Pragmatics of Chinese as a Second Language Shuai Li, 2023-11-14 This book brings together a collection of high quality empirical studies which examine multiple aspects involved in the acquisition, teaching and assessment of pragmatics in Chinese as a second language (L2). The studies collectively address some of the most cutting edge issues in the field of L2 pragmatics such as the acquisition of key pragmatic features, methodological innovations in pragmatics assessment, individual difference factors and virtual learning contexts. The majority of the chapters include detailed descriptions of the instruments used and additional material in the appendices, making it a truly valuable collection for researchers and students alike. Furthermore, the publication includes the most comprehensive state-of-the-art review of empirical research in L2 Chinese pragmatics published bilingually in English and Chinese between 1995 and 2022, along with a supplemental annotated bibliography. While the empirical studies all focus on Chinese as the target language, the issues they address have implications for L2 pragmatics research in general and this book will appeal to those interested in the latest developments in the field.

Travelling Languages John O'Regan, Jane Wilkinson, Mike Robinson, 2024-11-01 Based on the commonly held assumption that we now live in a world that is on the move with growing opportunities for both real and virtual travel and the blurring of boundaries between previously defined places, societies and cultures, the theme of this book is firmly grounded in the interdisciplinary field of Mobilities. Mobilities deals with the movement of people, objects, capital, information, ideas and cultures on varying scales and across a variety of borders from the local to the national to the global. It includes all forms of travel from forced migration for economic or political reasons to leisure travel and tourism to virtual travel via the myriad of

electronic channels now available to much of the world's population Underpinning the choice of theme is a desire to consider the important role of languages and intercultural communication in travel and border crossings an area which has tended to remain in the background of Mobilities research The chapters included in this volume represent unique interdisciplinary understandings of the dual concepts of mobile language and border crossings from crossings in virtual life and real life to crossings in literature and translation and finally to crossings in the semioscape of tourist guides and tourism signs This book was originally published as a special issue of Language and Intercultural Communication Introducing Chinese Linguistics Hang Zhang, Lan Zhang, 2022-12-14 This book provides a comprehensive introduction to the fundamentals of Chinese linguistics including the core components of phonetics and phonology morphology syntax writing system and social cultural aspects of the language It also discusses key features of Chinese language acquisition in each of these areas highlighting common difficulties and obstacles adult learners encounter as revealed in language acquisition research The integration of basic linguistic knowledge with language acquisition findings provides valuable resources for both current and aspiring Chinese language teachers and serious learners of Chinese as a second language Exercise questions included in each chapter serve to reinforce the concepts of Chinese linguistics The book is designed to not only enhance Chinese learners linguistic awareness but also provide language teachers with pedagogical preparation and assistance While this book can be used as a textbook for an introductory Chinese linguistics course it is also beneficial to the broader range of readers who are interested in Chinese linguistics **Chinese Lexical Semantics** Minghui Dong, Jia-Fei Hong, Jingxia Lin, Peng Jin, 2024-02-27 This book constitutes the refereed proceedings of the 24th Workshop on Chinese Lexical Semantics CLSW 2023 held in Singapore during May 19-21 2023 The 61 full papers and 15 short papers included in this book were carefully reviewed and selected from 215 submissions They are organized in the following topical sections lexical semantics and related fields including Theoretical Linguistics Applied Linguistics Computational Linguistics Computational Lexicography Psychological Linguistics and Sociological linguistics **The Routledge Handbook of Chinese Applied Linguistics** Chu-Ren Huang, Zhuo Jing-Schmidt, Barbara Meisterernst, 2019-03-11 The Routledge Handbook of Chinese Applied Linguistics is written for those wanting to acquire comprehensive knowledge of China the diaspora and the Sino sphere communities through Chinese language It examines how Chinese language is used in different contexts and how the use of Chinese language affects culture society expression of self and persuasion of others as well as how neurophysiological aspects of language disorder affect how we function and how the advance of technology changes the way the Chinese language is used and perceived The Handbook concentrates on the cultural societal and communicative characteristics of the Chinese language environment Focusing on language use in action in context and in vivo this book intends to lay empirical grounds for collaboration and synergy among different fields Chinese Linguistics Giorgio Francesco Arcodia, Bianca Basciano, 2021 This volume provides a broad introduction to Chinese linguistics It offers an accessible synthesis of the most relevant topics in the field both for

researchers and scholars on China studies and for linguists including those with little or no previous knowledge of Chinese
