curiosity imagination playfulness and the energy of the street combine with contemporary performance practices to create immersive public art experiences Written by an international cohort of scholar artists these essays offer arts practitioners urban specialists and general readers a practical guide to experiencing the cityscape as the Artscape

Manuscripts and Performances in Religions, Arts, and Sciences Antonella Brita,Janina Karolewski,Matthieu Husson,Laure Miolo,Hanna Wimmer,2023-12-04 Throughout history manuscripts have been made and used for religious artistic and scientific performances and this practice continues in most cultures today By focusing on the role manuscripts have in different kinds of performances this volume contributes to the evolving field of investigating written artefacts and their functions The collected essays regard manuscripts as points of intersection where textual material and performative aspects converge The contributors analyse manuscripts in their forms and functions as well as their positioning in the performances for which they were made These aspects unfold across the volume's three sections examining how manuscripts are 1 used backstage for preparing and giving instructions for performances 2 taken onstage contributing to the enactment of performances and 3 performers in their own right producing an effect on the audience The diversified interdisciplinary and innovative methodologies of the included papers carry great potential to expand the traditional approaches of manuscript studies and find application outside the contributors' respective fields

Inward Being and Outward Identity: The Orthodox Churches in the 21st Century John A. Jillions,2018-05-22 This book is a printed edition of the Special Issue Inward Being and Outward Identity The Orthodox Churches in the 21st Century that was published in Religions

Do This in Remembrance of Me Martha L. Moore-Keish,2008-03-10 The Reformed tradition has often made doctrine the starting point for eucharistic theology In this book Martha Moore Keish seeks to counter that tendency placing the Reformed tradition in conversation with liturgical theology and ritual theory to move toward a fuller appreciation of the ritual dimension of the Lord's Supper While liturgical theologians assert more strongly than most Reformed theologians that knowledge of God comes primarily through liturgy

both groups says Moore Keish have not always attended closely to local practice In keeping with ritual scholars who urge closer attention to particular practices Moore Keish argues that we need to be cautious about claiming what the eucharist universally is and does We must not allow predetermined meaning to blind us to the doing of eucharist in local churches An in depth study of a particular congregation helps flesh out Moore Keish s thesis

Identity, Performance and Technology S. Broadhurst, J. Machon, 2012-10-23 This project investigates the implications of technology on identity in embodied performance opening up a forum of debate exploring the interrelationship of and between identities in performance practices and considering how identity is formed de formed blurred and celebrated within diverse approaches to technological performance practice

This Assembly of Believers Bryan Cones, 2020-11-30 Among the symbols with which the liturgy deals none is more important than this assembly of believers This claim made in the 1970s forces the local church to consider those within its congregation and recognise the gifts and challenges of difference within the church community In This Assembly of Believers Bryan Cones seeks to take seriously the pastoral context of a congregation recognising the physical ability gender and sexuality of those who make up the congregation Starting each chapter with their lived experience Cones poses important questions of the liturgy in light of these experiences before realigning the liturgy to demonstrate the positive theological significance of the marginalised within the congregation

Worship and Christian Identity E. Byron Anderson, 2003 This book develops the claim that sacramental and liturgical practices are central means by which a church shapes the faith character and consciousness of its members It explores the relationship between corporate worship and the formation of Christian persons and communities within an ecclesial tradition and the relationship between worship and our knowledge of ourselves our world and God The author argues that attention to the reform and renewal of worship and sacramental practice provides a framework for the theological evangelical and sacramental renewal of mainline Protestant churches

Sacred Music and Liturgical Reform Rev. Anthony Ruff, O.S.B., 2022-01-07 Anthony Ruff O S B has written a brilliant comprehensive well researched book about the treasures of the Church s musical tradition and about the transformations brought about by liturgical reform The liturgy constitution Sacrosanctum Concilium stated many revolutionary principles of liturgical reform Regarding liturgical music the Council s decrees mandated on the one hand the preservation of the inherited treasury of sacred music and on the other hand advocated adaptation and expansion of this treasury to meet the changed requirements of the reformed liturgy In clear precise language he retrieves the Council s neglected teachings on the preservation of the inherited music treasury He clearly shows that this task is not at odds with good pastoral practice but is rather an integral part of it The book proposes an alternate hermeneutic for understanding the Second Vatican Council s teachings on worship music

The Oxford Handbook of Religion and the Arts Frank Burch Brown, 2018 This volume offers 37 original essays from leading scholars on the crucial topics issues methods and resources for studying and teaching religion and the arts

Performing Orthodox Ritual in Byzantium Andrew Walker

White,2015-10-08 In this groundbreaking interdisciplinary study Andrew Walker White explores the origins of Byzantine ritual the rites of the early Greek Orthodox Church and its unique relationship with traditional theatre Tracing the secularization of pagan theatre the rise of rhetoric as an alternative to acting as well as the transmission of ancient methods of musical composition into the Byzantine era White demonstrates how Christian ritual was in effect a post theatrical performing art created by intellectuals who were fully aware of traditional theatre but who endeavoured to avoid it The book explores how Orthodox rites avoid the aesthetic appreciation associated with secular art and conducts an in depth study and reconstruction of the late Byzantine Service of the Furnace Often treated as a liturgical drama White translates and delineates the features of five extant versions to show how and why it generated widely diverse audience reactions in both medieval times and our own

T&T Clark Handbook of Political Theology Rubén Rosario Rodríguez,2019-10-03 The T and the contributors then build on previously discussed historical resources and methods to engage with contemporary issues and challenges emphasizing interreligious dialogue even while addressing concerns of relevance to a particular faith tradition The volume concludes with three essays that look at the future of political theology from the perspective of each Abrahamic religion Complete with select bibliographies for each topic this companion features the most current overview of political theology that will reach a broader global audience of students and scholars
