El Camaleon Camaleónico:

El camaleón camaleónico (Colección Eric Carle) Eric Carle, 2024-07-11 Un cuento de Eric Carle sobre un camaleón que quiere cambiar para volver a ser el mismo. Sentado en una rama esperando su almuerzo, el camaleón camaleónico observa a los demás animales. Quisiera ser blanco como el oso polar o elegante como el flamenco o tener un largo cuello como la jirafa. Uno tras otro, el camaleón se va transformando en un ser muy original pero incapaz de comerse esa deliciosa mosca. Aprender el camaleón que lo importante es ser siempre fiel a uno mismo. El camaleón camaleónico (Colección Eric Carle),

Diccionario enciclopédico universal ..., 1976 Invulnerables e invertebrados Lola López Mondéjar, 2022-03-23 Un ensayo valiente y profundo que estudia cómo se expresa el sujeto posmoderno en la época de la hiperconectividad, la desafección y el individualismo. Cada época produce unos determinados malestares que la representan. Si el siglo XIX fue el siglo de la histeria y la neurosis obsesiva, las patologías que definen nuestro tiempo son la depresión, las adicciones, la ansiedad, la anorexia y la bulimia, el trastorno bipolar y la obesidad. En este ensayo, la psicoanalista Lola López Mondéjar analiza las estrategias que utiliza el individuo para sobrevivir a la incertidumbre creciente, las mutaciones antropológicas que nos aquejan y las inquietudes que se derivan de ellas a partir de lo que define como fantasía de invulnerabilidad, una particular ilusión narcisista que permite a modo de defensa refugiarse en la omnipotencia y negar la fragilidad. Esta dinámica psicológica da como resultado seres en apariencia invulnerables pero profundamente invertebrados al carecer de cualquier forma de eje moral. Teoría psicoanalítica, sociología, filosofía, cine y literatura, junto con su propia experiencia clínica, tejen un análisis con el que la autora indaga en algunos de los síntomas contemporáneos. Obesidad, actuaciones compulsivas, amor y desamor en los tiempos de Tinder o la desesperada búsqueda de identidad actual son ejemplos de una personalidad hueca y carente de reflexividad que impide a los hombres y mujeres acceder a una subjetividad crítica y creativa. Un ensayo profundo y valiente que arroja luz sobre cuestiones que atañen a la producción de individualidad en la modernidad tardía.

Vocabulario de todas las voces que faltan a los diccionarios de la lengua castellana... o sea Suplemento necesario a los diccionarios de la lengua castellana, publicados hasta el día, para que puedan ser completamente útiles Luis Marty

Caballero, 1857 **Morphologically Derived Adjectives in Spanish** Antonio Fábregas, 2020-11-15 This is the first book that presents a complete empirical description and theoretical analysis of all major classes of derived adjectives in Spanish, both deverbal and denominal. The reader will find here both a detailed empirical description of the syntactic, morphological and semantic properties of derived adjectives in contemporary Spanish and a cohesive Neo-Constructionist analysis of the syntactic and semantic tools that contemporary Spanish has available to build adjectives from other grammatical categories within a Nanosyntactic oriented framework. In doing so, this book sheds light on the nature of adjectives as a grammatical category and argues that adjectives are syntactically built by recycling functional heads belonging to other categories. The book will be useful both to researchers in Spanish linguistics or theoretical morphology and to advanced students of Spanish.
