Exploring Antonio Damasio's Descartes' Error □□·□□, 2009 Memory's Library Jennifer Summit, 2008-11-15 In Jennifer Summit's account libraries are more than inert storehouses of written tradition they are volatile spaces that actively shape the meanings and uses of books reading and the past Considering the two hundred year period between 1431 which saw the foundation of Duke Humfrey's famous library and 1631 when the great antiquarian Sir Robert Cotton died Memory's Library revises the history of the modern library by focusing on its origins in medieval and early modern England Summit argues that the medieval sources that survive in English collections are the product of a Reformation and post Reformation struggle to redefine the past by redefining the cultural place function and identity of libraries By establishing the intellectual dynamism of English libraries during this crucial period of their development Memory's Library demonstrates how much current discussions about the future of libraries can gain by reexamining their past Visual Approaches to Cognitive Education With Technology Integration Ursyn, Anna, 2018-01-05 Within the growing world of social media and computer technology it is important to facilitate collaborative knowledge building through the utilization of visual literacy decision making abstract thinking and creativity in the application of scientific teaching Visual Approaches to Cognitive Education With Technology Integration is a critical scholarly resource that presents discussions on cognitive education pertaining to particular scientific fields music digital art programming computer graphics and new media Highlighting relevant topics such as educational visualization art and technology integration online learning and multimedia technology this book is geared towards educators students and researchers seeking current research on the integration of new visual education methods and technologies

Kent Edwards,2009 J Kent Edwards recalls a story that late pastor J Vernon McGee told about seeing children in South Africa playing a game of marbles in the dust with real diamonds The precious stones were being handled with no regard for their true worth Edwards fears the same thing happens today when preachers offer Scriptural truth to listeners without being completely overwhelmed by its greatness themselves in the process Deep Preaching is his call to rethink preaching Edwards helps preachers learn to preach the word in ways that will powerfully

change the lives of hearers He contends that sermons need not settle comfortably on the lives of the listeners like dust on a coffee table He encourages preachers to join him in casting off the lines that moor their ministries to the status quo and make every effort to steer their preaching out of the comfortable shallows He urges them to preach deep sermons rather than superficial ones moving beyond the yawn inspiring to the awe inspiring from the trite to the transforming
