Chinese Walled Cities 221 Bc Ad 1644 By Turnbull Stephen Osprey Publishing 2009 Paperback Paperback:

Chinese Walled Cities 221 BC- AD 1644 Stephen Turnbull, 2012-10-20 It has been said in China that a city without a wall would be as inconceivable as a house without a roof Even the smallest village invariably had some form of defensive wall while the Great Wall of China was an attempt to build a barrier along the most vulnerable border of the entire country Yet the finest examples of walled communities were China's walled cities whose defensive architecture surpassed anything along the Great Wall This book traces the evolution of the walled city from the 3 000 year old remains of the beaten earth walls of the Shang dynasty to the huge stone fortifications of the Ming dynasty Stephen Turnbull expert military historian reveals the defensive structures from all the major ancient Chinese cities and discusses how they protected entire communities and not just castle dwellers with colour artwork reconstructions maps and archive photographs **Nanjing 1937** Peter

Harmsen, 2015-11-17 A true story of the Sino Japanese conflict A valuable account of a little known event and a grim reminder of the darker side of war Military History Monthly The infamous Rape of Nanjing looms like a dark shadow over the history of Asia in the twentieth century and is among the most widely recognized chapters of World War II in China By contrast the story of the month long campaign before this notorious massacre has never been told in its entirety Nanjing 1937 by Peter Harmsen fills this gap This is the follow up to Harmsen's bestselling Shanghai 1937 Stalingrad on the Yangtze and begins where that book left off In stirring prose it describes how the Japanese Army having invaded the mainland and emerging victorious from the Battle of Shanghai pushed on toward the capital Nanjing in a crushing advance that confirmed its reputation for bravery and savagery in equal measure While much of the struggle over Shanghai had carried echoes of the grueling war in the trenches two decades earlier the Nanjing campaign was a fast paced mobile operation in which armor and air power played major roles It was blitzkrieg two years before Hitler's invasion of Poland Facing the full might of modern mechanized warfare China's resistance was heroic but ultimately futile As in Shanghai the battle for Nanjing was more than a clash between Chinese and Japanese Soldiers and citizens of a variety of nations witnessed or took part in the hostilities German advisors American journalists and British diplomats all played important parts in this vast drama And a new power appeared on the scene Soviet pilots dispatched by Stalin to challenge Japan's control of the skies This epic tale is told with verve and attention to detail by Harmsen a veteran East Asia correspondent who consolidates his status as the foremost chronicler of World War II in China with this path breaking work of narrative history
