Basic Mandarin Chinese - Speaking & Listening Textbook Cornelius C. Kubler,2017-11-17 ING_08 Review quote *The Mission Chinese Food Cookbook* Danny Bowien,Chris Ying,2015-11-10 Compulsively readable Although ostensibly a recipe book this is as engaging and readable a memoir as Kitchen Confidential The Atlantic Forewords by Anthony Bourdain and David Chang Mission Chinese Food is not exactly a Chinese restaurant It began its life as a pop up a restaurant nested within a divey Americanized Chinese joint in San Francisco s Mission District From the beginning a spirit of resourcefulness and radical inventiveness has infused each and every dish at Mission Chinese Food Now hungry diners line up outside both the San Francisco and New York City locations waiting hours for platters of Sizzling Cumin Lamb Thrice Cooked Bacon Fiery Kung Pao Pastrami and pungent Salt Cod Fried Rice The Mission Chinese Food Cookbook tracks the fascinating meteoric rise of the restaurant and its chef Each chapter in the story from the restaurant s early days to an ill fated trip to China to the opening of the first Mission Chinese in New York unfolds as a conversation between Danny and his collaborators and is accompanied by detailed recipes for the addictive dishes that have earned the restaurant global praise Mission Chinese s legions of fans as well as home cooks of all levels will rethink what it means to cook Chinese food while getting a look into the

background and insights of one of the most creative young chefs today Bowien dares to go far beyond the recipes to reveal his own mind and spirit the mercurial and creative force behind it all making for an immersive and personal read His candid writing serves as inspiration for peers and a true page turner for his many fans Eater

Serving Library Users from Asia

John Hickok, 2019-06-12 Asian populations are among some of the fastest growing cultural groups in the US While books on serving other target groups in libraries have been published e.g. disabled Latino seniors etc few books on serving library users of Asian heritage have been written Thus the timely need for this book Rather than a generalized overview of Asians as a whole this book has 24 separate chapters each on 24 specific Asian countries cultures of East Southeast and South Asia with a wealth of resources for understanding interacting with outreaching to and serving library users of each culture Resources include cultural guides both print and online language helps with sample library vocabulary Asian booksellers nationwide cultural groups professional literature and more Resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians The demographics of each Asian culture numbers and distribution plus history of immigration and international student enrollment is also featured As a bonus each chapter spotlights a US public school and academic library providing model outreach to Asian library users Additionally this book provides a detailed description and analysis of libraries in each of the 24 Asian countries The history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation Country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more Based on the author's 15 years of research and travels to Asia this work is a must have for all librarians
