G. Walpole Sayer,2018-02-03 Excerpt from The Sufficiency and Defects of the English Communion Office HE object which led to the enterprise of this subject was essentially practical Considerable outcry had been raised against the interpolation into the service by the Celebrant of parts of the Unreformed Office The outcry interpreted this action as throwing doubt or discredit on the Office of our Church And this interpretation is justified by the open avowals of many who are addicted to this practice

They allege defect or deficiency in our Office Others indeed without such allegation or conscious admission defend their interpolations as conducing to greater fulness or richness The object of this work in part is to attempt to disprove the charges of insufficiency and to show the redundancy of such interpolations The nature of the interpolations in View has been already defined There is no reference to any private¹ intercessions or devo tions of the Celebrant but to the direct interpolation of portions of other Offices About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
