God Without Measure: Working Papers in Christian Theology John Webster, 2015-11-19 Volume 1 This volume treats the themes of God's inner being and God's outer acts After an overall account of the relations between God in himself and the economy of God's external works there are studies of the divine aseity and of theology of the eternal Son These are followed by a set of essays on creation out of nothing the relation between God and God's creatures the nature of providence the relation of soteriology and the doctrine of God and the place of teaching about justification in Christian theology **God without Parts** James E. Dolezal, 2011-11-09 The doctrine of divine simplicity has long played a crucial role in Western Christianity's understanding of God It claimed that by denying that God is composed of parts Christians are able to account for his absolute self-sufficiency and his ultimate sufficiency as the absolute Creator of the world If God were a composite being then something other than the Godhead itself would be required to explain or account for God If this were the case then God would not be most absolute and would not be able to adequately know or account for himself without reference to something other than himself This book develops these arguments by examining the implications of divine simplicity for God's existence attributes knowledge and will Along the way there is extensive interaction with older writers such as Thomas Aquinas and the Reformed scholastics as well as more recent philosophers and theologians An attempt is made to answer some of the currently popular criticisms of divine simplicity and to reassert the vital importance of continuing to confess that God is without parts even in the modern philosophical theological milieu The Attributes of God Volume 1 A. W. Tozer, 2007-02-14 The most important question For A. W. Tozer no question is more important than What is God like The desire to know God consumed his entire life and ministry That's why those who read him come to know God more intimately Originally preached as sermons at Southside Alliance Church in Chicago this first volume of The Attributes of God examines ten attributes of God It also includes a study guide for an in-depth look at each attribute Infinite Immense Good Just Merciful Gracious Omnipresent Immanent Holy Perfect Steeped in Scripture and filled with the Spirit Tozer preached with striking clarity and power The sense of his sermons comes through on every page bringing the Word of God to bear upon you If a sermon can be compared to light then A. W. Tozer released a laser beam from the pulpit a beam that penetrated the heart Warren Wiersbe former pastor of The Moody Church *The Divine Secret of Nothing* Vincent Morales, 2010 A man shares his synthesis of ancient and quasi-empirical thinking that helped him to become more open to receive the grace that he needed to conquer the passions of the flesh to return to God what belongs to Him The man utilizes scriptural verses the wisdom of saints and philosophers and insightful illustrations to empower and encourage the reader in the good fight to conquer the passions of self for the reward that God gives to a person for conquering the passions and returning what belongs to Him is nothing less than as St. Teresa of Avila said the reward of Himself This book might be difficult for some people to read due to its controversial content Nevertheless it is an illuminating and thought-provoking read for people who

want to know God as Complete Goodness as well as the man's revelatory thoughts on the Bible the devil the fallen angels creation and the afterlife

get any nearer to an explanation and simply because God said that much and no more Theologians have written thousands of volumes in analyzing and inquiring into the matter but merely as speculation just as we speculate about planetary motion and the number of the stars and the spots on the moon Only there is some chance of learning something about these things none of learning anything further about the Trinity Jesus Christ said The Father and I are one One what Not one person **God of All Things** Andrew Wilson,2021-03-02 Abstract theology is overrated for God can be found in even the most ordinary of things Jesus used things like a lily sparrow and sheep to teach about the kingdom of God And in the Old Testament God repeatedly describes himself and his saving work in relation to physical things such as a rock horn or eagle In God of All Things pastor and author Andrew Wilson invites you to rediscover God in this way too through ordinary everyday things He explores the idea of a material world and presents a variety of created marvels that reveal the gospel in everyday life and fuel worship and joy in God marvels like Dust the image of God Horns the salvation of God Donkeys the peace of God Water the life of God Viruses the problem of God Cities the kingdom of God God of All Things will leave you with a deeper understanding of Scripture the world you live in and the God who made it all **Knowing the Unknowable God** James R. Lucas,2010-05-19 Meet the God Who Is Greater Than Your Biggest Questions The Bible never shies away from seeming contradictions We are told both to resist our enemies and to love them and that our all knowing God can sometimes forget Unable to reconcile such biblical paradoxes some people abandon Christianity while others pretend that the seeming contradictions don t exist preferring to believe in an uncomplicated easy to comprehend God Yet countless others are hungry for new insight into the God behind the Bible s mysterious paradoxes Responding to this spiritual hunger James Lucas delves into the mysteries of Scripture demonstrating that biblical contradictions are actually exquisite paradoxes that enlarge our understanding of God With this book as your guide you can embrace the paradoxes of Scripture and pursue honest answers to your hardest questions The study of biblical paradox leads to greater devotion to the majestic God who makes himself known even while he surpasses human understanding Today you can begin Knowing the Unknowable God **The Logic of God** Ravi Zacharias,2019 Wondering if the Bible still matters or whether God is truly loving and personal We all have these questions and apologist Ravi Zacharias has the answers in his latest release The Logic of God he offers 52 profound readings that explain how and why Christianity the Bible and God are still relevant essential and life altering **Be Still & Know That I Am God** Dr. Michael Alton II,2022-11-03 Be Still Know That I Am God was the name spoken to Dr Alton by our father God when he was praying and asking what title to give his book Certain situations in life renders one helpless and unable to fight for themselves These are the times when one has to completely let go and let God work things out It takes total trust in our father God in heaven that it is his will and not ours whatever the outcome God's word tells us not to worry about anything as it will not add a single day to our life God tells us to pray without ceasing and give thanks for all circumstances in life even the tough ones God also tells us to consider it a blessing to have trials as it produces endurance We are to remain

steadfast under trial and when we have stood the test we shall receive the crown of life which God has promised to those who love him No matter what you are facing in life give it to God relax and know he is truly in control **NO GOD?**

KNOW GOD Neil Curtis with Daihana Torres, 2013-01-28 Do you have doubts about God Ever tried communicating with the Creator Do you feel as if your prayers go unanswered This book was written for you In the early chapters of this book the Godly renown author Neil Curtis describes his remarkable experiences with God the Creator which prepares the reader for a spiritual reality check Through Curtis experiences visions and self help exercises readers will find a non religious simple and precise guide to personal examination and spiritual growth Anyone can learn how to effectively communicate with God in order to get answers and positive results says the author Additionally the shocking truth about society and how to overcome life's tempting obstacles will be revealed As the book progresses and as time goes on Curtis watches the Creator's signs intensify until one day God communicates with Curtis like never before A powerful series of mystical and unbelievable events occur leaving the reader anxious to develop their own connection with the Creator Curtis shares that his purpose was revealed to him by the Creator and that everyone will know their purpose after reading applying and sharing the principles found within these pages This work will inspire people to get in touch with our Creator says Curtis His life purpose is to help the world unite through one common denominator God the Creator The Silence of God Sir Robert Anderson, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1897 edition Excerpt CHAPTER IV HAT Paley and those who follow him have A mistaken and misstated the evidential value of the miracles of Christ may seem to some a startling proposition but it is by no means a novel one To this error moreover it is that the argument against miracles in John Stuart Mill's Essays on Religion owes its seeming cogency The unbelief of the Christianised sceptic compares unfavourably with the agnosticism of the honest infidel The one in rejecting miracles destroys the authenticity of the Gospels and thus recklessly undermines the foundations of Christianity The object of the other is a defence of human reason against supposed encroachments upon its authority The one trades in sophistries which have been again and again refuted and exposed The other propounds arguments which have never yet been adequately answered The pseudo Christian practically joins hands with the atheist for no amount of special pleading will avail to silence Paley's challenge Once believe there is a God and miracles are not incredible The avowed agnostic seizes upon Paley's gratuitous assertion that a revelation can only be made by miracles and he sets himself to prove that miracles are wholly invalid for such a purpose Among English men of letters Mill's position is almost unique From the account of his childhood p 160 in that saddest of books his Autobiography it would appear that he approached the study of Christianity from the standpoint of a cultured pagan He was wholly unconscious therefore that his argument against the theologian's position was entirely in accord with the teaching of Scripture A revelation cannot be proved Divine unless by external evidence such is his mode of restating Paley's thesis And the problem

The Attributes of God Volume 1 A. W. Tozer, David E. Fessenden, 2007 Often quoted by Chuck Swindoll Charles Stanley Billy Graham and other great preachers A W Tozer s words are being heard and read by millions today words like Origin is a creature word All things have an origin But when you come back to God you come back to the One who has not origin He is the Cause of all things the uncaused Cause God is Transcendent You ll never find Him on your own He is far away in one sense but in another He is as near as your heartbeat for the cross has bridged the gulf If there is anything God could learn it would mean that God didn t know it before If he didn t know it before then He didn t know everything He wouldn t be perfect and if He isn t perfect then He isn t God The chapters of this book were originally preached as sermons at Avenue Road Church in Toronto ON Whether spoken or written Tozer s words were designed to promote personal heart religion among God s people
