Chinese Civil Justice Past And Present Asiapacificperspectives

Xiaowei Zang, Hon S. Chan

Chinese Civil Justice Past And Present Asiapacificperspectives:

Chinese Civil Justice, Past and Present Philip C. Huang, 2010 **Chinese Civil Justice, Past and Present** Philip C. Huang, 2010 The culmination of twenty years of research this essential book completes distinguished historian Philip C C Huang s pathbreaking trilogy on Chinese law and society from late imperial times to the present The author argues that despite formal adherence to Western law and legal theory traditional Chinese judicial practices continue to flourish Huang draws on a rich array of court records and field interviews to illustrate the surprising strength of traditional Chinese civil justice as can be seen in societal and cadres mediation and in court actions with respect to property rights inheritance and old age maintenance and debts Maoist justice too remains influential especially its divorce and court mediation practices Finally despite the recent massive adoption of Western laws legal reasoning employed in judicial practice has shown stunning continuity with major implications for China s future 2010 Massimo Mastrogregori, 2014-12-12 Every year the Bibliography catalogues the most important new publications historiographical monographs and journal articles throughout the world extending from prehistory and ancient history to the most recent contemporary historical studies Within the systematic classification according to epoch region and historical discipline works are also listed according to author s name and characteristic keywords in their title **The Korean War in Asia** Tessa Morris-Suzuki, 2018-02-09 This book takes a fresh look at the Korean War by considering the conflict from a Northeast Asian regional perspective It highlights the connections of the war to earlier conflicts in the region and examines the human impact of the war on neighboring countries focusing particularly on the ways in which the Korean War shaped regional cross border movements of people goods and ideas including hopes and fears It also considers the lasting consequences of these movements for the region s society and politics **The Japanese Family in Transition** Suzanne Hall Vogel, 2013-02-28 In 1958 Suzanne and Ezra Vogel embedded themselves in a Tokyo suburban community interviewing six middle class families regularly for a year Their research led to Japan s New Middle Class a classic work on the sociology of Japan Now Suzanne Hall Vogel s compelling sequel traces the evolution of Japanese society over the ensuing decades through the lives of three of these ordinary yet remarkable women and their daughters and granddaughters Vogel contends that the role of the professional housewife constrained Japanese middle class women in the postwar era and yet it empowered them as well Precisely because of fixed gender roles with women focusing on the home and children while men focused on work Japanese housewives had remarkable authority and autonomy within their designated realm Wives and mothers now have more options than their mothers and grandmothers did but they find themselves unprepared to cope with this new era of choice These gripping biographies poignantly illustrate the strengths and the vulnerabilities of professional housewives and of families facing social change and economic uncertainty in contemporary Japan The United States and China Dong Wang, 2021-07-28 Now fully revised and updated The United States and China offers a comprehensive synthesis of US Chinese relations from initial contact to the present Balancing the

modern 1784 1949 and contemporary 1949 present periods Dong Wang retraces centuries of interaction between two of the world's great powers from the perspective of both sides She examines state to state diplomacy as well as economic social military religious and cultural interplay within varying national and international contexts As China itself continues to grow in global importance so too does the US Chinese relationship and this book provides an essential grounding for understanding its past present and possible futures

Masculinities in Chinese History Bret Hinsch, 2013-08-30

Masculinities in Chinese History is the first historical survey of the many ways men have acted thought and behaved throughout China's long past Bret Hinsch introduces readers to the basic characteristics of historical Chinese masculinity while highlighting the dynamic changes in male identity over the centuries He covers the full span of Chinese history from the Zhou dynasty in distant antiquity up to the current era of disorienting rapid change Each chapter focused on a specific theme and period is organized to introduce key topics such as differences between the sexes and the mutual influence of ideas regarding manhood and womanhood masculine honor how masculine ideals change the use of high culture to bolster masculine reputation among the elite and male role models from the margins of society The author concludes by exploring how capitalism imperialism modernization revolution and reform have rapidly transformed ideas about what it means to be a man in contemporary China

The Korean War Wada Haruki, 2018-03-29 This classic history of the Korean War from its origins through the armistice is now available in a paperback edition including a substantive introduction that considers the heightened danger of a new Northeast Asian war as Trump and Kim Jong un escalate their rhetoric Wada Haruki one of the world's leading scholars of the war draws on archival and other primary sources in Russia China the United States South Korea Taiwan and Japan to provide the first full understanding of the Korean War as an international conflict from the perspective of all the actors involved Wada traces the North Korean invasion of South Korea in riveting detail providing new insights into the behavior of Kim Il Sung and Syngman Rhee He also provides new insights into the behavior of Communist leaders in Korea China Russia Eastern Europe and their rivals in other nations He traces the course of the war from its origins in the North and South Korean leaders failed attempts to unify their country by force ultimately escalating into a Sino American war on the Korean Peninsula Although sixty five years have passed since the armistice the Korean conflict has never really ended Tensions remain high on the peninsula as Washington and Pyongyang as well as Seoul and Pyongyang continue to face off It is even more timely now to address the origins of the Korean War the nature of the confrontation and the ways in which it affects the geopolitical landscape of Northeast Asia and the Pacific region With his unmatched ability to draw on sources from every country involved Wada paints a rich and full portrait of a conflict that continues to generate controversy

The Search for the Beautiful Woman Cho Kyo, 2012-10-16 While a slender body is a prerequisite for beauty today plump women were considered ideal in Tang Dynasty China and Heian period Japan Starting around the Southern Song period in China bound feet symbolized the attractiveness of women But in Japan shaved eyebrows and

blackened teeth long were markers of loveliness For centuries Japanese culture was profoundly shaped by China but in complex ways that are only now becoming apparent In this first full comparative history of the subject Cho Kyo explores changing standards of feminine beauty in China and Japan over the past two millennia Drawing on a rich array of literary and artistic sources gathered over a decade of research he considers which Chinese representations were rejected or accepted and transformed in Japan He then traces the introduction of Western aesthetics into Japan starting in the Meiji era leading to slowly developing but radical changes in representations of beauty Through fiction poetry art advertisements and photographs the author vividly demonstrates how criteria of beauty differ greatly by era and culture and how aesthetic sense changed in the course of extended cultural transformations that were influenced by both China and the West **Mediation**

in Contemporary Chinese Civil Justice Peter C.H. Chan,2017-09-18 In *Mediation in Contemporary Chinese Civil Justice* Peter Chan offers one of the most comprehensive analyses of the system of mediation of civil and commercial disputes in contemporary China Based on extensive interviews with judges and a survey on in court mediation covering 24 courts in China the author seeks to answer a question that interests many legal scholars Is it practically feasible for the mediation of civil disputes in China to take the shape of genuine alternative dispute resolution rather than being used by the courts as a means to preserve social stability The book looks beyond procedural rules and examines how judicial culture and beliefs shape the landscape of civil dispute resolution in China **The People between the Rivers** Catherine

Churchman,2016-09-14 This fundamental study provides the first comprehensive history in any language of the lands between the Red and Pearl Rivers in southern China and the people who resided there over a span of a thousand years Bringing to life the mysterious early people known as Li and Lao who inhabited the area Catherine Churchman explores their custom of casting large bronze kettledrums As the symbols of political authority and legitimacy for the Li and Lao rulers the abundance of drums found in the archaeological record is an indication not only of the great number of such rulers but also of their great wealth and power which increased significantly from the third century CE even as the Chinese Empires tightened their control over surrounding districts Drawing on a combination of Classical Chinese sources and scholarship in archaeology anthropology and historical linguistics the author explains the political and economic factors behind the rise to power and subsequent disappearance of the indigenous leadership and its drum culture She fills significant gaps in our understanding of the early interactions between China and northern Southeast Asia challenging many widely held assumptions about the history of Chinese settlement and ethnic relations in the region including those concerning the relationship between the Chinese Empires and the lands that would form the heart of a future Vietnamese state A crucial work for understanding historical developments in the highland regions south of the Yangtze valley it examines the first steps in the Sinic penetration of this highland world one that has continued to the present Bringing unprecedented attention to the historical identity of a previously overlooked region and a people this book creates a new category in East Asian history

Subaltern China Wanning Sun, 2014-09-11 Behind China's growing economic and political power is a vast underworld of marginalized social groups. In this powerful and timely book, Wanning Sun focuses on the country's hundreds of millions of rural migrant workers who embody China's most intractable problems of inequality. Drawing on rich and extensive fieldwork, the author argues that despite the critical role their labor has played in enabling and sustaining the country's remarkable economic growth, workers and peasants have become the nation's subalterns. Sun focuses especially on the role of media and culture in negotiating the unequal relationships that exist between various social groups. She shows that in the face of the harsh reality of injustice and discrimination, China's rural migrants engage in media and cultural practices that are at once both mundane and profound, invariably imbued with hope and dignity and motivated by the dream of a better life. Exploring the cultural politics of inequality in post-Mao China, this engaging and compelling book will be essential reading for all concerned with the increasing centrality of media and the cultural politics of representation in our highly digitalized and mediated world.

Thought Reform and China's Dangerous Classes Aminda M. Smith, 2013 This book offers the first detailed study of the essential relationship between thought reform and the dangerous classes. The prostitutes, beggars, petty criminals, and other lumpenproletarians the Communists saw as a threat to society and the revolution. Aminda Smith takes readers inside early PRC reformatories where the new state endeavored to transform vagrants into members of the laboring masses. As places where the people were literally created, these centers became testing grounds for rapidly changing ideas and experiments about thought reform and the subjects they produced.

Prosperity's Predicament Isabel Brown Crook, Christina Kelley Gilmartin, 2013-09-26 This classic in the annals of village studies will be widely read and debated for what it reveals about China's rural dynamics as well as the nature of state power, markets, the military, social relations, and religion. Built on extraordinarily intimate and detailed research in a Sichuan village that Isabel Crook began in 1940, the book provides an unprecedented history of Chinese rural life during the war with Japan. It is an essential resource for all scholars of contemporary China.

Handbook of Public Policy and Public Administration in China Xiaowei Zang, Hon S. Chan, 2020-11-27 This Handbook offers a critical analysis of the major theoretical and empirical issues in public policy and public administration in China. Investigating methodological, theoretical, and conceptual themes, it provides an insightful reflection on how China is governed.

Rice Wars in Colonial Vietnam Geoffrey C. Gunn, 2014-02-21 This book offers the first detailed English language examination of the Great Vietnamese Famine of 1945, which left at least a million dead, and links it persuasively to the largely unexpected Viet Minh seizure of power only months later. Drawing on extensive research in French archives, Geoffrey C. Gunn offers an important new interpretation of Japanese Vichy French wartime economic exploitation of Vietnam's agricultural potential. He analyzes successes and failures of French colonial rice programs and policies from the early 1900s to 1945, drawing clear connections between colonialism and agrarian unrest in the 1930s and the rise of the Viet Minh in the 1940s. Gunn asks whether the famine signaled a loss of the French administration's mandate.

of heaven or whether the overall dire human condition was the determining factor in facilitating communist victory in August 1945 In the broader sweep of Vietnamese history including the rise of the communist party the picture that emerges is not only one of local victimhood at the hands of outsiders French and in turn Japanese but the enormous agency on the part of the Vietnamese themselves to achieve moral victory over injustice against all odds no matter how controversial tragic and contested the outcome As the author clearly demonstrates colonial era development strategies and contests also had their postwar sequels in the American war just as land land reform and subsistence sustainable development issues persist into the present

When the Earth Roars Gregory Smits, 2014-03-21 Japan which is among the most earthquake prone regions in the world has a long history of responding to seismic disasters However despite advances in earthquake related safety technologies the destructiveness of the magnitude 9 class earthquake and tsunami that struck the country on 3 11 raised profound questions about how societies can deal effectively with seismic hazards This important book places the devastating earthquake tsunami and nuclear meltdown disaster in historical perspective examining conceptions of earthquakes since the seventeenth century the diverse ways actual earthquakes and their aftermath played out and their enduring social and scientific significance By looking backward Gregory Smits identifies future pitfalls to avoid and assesses the allocation of resources for dealing with future earthquake and tsunami disasters He criticizes Japan s postwar quest for earthquake prediction and the concept of characteristic earthquakes Smits argues that earthquakes are so chaotic as to be unpredictable not only geologically but also in their social and cultural effects Therefore he contends the best hope for future disaster mitigation is antiseismic engineering and flexible disaster relief capabilities As the first sustained historical analysis of destructive earthquakes and tsunamis this book is an essential resource for anyone interested in Japan natural disasters seismology and environmental history

From Silicon Valley to Shenzhen Boy Lühje, Stefanie Hürtgen, Peter Pawlicki, Martina Sproll, 2013-09-26 This seminal study explores the significant changes in the global IT industry as production has shifted from the developed world to massive sites in the developing world that house hundreds of thousands of workers in appalling low wage conditions to minimize labor costs Yet little is known about this phenomenon as the major contract manufacturers deliberately hide their names from the public on behalf of brand name customers such as Apple In short the authors argue globalization is not always helping the IT workers of the world many of whom are working in unbearable factory conditions *From Silicon Valley to Shenzhen* traces the development of the new networks of globalized mass production in the IT industry and the reorganization of work since the 1990s capturing the systemic nature of an industry wide restructuring of production and work in the global context Their wide ranging and detailed analysis makes an important contribution to ongoing academic and political debates on the globalization of production especially by taking these debates beyond narrow perspectives of determining criteria of success for participation in global production networks Rather they emphasize the changing nature of work employment relations and labor policies and their implications for the

possibilities of sustainable economic and social development *The Rise of Tea Culture in China* Bret Hinsch, 2015-11-12
This distinctive and enlightening book explores the invention and development of tea drinking in China using tea culture to explore the profound question of how Chinese have traditionally expressed individuality Western stereotypes portray a culture that values conformity and denigrates the individual but Bret Hinsch convincingly explodes this facile myth He argues that although Chinese embrace a communitarian ethos and assume that the individual can only thrive within a healthy community they have also long respected people with unique traits and superior achievements Hinsch traces how emperors scholars poets and merchants all used tea connoisseurship to publicly demonstrate superior discernment gaining admiration by displaying individuality Acknowledging central differences with Western norms Hinsch shows how personal distinction nevertheless constitutes an important aspect of Chinese society By linking tea to individualism his deeply researched book makes an original and influential contribution to the history of Chinese culture **Japan's New Middle Class** Ezra F. Vogel, 2013-07-18 This classic study on the sociology of Japan remains the only in depth treatment of the Japanese middle class Now in a fiftieth anniversary edition that includes a new foreword by William W Kelly this seminal work paints a rich and complex picture of the life of the salaryman and his family In 1958 Suzanne and Ezra Vogel embedded themselves in a Tokyo suburb living among and interviewing six middle class families regularly for a year Tracing the rapid postwar economic growth that led to hiring large numbers of workers who were provided lifelong employment the authors show how this phenomenon led to a new social class the salaried men and their families It was a well educated group that prepared their children rigorously for the same successful corporate or government jobs they held Secure employment and a rising standard of living enabled this new middle class to set the dominant pattern of social life that influenced even those who could not share it a pattern that remains fundamental to Japanese society today

Decoding **Chinese Civil Justice Past And Present Asiapacificperspectives**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Chinese Civil Justice Past And Present Asiapacificperspectives**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
