DLD and Me: Supporting Children and Young People with Developmental Language Disorder Anna Sowerbutts, Amanda Finer, 2019-09-25 Despite an increasing awareness of Developmental Language Disorder there are very few tools available to help people understand and live with a diagnosis of DLD DLD and Me is a functional engaging resource for children and young people with DLD and the professionals and families that work with them The book consists of an easy to follow 12 week programme designed to help children and young people understand their strengths what makes them different what DLD is and how they can support their own communication in everyday life Key features include clearly worded session plans for therapists or education staff to follow engaging visual resources to accompany the session plans each available to photocopy and download home sheets to keep families involved and informed information sheets and training plans for parents and education staff outcome measures to evaluate progress This invaluable tool has been designed to be used by Speech and Language Therapists teachers and other professionals or parents working with children and young people with DLD

*Big Conversations with Little Children* Lauren Starnes, 2022-04-15 Be prepared to respond to a wide range of potentially tough questions and sensitive concerns posed by young children To work with young children is to constantly expect the unexpected Tough questions are part of early childhood educators regular interactions with children and families Based on children s actual questions Big Conversations with Little Children is readily accessible with guidelines for having difficult conversations with children individually or as a classroom or group and with families The book provides guidance on how to approach specific topics related to family such as unemployment divorce and incarceration illness and death such as loss of an unborn child major illness in a child and death of a pet social issues such as racism family structures and gender fluidity upheaval and violence such as natural disaster terror events and school shootings Fully based in developmentally appropriate practice Big Conversations with Little Children helps educators support young children in a way that preserves their dignity and innocence when they encounter world and social events in addition to honoring the family s preferred approach An expert in the field of early childhood education author Dr Lauren Starnes empowers educators and families to answer sensitive or tough questions children pose respond to their worries and concerns and be prepared for an ongoing dialogue Digital content includes family take home information sheets for each topic

Child Pornography Ethel Quayle, Max Taylor, 2004-06-02 Child pornography particularly that available via the Internet has become a cause of huge social concern in recent years This book examines the reality behind the often hysterical media coverage of the topic Drawing on extensive new research findings it examines how child pornography is used on the Internet and the social context in which such use occurs and develops a model of offending behaviour to better help understand and deal with the processes of offending Detailed case studies and offenders own accounts are used to illustrate the processes involved in offending and treatment The authors argue that we need to refine our ideas of offending and that while severe deterrents need to be

associated with possession of child pornography a better understanding is needed of the links between possession and committing a contact offence Only by improving our understanding of this complex and very controversial topic can we hope to deal effectively with offenders and with their child victims This is a book which will become an essential read for anyone involved with offenders or victims from a psychological judicial or social background Talking the Tough Stuff with Teens Fiona Spargo-Mabbs,2022-12-08 They've always wanted me to be open and honest with them I've spent years explaining stuff to them and sometimes they still don't understand everything Milly 16 Your parents aren't actually hatching a plan to ruin your life Jim 52 From minor matters tidiness homework sleep to big and important ones relationships mental ill health drugs and alcohol teenagers and their parents often struggle to talk to each other and talking is key if your young person is facing new challenges as they leave childhood behind A well timed conversation a listening ear a non judgemental and receptive attitude all these can make an enormous and lasting impact on how safely and happily a teenager navigates this crucial stage of their development Oh if only it were that easy It's not always easy to talk to your teenager or for them to talk to you but it is critical and may even be life saving This book draws extensively on hundreds of conversations that Fiona Spargo Mabbs has conducted with young people and parents in focus groups and school and college workshops to give a framework for tackling tough conversations about difficult things without judgement or anger It gives context and insight based on the latest neuroscience findings on the teenage brain and importantly it gives hundreds of prompts and plenty of practical suggestions and strategies to make communication between parents and young people a two way street that builds the foundations for a strong relationship with your adult child Covering everything from the small stuff like curfews and screen time to the tough stuff of sex self harm and suicide this is a warm compassionate and important book that draws on lived experience and the lives of young people as they are not as we think they might or should be Therapeutic Activities for Children and Teens Coping with Health Issues Robyn Hart,Judy Rollins,2011-05-03 Winner of the American Journal of Nursing Book of the Year 2011 Category Maternal And Child Health Building on children's natural inclinations to pretend and reenact play therapy is widely used in the treatment of psychological problems in childhood This book is the only one of its kind with more than 200 therapeutic activities specifically designed for working with children and teenagers within the healthcare system It provides evidence based age appropriate activities for interventions that promote coping The activities target topics such as separation anxiety self esteem issues body image death isolation and pain Mental health practitioners will appreciate its cookbook format with quickly read and implemented activities *The Kids Will Be All Right* Robyn Fausett,Molly Fausett,2022-07-19 An essential guide to parenting today's teens This book has it all No topic is shied away from Robyn and Molly share their unique style and deliver an insightful inclusive and incredibly current view of parenting and childhood A must read Nathan Wallis Neuroscience Educator In this fast changing world how do we as parents and caregivers keep on the same page as our teens The challenges and experiences they face can seem a million miles away from

our own adolescence It can feel overwhelming and hard to keep the communication channels open At the same time it s vital that we have the tools to talk openly and confidently with our teens The Kids Will Be All Right provides up to date evidence based information insights conversation starters and resources to help you navigate and untangle hot topics such as friendships and frenemies bullying cyber safety drinking vaping and risk taking behaviour self esteem and body image sexuality consent and safe relationships and pornography Co written by Robyn a nurse and educator who provides education programmes throughout schools and communities in New Zealand on health and wellbeing including body image cyber safety sexuality puberty and respectful relationships and her daughter Molly who weaves her perspective throughout The Kids Will Be All Right is an insightful accessible and empathetic guide that empowers parents and caregivers to relate to and communicate effectively with their teen

**Advances in Forensic Human Identification** Xanthe Mallett,Teri Blythe,Rachel Berry,2014-01-24 As forensic human identification receives increased global attention practitioners policy makers and students need an appropriate resource that describes current methods and modalities that have shaped today s policies and protocols A supplemental follow up to Forensic Human Identification An Introduction Advances in Forensic Human Identification covers advances in the most well known scientific techniques and discusses new and developing subjects and modalities of human identification A collection of contributions from worldwide experts the book embraces a broad context and looks at several issues beyond physical identification of human remains or offenders The book examines online sexual and biometric identities and discusses problems associated with investigative practice such as the developing use of the Internet as a distribution and communication medium for criminal activities It also explores miscarriages of justice that can result from flawed applications or interpretations of forensic evidence Finally it looks at the future of forensic science in the United Kingdom in light of financial challenges and the closure of the Forensic Science Service Where appropriate case studies illustrate the use of techniques and the associated problems described in the text The downloadable resources include images in full color This volume provides an important contribution to the ongoing practitioner and academic debates surrounding the application of forensic technologies The insight presented is destined to springboard further inquiry into enhanced techniques and underlies the need for more research into the appropriate use of identification techniques to solve the mysteries of the unknown

**Digital Child Pornography** Chad M.S. Steel,2014-01-30 Child pornography is a critical legal and ethical problem that has experienced a resurgence coincident with the growth of the Internet After international efforts to amend child protection laws in the late 1970 s and early 1980 s the prevalence of child pornography cases dropped precipitously and the distribution of child pornography was largely limited to the back rooms of adult bookstores small cells of individual traders and a limited known list of overseas mail order providers With the growth of the Internet the ease cost and relative anonymity of transactions greatly increased the availability of child pornography and the number of child pornography offenders Digital Child Pornography A Practical Guide for Investigators seeks to address

the problems faced in investigating child pornography offenses in the always on always connected age The contents of this book are organized into three sections as follows Foundations The background and modern history of child pornography are covered The prevalence and types of child pornography are addressed and a typology of child pornographers is presented including the psychological reasons for the individuals to be engaged in child pornography An overview of the current federal laws addressing child pornography is presented and key cases of recent interest are detailed How to select investigators to investigate child pornography offenses and how to keep them safe are also reviewed Digital Forensics Digital forensics as applied to child pornography is addressed A methodology for planning for and conducting search warrants in child pornography offenses is provided and key elements of proof needed that can be gathered digitally are presented A framework for conducting dead box analysis for evidence of child pornography offenses is provided Interviews and Interrogations The subjects of child pornography cases take special care and feeding and they require special considerations when interviewing The process of interviewing and interrogating child pornography subjects from the planning stages through to obtaining a confession is documented Digital Child Pornography A Practical Guide for Investigators is written by an investigator specifically for other child pornography investigators and provides the most comprehensive guide to these investigations currently available

Promoting Motor Development in Children in the COVID-19 era: Science and Applications Guido Fumagalli, Nancy Getchell, Arja Sääkslahti, Patrizia Tortella, 2022-11-07
