Demystifying China's Stock Market Eric Girardin,Zhenya Liu,2019-09-13 Mainstream research has rationalized China s stock market on the basis of paradigms such as the institutional approach the efficient market hypothesis and corporate valuation principles The

deviations from such paradigms have been analyzed as puzzles of China's stock market. Girardin and Liu explore to what extent in the perspective of Chinese cultural and historical characteristics far from being puzzles these deviations are rather the symptoms of a consistent strategy for the design, development and regulation of a government dominated financial system. This book will help investors, observers and researchers understand the hidden logic of the design and functioning of China's modern stock market taking a political economy view. *The Future of China's Bond Market* Mr. Alfred Schipke, Mr. Markus Rodlauer, Ms. Longmei Zhang, 2019-03-13

China's bond market is destined to play an increasingly important role both at home and abroad. And the inclusion of the country's bonds in global indexes will be a milestone for its financial market integration bringing big opportunities as well as challenges for policymakers and investors alike. This calls for a good understanding of China's bond market structure, its unique characteristics and areas where reforms are needed. This volume comprehensively analyzes the different segments of China's bond market from sovereign policy bank and credit bonds to the rapidly growing local government bond market. It also covers bond futures, green bonds and asset backed securities as well as China's offshore market which has played a major role in onshore market development. *OECD Economic Surveys: China 2005* OECD, 2005-09-16 OECD's first Economic Survey of China documents the encouraging extent to which structural reforms in China have triggered a durable process of economic development and points out where additional reform is needed. **Global Banking, Financial Markets and Crises** Bang Nam Jeon, Maria Pia Olivero, 2013-10-23

This edited volume on Global Banking, Financial Markets and Crises contains original papers that examine issues concerning the changing role of global banks in crises. The papers in this volume also address the impact of global financial crises on multinational banking, financial markets and emerging economies. *China's Rise: Development-oriented Finance And Sustainable Development* Lixing Zou, 2014-09-16 As a government institution specializing in development oriented finance the China Development Bank CDB has combined advanced international financial theories with China's practical conditions and has done remarkably well in removing financing bottlenecks, establishing market credit systems and ensuring faster and better economic and social development. Its practice and theory in development oriented finance represent a major distinctive feature of China's socialist market economy. Written in the setting of great history, great changes and great challenges, this book contains a systematic study of the theory and practice of development oriented finance that has evolved along with China's reform and opening up. It provides an in depth analysis of the ideological basis, theoretical contents, operating principles and innovative development of China's financial system. China's Rise, Development Oriented Finance and Sustainable Development will promote further discussions and researches on China's modern economic and financial systems and in turn the sustainable development of the Chinese economy and the world economy at large. **Developing Digital Marketing** Park Thaichon, Vanessa Ratten, 2021-06-11
