Wine Law and Policy Julien Chaisse, Fernando Dias Simões, Danny Friedmann, 2020-11-23 Winner of the Vitivinicultural Law OIV Award 2021 from the International Jury of the International Organisation of Vine and Wine Click here to read This 26 chapter volume brings together leading academics and practitioners to examine how wine law and policy have gradually moved from national terroirs to a global market It is the first holistic study of the comprehensive field of wine law which posits that the wine laws and regulations have caused an enormous imbalance between different jurisdictions which has either resulted in the overregulation which stifles innovation and under regulation which leaves many a wine consumer clueless about what they are drinking This book brings together legal scholarship about trade law intellectual property rights and health law and policy which are all relevant for the future of the wine industry

Wine Wars Mike Veseth, 2011-06-16 Writing with wit and verve Mike Veseth a k a the Wine Economist tells the compelling story of the war between the market trends that are redrawing the world wine map and the terroirists who resist them Wine and the wine business are at a critical crossroad today transformed by three powerful forces Veseth begins with the first force globalization which is shifting the center of the wine world as global wine markets provide enthusiasts with a rich but overwhelming array of choices Two Buck Chuck the

second force symbolizes the rise of branded products like the famous Charles Shaw wines sold in Trader Joe's stores. Branded corporate wines simplify the worldwide wine market and give buyers the confidence they need to make choices but they also threaten to dumb down wine sacrificing terroir to achieve marketable McWine reliability. Will globalization and Two Buck Chuck destroy the essence of wine? Perhaps but not without a fight. Veseth argues He counts on the revenge of the terroirists to save wine's soul. But it won't be easy as wine expands to exotic new markets such as China and the very idea of terroir is attacked by both critics and global climate change. Veseth has grape expectations that globalization, Two Buck Chuck and the revenge of the terroirists will uncork a favorable future for wine in an engaging tour de force that will appeal to all lovers of wine whether it be boxed, bagged or bottled. *The Palgrave Handbook of Wine Industry Economics* Adeline Alonso Ugaglia, Jean-Marie Cardebat, Alessandro Corsi, 2019-03-15. This Palgrave Handbook offers the first international comparative study into the efficiency of the industrial organization of the global wine industry. Looking at several important vineyards of the main wine countries the contributors analyze differences in implementation and articulation of three key stages: grape production, wine making and distribution, marketing, selling and logistics. By examining regulations, organization theory, industry, organizational efficiency and vertical integration up to date strategies in the sector are presented and appraised. Which models are most efficient? What are the most relevant factors for optimal performance? How do reputation and governance impact the industry? Should different models co exist within the wine countries for global success? This comprehensive volume is essential reading for students, researchers and professionals in the wine industry.
