Falling Together All That Remains Book 2:

Livy's Women Peter Keegan, 2021-03-08 *Livy's Women* explores the profound questions arising from the presence of women of influence and power in the socio political canvas of one of the most important histories of Rome and the Roman people *Ab Urbe Condita*. From the Foundation of the City this theoretically informed study of Livy's monumental narrative charts the fascinating links between episodes containing references to women in prominent roles and the historian's treatment of Rome's evolutionary foundation story. Explicitly gendered in relation to the socio cultural contexts informing the narrative, the author's background, the literary landscape of Livy's Rome and the subsequent historiographical commentary, this volume offers a comprehensive coherent and contextualised overview of all episodes in *Ab Urbe Condita* relating to women as agents of historical change. As well as providing invaluable insights into socio cultural history for Classicists, *Livy's Women* will also be of interest to instructors, researchers and students of female representation in history in general. **A**

The Athenaeum, 1907 **The Academy and Literature**, 1904 **Handbook of BRICS and Emerging Economies** PB Anand, Shailaja Fennell, Flavio Comim, 2020-12-16 Ever since Jim O'Neill at Goldman Sachs coined the term BRICS in 2001 there have been many different assessments of these major emerging economies with some even proclaiming that the promise of the BRICS comprising Brazil Russia India China and South Africa is over However the so called arranged marriage still seems to be working well with the club having become a formal international forum with summit declarations ministerial meetings and numerous BRICS wide fora Is this euphoria misplaced Is there a BRICS model of economic and human development Are inequalities increasing and is this the denouncement of the economic successes Are geo political tensions rising between these nations

During the post COVID 19 situation the importance of bilateral and multilateral co operation mechanisms and institutions is becoming clear This book focuses on one such emerging co operation mechanism of BRICS but also more widely on those five countries and other similar economies As a global depression looms large global economic recovery depends on the performance of not only its largest economies but also many other important and significant economies within the so called G20 group Even prior to the COVID 19 outbreak multilateral institutions have been under considerable strain as with the relationship between the United States of America and China and risks to global economic recovery appear very real This book brings together multi disciplinary perspectives from over sixty scholars and it presents a comprehensive and deep dive into the BRICS and emerging economies and into an understanding the political economic and social contexts that can help in designing approaches for recovery and regaining the last momentum in the journey towards the Sustainable Development Goals

Passion for Place Book II Anna-Teresa Tymieniecka,2013-06-29 Among the multiple subliminal passions that inspire our life in innumerable ways literature shows us one that seems to play a particularly penetrating role in human concerns This passion which Tymieniecka calls an esoteric passion finds its projection and crystallization in space it is the esoteric passion for space This subliminal passion investigated through literature allows the philosopher to reach beneath the fallacious separations of nature humanness and the cultural world restoring the wholeness of experience that has become lost in the artificial one sidedness of contemporary approaches confined to language as they are The elemental passion for place is investigated here in the literary fruits of creative imagination Unravelling from the very depths of the primogenital onto poietic unfolding of life the passion for place is revealed as projecting into the flux of life it is a station of life significance This collection presents papers from two conferences of the International Society of Phenomenology and Literature held in Cambridge MA in 1993 4
