Coaching Knowledges Understanding The Dynamics Of Sport Performance

Laura Purdy, Natalie Barker-Ruchti

Coaching Knowledges Understanding The Dynamics Of Sport Performance:

Coaching Knowledges Jim Denison, 2007-08-29 Too often coaching is seen by sports science students as mechanistic and prescriptive What a coach does in training and on the sidelines however is far more complex and involved than simply setting exercises and drills Effective coaching requires a range of knowledges from the pedagogical to the sociological physiological and psychological In this book teachers lecturers and coaches from Bath University s Team Bath coaching and teaching faculty look at how various knowledges influence every coach s daily practices The book will have three sections The first section will be written by sports scholars who have or are still coaching Section two will be written by coach educators who are active elite coaches The final section will feature three indepth interviews with three master international coaches

The Sociology of Sports Coaching Robyn L. Jones, Paul Potrac, Chris Cushion, Lars Tore Ronglan, 2010-11-26 This is the first book to describe a critical sociological perspective on sports coaching and as such it represents an important step forward in the professionalisation of the discipline

Sports Coaching Concepts John Lyle, 2005-09-16 Coaching is a central feature of sport at all levels This groundbreaking new text is the first to offer a comprehensive introduction to the conceptual issues that underpin sports coaching practice and to provide a complete conceptual framework for understanding sports coaching The analysis presented within the book is practice orientated exploring the language of the coaching process in order to define the role of the coach and to better understand the relationship between the coach and the sports performer Sports Coaching Concepts introduces the key issues behind every stage of the coaching process presenting important new material on topics such as the historical and international context of the development of sports coaching the role of the coach participation and performance coaching modes modelling the coaching process coaching style and philosophy decision making and regulating the process social factors influencing practice the future of coach education and professionalisation The book draws together the existing sports coaching literature for the first time setting it against important new conceptual developments and promises to have a profound influence on the nature of our coach education programmes This book therefore represents essential reading for any student of sports coaching and any serious coach wishing to develop and extend their own coaching practice

High Performance Disability Sport Coaching Geoffery Z. Kohe, Derek M. Peters, 2016-08-25 As the profile of disability sport has risen so has the emphasis grown beyond participation to include the development of a high performance environment This book is the first to take an in depth look at the role of coaches and coaching in facilitating the professionalisation of disability sport in raising performance standards and as an important vector for the implementation of significant political socio cultural and technological change Using in depth case studies of elite disability sport coaches from around the world the book offers a framework for critical reflection on coaching practice as well as the reader s own experiences of disability sport The book also evaluates the vital role of the coach in raising the bar of performance in a variety of elite level disability sports including athletics basketball boccia equestrian sport rowing soccer

skiing swimming and volleyball Providing a valuable evidence based learning resource to support coaches and students in developing their own practice High Performance Disability Sport Coaching is essential reading for all those interested in disability sport coaching practice elite sport development and the Paralympic Games *Routledge Handbook of Sports Coaching* Paul Potrac,Wade Gilbert,Jim Denison,2013-03-05 Over the last three decades sports coaching has evolved from a set of customary practices based largely on tradition and routine into a sophisticated reflective and multi disciplinary profession In parallel with this coach education and coaching studies within higher education have developed into a coherent and substantial field of scholarly enquiry with a rich and sophisticated research literature The Routledge Handbook of Sports Coaching is the first book to survey the full depth and breadth of contemporary coaching studies mapping the existing disciplinary territory and opening up important new areas of research Bringing together many of the world s leading coaching scholars and practitioners working across the full range of psychological social and pedagogical perspectives the book helps to develop an understanding of sports coaching that reflects its complex dynamic and messy reality With more importance than ever before being attached to the role of the coach in developing and shaping the sporting experience for participants at all levels of sport this book makes an important contribution to the professionalization of coaching and the development of coaching theory It is important reading for all students researchers and policy makers with an interest in this young and flourishing area Sport Coaching Concepts John Lyle,Chris Cushion,2016-11-10 Coaching is a vital factor for success in sport at all levels Sport Coaching Concepts offers a comprehensive introduction to the theoretical issues that underpin sport coaching practice Now in a fully revised and updated new edition it explains why a conceptual approach to sport coaching is more important than ever before using practice orientated analysis to help students develop a full understanding of coaching theory and technique Drawing on more than a decade s worth of research the book reflects upon the profound changes that have transformed coach education and development It covers all the key topics of the sport coaching curriculum and includes six new chapters on the evolution of coaching theory coaching expertise decision making social perspectives on the coach athlete relationship social inclusion and principles of coach development Each chapter contains a full range of pedagogical features to aid learning including discussion questions practical projects guides to further reading case studies and insights from practising coaches Sport Coaching Concepts is essential reading for all students of sport coaching and any serious coaches looking to develop their own coaching practice *Sports Coaching Research* Anthony Bush,Michael Silk,David Andrews,Hugh Lauder,2013-05-02 This book raises critical questions about the explanatory framework guiding sports coaching research and presents a new conceptualization for research in the field Through mapping and contextualizing sports coaching research within a corporatized higher education the dominant or legitimate forms of sports coaching knowledge are problematized and a new vision of the field which is socially and culturally responsive communitarian and justice oriented emerges **Routledge Handbook of Physical Cultural Studies** Michael

Silk, David Andrews, Holly Thorpe, 2017-02-10 Physical cultural studies PCS is a dynamic and rapidly developing field of study. This handbook offers the first definitive account of the state of the art in PCS showcasing the latest research and methodological approaches. It examines the boundaries, preoccupations, theories and politics of PCS drawing on transdisciplinary expertise from areas as diverse as sport studies, sociology, history, cultural studies, performance studies and anthropology. Featuring chapters written by world leading scholars, this handbook examines the most important themes and issues within PCS exploring the active body through the lens of class, age, gender, sexuality, race, ethnicity, disability, medicine, religion, space and culture. Each chapter provides an overview of the state of knowledge in a particular subject area while also considering possibilities for developing future research. Representing a landmark contribution to physical cultural studies and allied fields, the Routledge Handbook of Physical Cultural Studies is an essential text for any undergraduate or postgraduate course on physical culture, sports studies, leisure studies, the sociology of sport, the body or sport and social theory.

Coaching Children in Sport Ian Stafford, 2011-05-02 All coaches working with children will know that they differ substantially from adults in their capabilities, capacity for development and in their ability to meet the demands that sport places upon them. *Coaching Children in Sport* provides an up to date, authoritative and accessible guide to core knowledge and coaching skills for anybody working with children in sport. Written by a team of leading international coaching experts, teachers, psychologists and specialists in children's issues in sport and health, the book explains why children should not be treated as mini adults in sport and helps coaches to devise effective ways of working that not only achieve results but also take into account the best interests of the child. It examines key topics such as fundamental coaching skills, coaching philosophies and models, children's physical and psychosocial development, children's motivation, safeguarding and child protection issues and coaching ethics, sport and children's health, talent identification and high performance coaching, reflective practice in sports coaching. Including case studies, practical reflective activities and guides to further reading throughout, *Coaching Children in Sport* is an essential text for all courses and training programmes in sports coaching. It is also vital reading for all students, teachers and practitioners working with children in sport, physical education or developmental contexts. *Handbook of Sports Medicine and Science* Yves C. Vanlandewijck, Walter R.

Thompson, 2016-06-01 Part of the esteemed IOC Handbook of Sports Medicine and Science series, this new volume on *Training and Coaching the Paralympic Athlete* will be athlete centred, with each chapter written for the practical use of medical doctors and allied health personnel. The chapters also consider the role of medical science in the athlete's sporting career and summarize current international scientific Paralympic literature. Provides a concise, authoritative overview of the science, medicine and psychosocial aspects of training and coaching disabled and Paralympic athletes. Offers guidance on medical aspects unique to the training and coaching of Paralympic athletes. Endorsed by both the International Olympic Committee (IOC) and the International Paralympic Committee (IPC). Written and edited by global thought leaders in sports.

medicine *Sports Coaching Education and Alternative Pedagogies* Laura Purdy, Natalie Barker-Ruchti, 2025-02-27 Sports Coaching Education Applying Innovative Pedagogies theorises alternative pedagogies and presents examples of what such teaching looks like in sports coaching higher education To do this this new volume outlines the teaching goals of higher education coach education summarises the limitations of this education that research has demonstrated and presents alternative pedagogy as a way forward The book then turns to showcasing work by an international selection of authors practicing alternative pedagogies that focus on a range of topical issues relevant to sports coaching such as ethics power safeguarding abuse sustainability gender sexuality race ethnicity pain injury the authors of each of the international chapters outline the alternative pedagogical approach they employ in their teaching and present exemplary teaching materials that can be used by educators Alternative or non traditional pedagogies are strategies of delivery that are becoming more popular in undergraduate and postgraduate coach education Sports Coaching Education Applying Innovative Pedagogies raises attention to contemporary issues in sports coaching and alternative pedagogies of delivery for university coach education students Using alternative pedagogies the book presents coach education teaching materials on a range of topical issues that higher education scholars can implement in their teaching and will be key reading for academics researchers and students in the areas of sport coaching sport education and the related disciplines Sports Coaching John Lyle, Chris

Cushion, 2010-06-29 Sports Coaching Professionalisation and Practice is a comprehensive evidence based textbook of sports coaching theory and practice The book is edited by leading academics in sports coaching studies and authored by a world renowned team of experts in sports coaching research It deals with all aspects of coaching behaviour and practice including coaches decision making coaching pedagogy and the development of expertise Each of the chapters provides an up to date position statement on coaching themes and makes explicit reference to the professionalisation of coaching Written in an accessible style and identifying critical ideas and issues the book will complement and challenge both undergraduate and postgraduate teaching programmes and will be an invaluable source of ideas for researchers and academics Multicontributed chapters follow uniform structure to increase clarity and accessibility of text Snapshots of critical ideas and issues presented as models or diagrams to facilitate students understanding Case examples and scenarios illustrate key concepts in each chapter Latest research and current literature summarised for each thematic topic **Learning Culture through Sports**

Sandra Spickard Prettyman, Brian Lampman, 2010-09-16 In today's culture sports wield a weight influence this influence however is rarely examined Similar to the first edition this second edition of Learning Culture Through Sports provides coaches educators parents and others dealing with students and athletes with an engaging and critical context for probing the sociological basis of this influence The book's sections each address a particular issue in sport youth and sport gender and sexuality race and ethnicity sport media and big business and international perspectives on sport and participation Leading experts in the field present new and exciting avenues for exploring sport in our world allowing us to recognize its

tremendous influence both positive and negative in our lives and in our world This new edition also includes cutting edge research examining contemporary issues and controversies surrounding sport today These issues analyzed from multiple perspectives will inspire readers to change the game in positive ways The Ethics of Sports Coaching Alun R Hardman, Carwyn Jones, 2010-12-02 Is the role of the sports coach simply to improve sporting performance What are the key ethical issues in sports coaching practice Despite the increasing sophistication of our understanding of the player sport coach relationship the dominant perspective of the sports coach is still an instrumental one focused almost exclusively on performance achievement and competitive success In this ground breaking new book leading sport scholars challenge that view arguing that the coaching process is an inherently moral one with an inescapably ethical dimension involving intense relationships between players and coaches The Ethics of Sports Coaching critically examines this moral aspect develops a powerful idea of what sports coaching ought to be and argues strongly that coaches must be aware of the ethical implications of their acts The book is structured around four central themes the nature of coaching the character of the coach coaching specific populations and specific coaching contexts It explores in detail many of the key ethical issues in contemporary sports coaching including coaching special populations the ethics of talent identification understanding the limits of performance enhancement coaching dangerous sports expatriate coaching setting professional standards in sports coaching Combining powerful theoretical positions with clear insights into the everyday realities of sports coaching practice this is an agenda setting book It is essential reading for all students researchers and practitioners with an interest in sports coaching or the ethics and philosophy of sport **Sport, Theory and Social Problems** Eric Anderson, Adam White, 2017-07-21 In a revised updated and considerably expanded new edition of Sport Theory and Social Problems authors Eric Anderson and Adam White examine how the structure and culture of sport promotes inequality injury and complicity to authority at the non elite levels of play in Anglo American countries By introducing students to a research led perspective on sport it highlights the operation of power patriarchy and pain that a hyper competitive sporting culture promotes Each chapter includes at least one key social theory which is made accessible and pragmatic The theory is then infused throughout the chapter to help the student engage with a deeper understanding of sport In addition to examining how sport generates otherness distracts children from education and teaches the acceptance of emotional and physical violence this new edition also examines how organized competitive sport divides us by race denies children the right to their own governance and promotes brain trauma and chronic traumatic encephalopathy in those who are too young to consent to play contact sports Sport Theory and Social Problems A Critical Introduction is an essential textbook for any sport studies degree with a focus on the sociology of sport sport and social theory children s health and wellbeing or sport and gender studies The Routledge Handbook of Coach Development in Sport Steven B. Rynne, Clifford J. Mallett, 2024-05-24 The Routledge Handbook of Coach Development in Sport is a comprehensive text that underscores the importance of learning and context for those who sculpt the environment

in which people of all ages develop in and through sport Coaches and those responsible for the development of coaches are best positioned as both learners and facilitators of learning As sport becomes more globalised the concomitant professionalisation of coaches necessitates ongoing learning and development to embrace new knowledge and understanding Moreover contemporary coach development presents as a wicked problem in that it continues to evolve it is contextually bound and there is no single or obvious way to approach it Problematically there is often limited assistance available to support coaches and coach developers in their ongoing development As such this book provides a truly international reference point that brings together leading scholars and practitioners from across the globe to provide an overview of the theories and practices of coaches and coach developers that are impacting the quality of sporting environments Therefore this book is an important reference for researchers scholars and practitioners alike in the fields of Sport Coaching Coach Development Sport Development Sport for Development Physical Education and related disciplines Sport, Society and Social Problems Eric Anderson, Adam White, 2010-06-25 What impact does sport have on the lives of ordinary people How does sport help to perpetuate inequalities in society What can social theory tell us about the role of sport in society At their origin competitive sports were institutionalized in Western cultures for the privilege of white heterosexual men Over time sport has become more open to categories of people traditionally marginalized in society women those from lower social classes gay men people of colour and those differently abled However focusing solely on increased social inclusion in sport masks significant problems with both the culture and structure of sport This critical textbook examines social exclusion in sport and analyzes the socio negative attributes associated with competitive institutionalized sport for all who play Focusing on sport at non elite levels this book explores the lives of everyday citizens who play and examines how inequality and social deviance are structured into the social and sporting system Each chapter uses a key social theory to address a particular social problem in sport such as learned obedience to authority the acceptance of pain and injury the adoption of hyper masculine homophobic and sexist attitudes the teaching of in group out group and the use of sport as a false mechanism for social mobility By concentrating on real sport and through the use of startling vignettes illustrating the experiences of real people this textbook develops the critical senses social conscience and theoretical understanding of all students of sport and anybody for whom sport is part of their everyday life **Practical Sports Coaching** Christine Nash, 2022-03-27 Practical Sports Coaching is a thorough and engaging guide for all sports coaching students and practitioners Drawing on real life case studies and examples the book is designed to develop practical coaching skills and provides readers with the methods and tools they need to become an expert coach Structured around all facets of the coaching process the text comprehensively covers topics such as Preparing to Coach the Role and Philosophy of Coaching Coaching Environments and the use of Modern Technology in Coaching This new and fully updated edition includes several new chapters that examine new and critical research areas such as the Coaching Professional Coach Wellness Mental Health and Performance Analysis for

Coaches The book's practical approach allows the reader to consider common challenges faced by coaches suggesting solutions to performance concerns and preparing students for the realities of professional sports coaching The contributors draw upon their practical coaching experience as well as an understanding of coach learning and development Practical Sports Coaching helps to bridge the gap between theory and practical coaching skills and is an essential text for coaching students looking to deepen their understanding of sports coaching and experienced coaches developing their own practical skills

Developing Sport for Women and Girls Emma Sherry, Katie Rowe, 2020-04-16 Women and girls are often excluded from organised sport or face challenges in accessing sport or developing within sport This is the first book to focus on sport development for women and girls It provides a theoretical and practical framework for readers in the emerging field of sport development Developing Sport for Women and Girls examines both the development of sport and development through sport with expert contributions from Australasia North America and Europe It offers critical analysis of contemporary sport development from high performance pathways to engaging diverse communities to the use of sport to empower women and girls Each chapter explores various contexts of sport development and sport for development theory with a specific focus on women and girls It covers key topics such as health education sexual orientation and participation across the lifecourse and features international case studies in every chapter This is essential reading for students academics researchers and practitioners working in the area of sport development or sport management

Safeguarding, Child Protection and Abuse in Sport Melanie Lang, Mike Hartill, 2014-07-11 The safeguarding of children and young people participating in sport has become an increasingly prominent concern in policy making and research communities around the world Major organisations such as the IOC and UNICEF now officially recognize that children in sport can be at risk of exploitation and abuse and this concern has led to the emergence of new initiatives and policies aimed at protecting vulnerable young people and athletes This book is the first to comprehensively review contemporary developments in child protection and safeguarding in sport on a global level The book is divided into two parts Part One critically analyses current child protection and safeguarding policy and practice in sport across a range of countries including the US Canada the UK Australia China and Germany providing a global context for current policy and practice This represents the most comprehensive review to date of the landscape of child protection and safeguarding in sport and provides a starting point for critical international comparisons Part Two explores a range of issues related to child protection and safeguarding in sport including many not covered in previous books such as emotional abuse injury and over training While in many instances the impetus for policy in this area has arisen from concerns about sexual abuse the second part of this book therefore opens up a broader more holistic approach to child and athlete welfare By bringing together many of the leading researchers working in child and athlete protection in sport from around the world this book is important reading for all advanced students researchers policy makers or practitioners working in youth sport physical education sports coaching coach education or

child protection
