First Time Up Brock Dethier,2008-09-30 First time up an insider s friendly question from 1960s counter culture perfectly captures the spirit of this book A short supportive practical guide for the first time college composition instructor the book is upbeat wise but friendly casual but knowledgeable like the voice that may have introduced you to certain other firsts With an experiential focus rather than a theoretical one First Time Up will be a strong addition to the newcomer s professional library and a great candidate for the TA practicum reading list Dethier author of The Composition Instructor s Survival Guide and From Dylan to Donne directly addresses the common headaches nightmares and epiphanies of composition teaching especially the ones that face the new teacher And since legions of new college composition teachers are either graduate instructors TAs or adjuncts without a formal background in composition studies he assumes these folks as his primary audience Dethier s voice is casual but it conveys concern humor experience and reassurance to the first timer He addresses all major areas that graduate instructors or new adjuncts in a writing program are sure to face from career anxiety to thoughts on grading and keeping good classroom records Dethier s own eclecticism is well represented here but he reviews with considerable deftness the value of contemporary scholarship to

first time writing instructors many of whom will be impatient with high theory Throughout the work he affirms a humane confident approach to teaching along with a true affection for college students and for teachers just learning to deal with them

Mechanically Inclined Jeff Anderson, Lisa Thibodeaux, 2024-12-09 Some teachers love grammar and some hate it but nearly all struggle to find ways of making the mechanics of English meaningful to kids As a middle school teacher Jeff Anderson also discovered that his students were not grasping the basics and that it was preventing them from reaching their potential as writers Jeff readily admits I am not a grammarian nor am I punctilious about anything so he began researching and testing the ideas of scores of grammar experts in his classroom gradually finding successful ways of integrating grammar instruction into writer s workshop Just in time for its 20th anniversary this long awaited second edition of Mechanically Inclined continues to merge the best of writer s workshop elements with relevant theory about how and why skills should be taught It connects theory about using grammar in context with practical instructional strategies explains why kids often don t understand or apply grammar and mechanics correctly focuses on attending to the high payoff or most common errors in student writing and shows how to carefully construct a workshop environment that can best support grammar and mechanics concepts In this new edition longtime colleague Lisa Thibodeaux joins Jeff in emphasizing four key elements for grammar instruction short daily instruction in grammar and mechanics within writer s workshop using high quality mentor texts to teach grammar and mechanics in context visual scaffolds including wall charts and visual cues that can be pasted into writer s notebooks regular short routines like express lane edits that help students spot and correct errors automatically Comprising an overview of the

research based context for grammar instruction a series of over forty detailed lessons updated research compelling new mentor texts and an appendix of helpful forms and instructional tools Mechanically Inclined is a boon to teachers regardless of their level of grammar phobia It shifts the negative rule plagued emphasis of much grammar instruction into one which celebrates the power and beauty these tools have in shaping all forms of writing Common Core CPR ReLeah Cossett Lent, Barry Gilmore, 2013-09-27 The ideal Newly minted high school graduates all across the nation each one a complex text genius a writer and analytic thinker beyond compare All on to glorious colleges and careers thanks to the Common Core The reality The 1 3 million students who fail to graduate from high school each year and the hundreds of thousands more who either gave up or lost interest long ago The reality is why Common Core CPR is needed Urgently Because if we continue to insist that all students meet expectations that are well beyond their abilities and mindsets these kids will only decline faster We must be brave enough and trained enough to cast aside what we know harms students and apply with renewed vigor the teaching methods we know work Releah Lent and Barry Gilmore rise to the challenge and there are no two authors better equipped to do so They embrace what is best about the standards their emphasis on active authentic learning and then explicitly show teachers how to connect these ideal outcomes to practical classroom strategies detailing the day to day teaching that can coax reluctant learners into engagement and achievement You ll learn how to Consider choice and relevance in every assignment Plan and spot opportunities for success Scaffold students comprehension of complex fiction and nonfiction texts Model close reading through thoughtful questioning Teach students to use evidence in reading writing speaking and reflection And so much more It s not the big sweeping formulas for achievement that will win the day it s the incremental growth that teachers need to make happen that one book that one writing assignment to help a student turn a corner If we can get that one transformational moment to occur and follow it up by designing more opportunities for success that s the ideal say Lent and Gilmore **Coaching Writing in Content Areas** William Strong, 2012 From one of America s most respected writing professors practical motivating strategies for making writing a tool for learning and for integrating it into content area instruction This resource helps new and veteran teachers work smarter not harder Prompted by a near total neglect of writing in content areas outside English and drawing on the work of expert teachers Bill Strong shows how write for insight coaching strategies enhance content learning The clear personal voice of the book coupled with its rich examples has made the first edition a thumbs up favorite with National Writing Project sites across the nation Early chapters of the book show how expressive writing can spark active learning the later chapters demonstrate how public writing can extend student knowledge preparing students for future success in academic and employment arenas Written by a masterful teacher of teachers the book s friendly thought provoking style is appropriate for both in service and pre service teachers in diverse disciplines *Examining Response to Intervention (RTI) Models in Secondary Education* Epler, Pam, 2015-07-25 Response to Intervention RTI is an intervention model designed to assist all students regardless of their academic ability It
