Coum., 2016-02-04 What happens when love is simply not enough Sometimes a woman needs a bad boy type of man to make her feel the excitement of life If that bad boy is a secret billionaire too things could get even more exciting **Trillions** Robin Wigglesworth, 2021-10-12 From the Financial Times's global finance correspondent the incredible true story of the iconoclastic geeks who defied conventional wisdom and endured Wall Street's scorn to launch the index fund revolution democratizing investing and saving hundreds of billions of dollars in fees that would have otherwise lined fat cats' pockets Fifty years ago the Manhattan Project of money management was quietly assembled in the financial industry's backwaters unified by the heretical idea that even many of the world's finest investors couldn't beat the market in the long run The motley crew of nerds including economist wunderkind Gene Fama humiliated industry executive Jack Bogle bull-headed and computer obsessive John McQuown and avuncular former WWII submariner Nate Most succeeded beyond their wildest dreams Passive investing now accounts for more than 20 trillion equal to the entire gross domestic product of the US and is today a force reshaping markets finance and even capitalism itself in myriad subtle but pivotal ways Yet even some fans of index funds and ETFs are growing perturbed that their swelling heft is destabilizing markets wrecking the investment industry and leading to an unwelcome concentration of power in fewer and fewer hands In **Trillions** Financial Times journalist Robin Wigglesworth unveils the vivid secret history of an invention Wall Street wishes was never created bringing to life the characters behind its birth growth and evolution into a world conquering phenomenon This engrossing narrative is essential reading for anyone who wants to understand modern finance and one of the most pressing financial uncertainties of our time **The Beanpole papers, by the author of 'A bad boy's diary'**. Metta Victoria Victor, 1884 **Tom Petty and Philosophy** Randall E. Auxier, Megan Volpert, 2019-01-08 For the first time serious thinkers explore the work of this towering genius of rock music For fans of Tom Petty this volume is an eye opener with fourteen music savvy philosophers looking at different facets of Petty's artistic contribution They examine not only Tom Petty's thoughts but also the thoughts we have while we listen The authors all Petty fans come from every philosophical viewpoint classical analytic postmodernist phenomenological and Nietzschean Tom Petty's body of work exists on a continuum between Folk and Rock between New Wave and Americana between Southern simplicity and West Coast chic There is the legacy left to his main backing band the Heartbreakers but also bookended by Mudcrutch and his collaborations with his elders such as Bob Dylan George Harrison

Roy Orbison and Johnny Cash Tom Petty's songs hook and they captivate but they are often profound in their understatement their stark minimalism His insight into the human condition conveys a powerful philosophical anthropology with a metaphysics of tragedy gravity and levity Tom Petty's ethics focuses on dilemmas of the outcast downtrodden and heartbroken with a view to the fallen and the sinful as our redeemable antiheroes of the everyday His political thinking is that of the artist enlivened by Southern hostilities and Californian futilities culminating in a personal ethic that puts duty to the fans first Petty's theory of knowledge is psychological and interpersonal both deeply meditative and delightfully skeptical The dialectic of love and hate abuse and recovery poverty and power triumph and loss provide the genuine objects of knowledge Above all Petty's songs are the confessions of a poetic mind interpreting a wounded soul Petty lived his life the way he wrote and the way he played It was grit drive and just enough finesse to make things nice where they need to be nice On stage he put the schau in Anschauung Petty stood up to corporate assholes in a number of precedent setting legal maneuvers and album concepts risking his career and fortune but never backing down He was the center of a musical community that endured over four decades His ability to cultivate new generations of listeners while connecting himself backward to the heroes of his own youth have made him universally respected by the widest range of music fans
