Downfall Ceausescus And The Roumanian Revolution:

Downfall George Galloway, Bob Wylie, 1991-01 Documents the downfall of the Ceausescus during Christmas 1989 The book includes details of the extravagances of Elena Ceausescu an account of the tragedy of Romania's child Aids epidemic and commentary on the ironies of the West's long time support of the dictators until their execution *How Armies Respond to Revolutions and Why* Zoltan Barany, 2020-03-31 An exploration of military responses to revolutions and how to predict such reactions in the future We know that a revolution's success largely depends on the army's response to it But can we predict the military's reaction to an uprising *How Armies Respond to Revolutions and Why* argues that it is possible to make a highly educated guess and in some cases even a confident prediction about the generals response to a domestic revolt if we know enough about the army the state it is supposed to serve the society in which it exists and the external environment that affects its actions Through concise case studies of modern uprisings in Iran China Eastern Europe Burma and the Arab world Zoltan Barany looks at the reasons for and the logic behind the variety of choices soldiers ultimately make Barany offers tools in the form of questions to be asked and answered that enable analysts to provide the most informed assessment possible regarding an army's likely response to a revolution and ultimately the probable fate of the revolution itself He examines such factors as the military's internal cohesion the regime's treatment of its armed forces and the size composition and nature of the demonstrations *How Armies Respond to Revolutions and Why* explains how generals decide to support or suppress domestic uprisings **King of the Mountain** Arnold M. Ludwig, 2002-01-01 People may choose to ignore their animal heritage by interpreting their behavior as divinely inspired socially purposeful or even self serving all of which they attribute to being human but they masticate fornicate and procreate much as chimps and apes do so they should have little cause to get upset if they learn that they act like other primates when they politically agitate debate abdicate placate and administrate too from the book *King of the Mountain* presents the startling findings of Arnold M Ludwig's eighteen year investigation into why people want to rule The answer may seem obvious power privilege and perks but any adequate answer also needs to explain why so many rulers cling to power even when they are miserable trust nobody feel besieged and face almost certain death Ludwig's results suggest that leaders of nations tend to act remarkably like monkeys and apes in the way they come to power govern and rule Profiling every ruler of a recognized country in the twentieth century over 1 900 people in all Ludwig establishes how rulers came to power how they lost power the dangers they faced and the odds of their being assassinated committing suicide or dying a natural death Then concentrating on a smaller sub set of 377 rulers for whom more extensive personal information was available he compares six different kinds of leaders examining their characteristics their childhoods and their mental stability or instability to identify the main predictors of later political success Ludwig's penetrating observations though presented in a lighthearted and entertaining way offer important insight into why humans have engaged in war throughout recorded history as well as suggesting how they might live together in peace **Eastern Europe in the**

Ceausescu and the Securitate Dennis Deletant, 2016-12-05 First Published in 2017 This book contains Deletant's research and view that an inescapable feature of life in Romania under Ceausescu was the ubiquity of the Securitate or the security police known officially for much of the period as the Department of State Security of the Ministry of the Interior He seeks to right the omission in Romanian literature until now of the mechanism of terror which Stalin used in Romania to enforce his will and about the organisation of the Department of State Security

Transitional Justice in Eastern Europe and the Former Soviet Union Lavinia Stan, 2009-01-13 This book examines transitional justice in Eastern Europe and the former USSR exploring their attempts to come to terms with the gross human abuses which characterized their communist past It considers transitional justice in all its aspects explaining why different countries adopted different models and how successful they have been

Reflections on 1989 in Eastern Europe Terry Cox, 2013-09-13 This book presents a selection of recent research on the events and developments of 1989 in Eastern Europe It offers a mix of detailed examinations of the events of 1989 in Eastern Europe thoughtful and considered appraisals of developments and middle range theoretical discussions of patterns of cause and effect The authors range in their approaches from detailed examinations of government and ruling party papers from the archives some of it originally labelled top secret to personal observations and oral history based on interviews with participants to analysis of survey data and official statistics In their chosen focus the essays range from explorations of the emerging crisis in the communist regimes that led to the events of 1989 reflections and insights into the events and changing mood during 1989 itself and examinations of some of the consequences and legacies of 1989 This book was published as a special issue of *Europe Asia Studies*

Romania under Communism Dennis Deletant, 2018-10-11 Communism has cast a long shadow over Romania The passage of little over a quarter of a century since the overthrow in December 1989 of Romania's last Communist leader Nicolae Ceaucescu offers a symbolic standpoint from which to penetrate that shadow and to throw light upon the entire period of Communist rule in the country An appropriate point of departure is the observation that Romania's trajectory as a Communist state within the Soviet bloc was unlike that of any other That trajectory has its origins in the social structures attitudes and policies in the pre

Communist period The course of that trajectory is the subject of this inquiry **Transitions and Non-Transitions from Communism** Steven Saxonberg,2013-02-14 A unique comparative study examining why some communist regimes remain in power whilst others have fallen **The Columbia Guide to the Literatures of Eastern Europe Since 1945** Harold B. Segel,2003 The Iron Curtain concealed from western eyes a vital group of national and regional writers Marked by not only geographical proximity but also by the shared experience of communism and its collapse the countries of Eastern Europe Poland Hungary Albania Romania Bulgaria and the former states of Yugoslavia Czechoslovakia and East Germany share literatures that reveal many common themes when examined together Compiled by a leading scholar the guide includes an overview of literary trends in historical context a listing of some 700 authors by country and an A to Z section of articles on the most influential writers *Revolutionary Constitutionalism* Richard Albert,2020-04-02 This book the result of a major international conference held at Yale Law School contains contributions from leading scholars in public law who engage critically with Bruce Ackerman s path breaking book *Revolutionary Constitutions Charismatic Leadership and the Rule of Law* The book also features a rebuttal chapter by Ackerman in which he responds directly to the contributors essays Some advance Ackerman s theory others attack it and still others refine it but all agree that the ideas in his book reset the terms of debate on the most important subjects in constitutionalism today from the promise and perils of populism to the causes and consequences of democratic backsliding from the optimal models of constitutional design to the forms and limits of constitutional amendment and from the role of courts in politics to how we identify when the mythical people have spoken A must read for all interested in the current state of constitutionalism **Revolutionary World** David Motadel,2021-03-25 The first truly global history of revolutions and revolutionary waves in the modern age from Atlantic Revolutions to Arab Spring **The Unknown Europe** James R. Payton,2021-11-03 The fascinating history of Eastern Europe includes highs of soaring cultural achievement and lows of almost unimaginable repression But we in the West don t know much about Eastern Europe or its history this book helps us see why We got interested when the region became a threat during the Cold War but what we learned focused on the Communist period after World War II not Eastern Europe itself or its deep history a history that continues to live in the hearts of its peoples James Payton offers an accessible treatment of the history of the region an opportunity to learn about Eastern Europeans as they are He overviews that story from pre history to the present examining eleven turning points that profoundly shaped Eastern European history His treatment considers the backgrounds to the turning points the events and the long lasting impacts they had for the various Eastern European nations This helps us understand how Eastern Europeans themselves see their history the long haul over the centuries with the influence and impact of events of the sometimes distant past shaping how they see themselves their neighbors and their place in the world Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Zirin,Irina Livezeanu,Christine D. Worobec,June Pachuta Farris,2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on

Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes

Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Fleming Zirin, 2007 This text documents the economic development of East Asian countries in order to highlight the beneficial techniques used to increase growth Socialist and capitalist structures are discussed complete with an analysis of the future extent of interaction between East Asian countries

Civil Society and the Security Sector Marina Caparini, Philipp Fluri, Ferenc Molnár, 2006 This volume analyses the role of civil society in the reform and oversight of the security sector in post communist countries as a key aspect of the transition

towards democracy It is widely accepted that civil society actors have an important contribution to make in the governance of the security sector However that specific role has not been subject to much close or comparative examination This book constitutes an attempt to examine and compare experiences of civil society participation in security oversight across Central and Eastern Europe The first part of the volume presents the reader with the theoretical and conceptual background against which the potential role of civil society in security sector governance can be understood and assessed The remainder of the book is comprised of nine country studies of civil society engagement with the security sector Reviewing developments over the past 15 years of regime transformation in the region the book draws upon a rich variety of cases that cast light on the different experiences challenges and successes of civil society actors and the media in democratisation security sector reform and the exercise of democratic oversight of the security sector

Dracula's Bloodline Radu R. Florescu, Matei

Cazacu, 2013-08-02 This engrossing book tells the story of the Florescu family from its feudal blood ties to the notorious 15th century figure Vlad Tepes Count Dracula right up to present day touching on such diverse personalities as the Kennedys Bill Clinton and Michael Jackson In the tradition of Alex Haley's Roots Dracula's Bloodline relates a multi generational saga through the prism of one family's narrative from medieval Eastern Europe to the post Communist era The book provides an inside look at Romania's bloody and turbulent history a mostly untold narrative that embraces the cruel Ottoman invasions vying boyars seeking to change the political order at home and the toppling of the Ceausescu regime The story of each century is told through the eyes of one Florescu or more who had a unique perch from which to view his or her contemporary society Florescu and Cazacu drew on research that had mostly been kept in family hands To track the Florescu footprint down through the centuries since the 1400s they used many sources the Brasov archives in Transylvania select letters unpublished diaries and extensive family documents that have been scattered from Europe to the United States This fully indexed book offers many photographs from family archives as well as a glossary of terms and titles and a full genealogy showing the Florescu's family links to Vlad Tepes

Churchill's Socialism Siân Adiseshiah, 2020-06-12

Although now celebrated as a world leading playwright Caryl Churchill has received little attention for her socialism which has been frequently overlooked in favour of emphasising gendered identities and postmodernist themes Churchill's Socialism examines eight of Churchill's plays with reference to socialist theories and political movements This well researched and dynamic new book reframes Churchill's work positioning her plays within socialist discourses and producing persuasive political readings of her drama that reflect much more of the political challenge that the plays pose It additionally explores her uneasy relationship with postmodernism which presents itself particularly in Churchill's later plays The book contains a very helpful chapter on socialist contexts which outlines some of the key events debates and movements during the late 1960s up until the early 2000s This chapter also offers an incisive critique of the easy acceptance by some socialists of a postmodernist rejection of grand narratives and political agency An in depth examination of the rarely explored interconnections of

utopianism and theatre forms another chapter where all eight of Churchill's plays *Light Shining in Buckinghamshire* *Vinegar Tom* *Top Girls* *Fen* *Serious Money* *Mad Forest* *The Skriker* and *Far Away* are introduced The plays are then discussed in pairs in a further four chapters with reference to communist historiography the class gender intersection the end of history thesis ecocritical challenges and postmodernism
