Medieval Fantasy as Performance

Michael A. Cramer, 2010 In this book Michael Cramer views the Society for Creative Anachronism SCA an organization that studies and recreates the middle ages as a case study for a growing fascination with medieval fantasy in popular culture He explores the act of medieval re-creation as performance by focusing on the SCA describing the group's activities investigating its place in popular culture and looking at the SCA not so much as a historical society but as an on-going work of performance art a postmodern counter culture riff on what it means to be medieval Cramer examines the group's activities from persona and character development to theatrical performance and personal interaction from the complex official ceremonies to full contact armored combat with mock broadswords He explores the SCA in detail to discover how its

members adapt and employ ideas about the Middle Ages in performance ritual reenactment living history and re creation analyzing the performance of identity through ritual sport drama and personal interaction and he focuses on the reconstruction of the medieval king game a game in which a mock king is chosen to reign over a mock court The book also studies various ideas about medievalism including the contrast between reenactment and re creation and places these activities in the context of contemporary American society With three appendixes a bibliography and a selection of photos Cramer demonstrates how and why medieval fantasy is increasingly used in popular culture and analyzes the dissatisfaction with contemporary culture that leads people into these realms of fantasy
