International Law: A Very Short Introduction Vaughan Lowe, 2015-11-26 Interest in international law has increased greatly over the past decade largely because of its central place in discussions such as the Iraq War and Guantanamo the World Trade Organisation the anti capitalist movement the Kyoto Convention on climate change and the apparent failure of the international system to deal with the situations in Palestine and Darfur and the plights of refugees and illegal immigrants around the world This Very Short Introduction explains what international law is what its role in international society is and how it operates Vaughan Lowe examines what international law can and cannot do and what it is and what it isn't doing to make the world a better place Focussing on the problems the world faces Lowe uses terrorism environmental change poverty and international violence to demonstrate the theories and practice of international law and how the principles can be used for international co operation

Counter-Terrorism and International Law Katja L.H. Samuel, 2017-03-02 The articles and essays in this volume consider the problem of international terrorism from an international legal perspective The articles address a range of issues starting with the dilemma of how to reach agreement on what constitutes terrorism and how to encapsulate this in a legitimate definition The essays move on to examine the varied responses to terrorism by states and international organisations These responses range from the suppression conventions of the Cold War which were directed at criminalising and punishing various manifestations of terrorism to more coercive executive led responses Finally the articles consider the role of the Security Council in developing legal regimes to combat terrorism for example by the use of targeted sanctions or by general legislative measures An evaluation of the contribution of the sum of these measures to the goals of peace and security as embodied in the UN Charter is central to this collection

Intellectual Property and Public Health in the Developing World Monirul Azam, 2016-05-30 Across the world developing countries are attempting to balance the international standards of intellectual property concerning pharmaceutical patents against the urgent need for accessible and affordable medicines In this timely and necessary book Monirul Azam examines the attempts of several developing countries to walk this fine line He evaluates the experiences of Brazil China India and South Africa for lessons to guide Bangladesh and developing nations everywhere Azam's legal expertise concern for public welfare and compelling grasp of principal case studies make Intellectual Property and Public Health in the Developing World a definitive work The developing world is striving to meet the requirements of the World Trade Organization's TRIPS Agreement on intellectual property This book sets out with lucidity and insight the background of the TRIPS Agreement and its implications for pharmaceutical patents the consequences for developing countries and the efforts of certain representative nations to comply with international stipulations while still maintaining local industry and public health Azam then brings the weight of this research to bear on the particular case of Bangladesh offering a number of specific policy recommendations for the Bangladeshi government and for governments the world over Intellectual Property and Public Health in the Developing World is a must
