EDITION

Chimpanzee Politics Power And Sex Among Apes

Celia E. Deane-Drummond

Chimpanzee Politics Power And Sex Among Apes:

Chimpanzee Politics Frans B. M. Waal, 2000-04-10 The first edition of Frans de Waal's *Chimpanzee Politics* was acclaimed not only by primatologists for its scientific achievement but also by a much broader audience of politicians business leaders and social psychologists for its remarkable insights into very basic human needs and behaviors In this revised edition featuring a new gallery of color photographs along with a new introduction and epilogue de Waal expands and updates his story of the Arnhem colony and its continuing political upheavals We learn the fate of many memorable chimpanzees and meet the colony's current leaders and their allies The new edition remains a detailed and thoroughly engrossing account of sexual rivalries and coalitions of actions governed by intelligence rather than instinct and it reaffirms the complex bond between humans and their closest living relatives As we watch the chimpanzees of Arnhem behave in ways we recognize from Machiavelli and from the nightly news de Waal reminds us again that the roots of politics are older than humanity

Chimpanzee Politics Frans de Waal, 2007-09-30 The first edition of Frans de Waal's *Chimpanzee Politics* was acclaimed not only by primatologists for its scientific achievement but also by politicians business leaders and social psychologists for its remarkable insights into the most basic human needs and behaviors Still considered a classic this updated edition is a detailed and thoroughly engrossing account of rivalries and coalitions actions governed by intelligence rather than instinct As we watch the chimpanzees of Arnhem behave in ways we recognize from Machiavelli and from the nightly news de Waal reminds us again that the roots of politics are older than humanity

Chimpanzee Politics Frans B. M. Waal, 1984-01-01 *Chimpanzee Politics* Frans B. M. Waal, 1984 *Chimpanzee Politics* Frans B. M. Waal, 1982

Chimpanzee Politics Frans B. M. Waal, 2007-09-30 The first edition of Frans de Waal's *Chimpanzee Politics* was acclaimed not only by primatologists for its scientific achievement but also by politicians business leaders and social psychologists for its remarkable insights into the most basic human needs and behaviors Still considered a classic this updated edition is a detailed and thoroughly engrossing account of rivalries and coalitions actions governed by intelligence rather than instinct As we watch the chimpanzees of Arnhem behave in ways we recognize from Machiavelli and from the nightly news de Waal reminds us again that the roots of politics are older than humanity

Chimpanzee Politics: Power and Sex Among Apes:

Foreword by Desmond Morris Frans B. M. Waal, 1983 *Shadow Sophia* Celia E. Deane-Drummond, 2021-02-25 Why do humans who seem to be exemplars of virtue also have the capacity to act in atrocious ways What are the roots of tendencies for sin and evil A popular assumption is that it is our animalistic natures that are responsible for human immorality and sin while our moral nature curtails and contains such tendencies through human powers of freedom and higher reason This book challenges such assumptions as being far too simplistic Through a careful engagement with evolutionary and psychological literature Celia Deane Drummond argues that tendencies towards vice are more often than not distortions of the very virtues that are capable of making us good After beginning with Augustine's classic theory of original sin the book probes the

philosophical implications of sin's origins in dialogue with the philosophy of Paul Ricoeur Different vices are treated in both individual and collective settings in keeping with a multispecies approach Areas covered include selfishness pride violence anger injustice greed envy gluttony deception lying lust despair anxiety and sloth The work of Thomas Aquinas helps to illuminate and clarify much of this discussion on vice including those vices which are more distinctive for human persons in community with other beings Such an approach amounts to a search for the shadow side of human nature shadow sophia Facing that shadow is part of a fuller understanding of what makes us human and thus this book is a contribution to both theological anthropology and theological ethics

The Political Battle of the Sexes Leslie A. Caughell, 2016-03-25 Sex remains one of the most salient demographic dividing points in American politics today President Obama has women particularly unmarried women to thank for his re-election victory The gender difference in voter support for the Democratic and Republican presidential candidates grew from twelve points in 2008 to eighteen points in 2012 This gender gap in candidate preference likely emerges because of gender gaps in policy preferences Yet despite much scholarly and popular interest in this topic the cause or causes of gender gaps in policy preference remain unclear *The Political Battle of the Sexes: Exploring the Sources of Gender Gaps in Policy Preferences* examines gender gaps in policy preferences in the United States outlines their form and explores their causes This work makes four contributions to the literature on gender gaps First it provides the first comprehensive look at gender gaps across time and various issue areas completed since the 1980s Second it provides a theoretical framework for explaining the causes of gender gap emergence that incorporates both nature biology and nurture socialization and provides the basis with which to predict the attitudes on which gender gaps will likely emerge Third it explores the causes of gender gaps in foreign and social policy two of the policy domains where gender gaps continue to increase Finally it introduces a new way of conceptualizing biology based on emerging research in the hard sciences Studying gender gaps remains difficult Women comprise a very diverse group and are divided by far more factors than the sex categorization that unites them However electoral realities demand that scholars studying political behavior pay attention to sex based differences in political preferences Women exhibit consistent preference tendencies relative to men and women remain more likely to show up on Election Day than men As such gender gaps have substantial political and practical implications for women in the United States And while explaining their causes requires drawing from a wide array of fields ranging from biology to economics understanding the origins and consequences of gender gaps does much to further empirical research in public opinion and mass behavior

Primate Politics Glendon A. Schubert, Roger D. Masters, 1991 The first book to focus on the political behavior of primates also undertakes to compare human social behavior with that of nonhuman primates The editors contribute probing introductory essays to each of the three major parts of the volume in addition to their article length introductory and concluding chapters In his conclusion Masters indicates directions for future work Part I is devoted to theoretical clarification of the interrelationships between the study of primates and humans Part II

presents two examples of comparisons between animal and human social behavior that throw valuable light on contemporary political and social systems Part III focuses more precisely on contemporary human politics providing two concrete examples of ethological perspectives on human political behavior In both cases nonverbal cues studied by primatologists are shown to illuminate the dynamics of human politics Contributors include Nicholas G Blurton Jones Frans B M de Waal Basil G Englis Jane Goodall Bruno Latour Roger D Masters Gregory J McHugo Elise F Plate Thelma E Rowell Glendon Schubert James N Schubert Shirley S Strum and Denis G Sullivan Collective Structures of Imagination in Jungian Interpretation, 2022-10-04 This book presents an analysis of the social aspects of Carl Gustav Jung's thought and its followers the interpretation of the phenomena of contemporary social life social imagery from the perspective of the main categories of this thought archetype unconscious collectivity mass society mass man It also contains an attempt of their application for understanding contemporary social and political phenomena e g Brazilian sebastianism Balkan conflicts virtual imagery sphere of communication figures of imagery in popular culture and others The authors examine the relationship between Jung's and Jungians E Neumann J Hillman J L Henderson conceptions and many accompanying them e g Frankfurt school Bachelard's philosophy American cultural psychoanalysis and the background of contemporary social psychology sociology and cultural anthropology **Biology and Politics** Albert Somit, Steven A. Peterson, 2011-03-25 Examines the research in the study of biology and politics This book explores the linkage between evolution genetics and politics with initial chapters on abandoned baby legislation a model of action and norms and the biopolitics of primates It also features chapters on how to use neuroimaging techniques to study political behaviour *Primate Visions* Donna J. Haraway, 2013-01-11 Haraway's discussions of how scientists have perceived the sexual nature of female primates opens a new chapter in feminist theory raising unsettling questions about models of the family and of heterosexuality in primate research **The World of Biology and Politics** Steven A. Peterson, Albert Somit, 2013-10-10 This volume describes a the present academic and institutional status of Biopolitics and b the wide range of research areas that have emerged within the field *Machiavelliana* Michael Jackson, Damian Grace, 2018-06-05 In *Machiavelliana* Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccol Machiavelli's name in society generally and in academic fields distant from his intellectual origins It assesses the appropriation of Machiavelli in didactic works in management social psychology and primatology scholarly texts in leaderships studies as well as novels plays commercial enterprises television dramas operas rap music Mach IV scales children's books and more The book audits surveys examines and evaluates this Machiavelliana against wider claims about Machiavelli It explains the origins of Machiavelli's reputation and the spread of his fame as the foundation for the many uses and misuses of his name They conclude by redressing the most persistent distortions of Machiavelli *Revenge, Compensation, and Forgiveness in the Ancient World* Thomas Kazen, Rikard Roitto, 2024-03-21 Handling moral infringement is complicated and this was as true in antiquity as it is today Should one retaliate demand compensation be merciful ignore

the infringement or forgive Thomas Kazen and Rikard Roitto compare how Greeks Romans Jews and Christians in antiquity navigated different ideas practices and rituals for moral repair How did they think about morality and did this affect ideas about moral repair What practices of moral repair did they use within and beyond the court In what different ways did they involve the gods in interpersonal conflicts through ritual Insights from contemporary research on human behaviour guide the comparative work since as the authors argue human moral behaviour and cognition is the result of both innate and cultural factors

Mahale Chimpanzees Michio Nakamura, Kazuhiko Hosaka, Noriko Itoh, Koichiro Zamma, 2015-09-10 A major contribution to great ape research covering every aspect of the Mahale Mountain Chimpanzee Project to offer new unique insights

Adaptive Rhetoric Alex C. Parrish, 2013-11-07 Rhetorical scholarship has for decades relied solely on culture to explain persuasive behavior While this focus allows for deep explorations of historical circumstance it neglects the powerful effects of biology on rhetorical behavior how our bodies and brains help shape and constrain rhetorical acts Not only is the cultural model incomplete but it tacitly endorses the fallacy of human exceptionalism By introducing evolutionary biology into the study of rhetoric this book serves as a model of a biocultural paradigm Being mindful of biological and cultural influences allows for a deeper view of rhetoric one that is aware of the ubiquity of persuasive behavior in nature Human and nonhuman animals and even some plants persuade to survive to live love and cooperate That this broad spectrum of rhetorical behavior exists in the animal world demonstrates how much we can learn from evolutionary biology By incorporating scholarship on animal signaling into the study of rhetoric the author explores how communication has evolved and how numerous different species of animals employ similar persuasive tactics in order to overcome similar problems This cross species study of rhetoric allows us to trace the origins of our own persuasive behaviors providing us with a deeper history of rhetoric that transcends the written and the televised and reveals the artifacts of our communicative past

Cultural Anthropology Jack David Eller, 2016-01-08 Cultural Anthropology Global Forces Local Lives presents all the key areas of cultural anthropology as well as providing original and nuanced coverage of current and cutting edge topics An exceptionally clear and readable introduction it helps students understand the application of anthropological concepts to the contemporary world and everyday life Thorough treatment is given throughout the text to issues such as globalization colonialism ethnicity nationalism neoliberalism and the state Changes for the third edition include a brand new chapter on medical anthropology and an updated range of cases studies with a fresh thematic focus on China The book contains a number of features to support student learning including A wealth of color images Definitions of key terms and further reading suggestions in the margins Summaries at the end of every chapter An extensive glossary bibliography and index

Darwinian Conservatism Kenneth C. Blanchard Jr., 2015-11-30 A reprint of Larry Arnhart's essay Darwinian Conservatism with comment and criticism from a variety of contributors

Chimpanzee Politics Power And Sex Among Apes: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. Chimpanzee Politics Power And Sex Among Apes : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Pappen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
