

The Big Surprise!

Mr. Bear had a big idea. He wanted to have a special birthday for Mrs. Bear. In the morning, while Mrs. Bear was still sleeping, Mr. Bear got up and starting planning the special birthday.

The first thing that Mr. Bear did was clean the kitchen. He started by washing the dishes, then cleaning the sink and washing the floors. Then, he dusted all of the pictures and washed all of the clothes. Finally, Mr. Bear wanted to prepare a special breakfast.

Mr. Bear got the pancake mix and all of the ingredients and made special pancakes. He also cooked some bacon and eggs. The smell was amazing! Before Mr. Bear even finished cooking breakfast, Mrs. Bear woke up.

She smelled the wonderful smell of breakfast and hurried out of bed. When she went into the kitchen, she saw Mr. Bear with his arms wide open waiting to give Mrs. Bear the biggest hug ever. "Happy birthday my love," he said. Mrs. Bear had the best birthday ever because she knew how much she was loved.

Their work provides a faculty with the research step by step guidelines and reporting templates to begin the dialogue to develop a standards based report card. Without a doubt this work is a model for schools that want to improve their system of grading and reporting. It certainly has transformed ours. Jeffrey Erickson, Assistant Principal, Minnetonka High School, MN. Develop standards based report cards that are meaningful to students, parents, and educators. Although schools have moved toward standards based curriculum and instruction, grading practices and reporting systems have remained largely unchanged. Psychology of Reading Mildred C. Robeck, Randall R. Wallace, 2017-11-06 The need to know why as well as how children and youth respond as they do to reading instruction has guided the selection of this book's content. The second edition of this title, originally published in 1990, has retained and elaborated upon the three major themes previously presented: that reading is a linguistic process, that motivation in the affective domain may be as important in learning to read as the cognitive domain, and that the reality of learning theory is to be found in the mechanisms of the brain where information is mediated and memory traces are stored. The text integrates views from cognitive psychology, psycholinguistics, and neuropsychology as they relate to reading and writing. A learning motivation model is provided to present associative learning, conceptualization, and self-directed reading in a hierarchical relationship with distinct cognitive and affective components. The distinction between beginning and proficient reading is maintained throughout the text. Fantasy Literature Mark A. Fabrizio, 2016-10-11

Fantasy literature, often derided as superficial and escapist, is one of the most popular and enduring genres of fiction worldwide. It is also perhaps surprisingly thought provoking, structurally complex, and relevant to contemporary society, as the essays in this volume attest. The scholars, teachers, and authors represented here offer their perspectives on this engaging genre. Within these pages, a reader will find a wealth of ideas to help teachers use these texts in the classroom, challenging students to read fantasy with a critical eye. They employ interdisciplinary philosophical and religious lenses as well as Marxist

and feminist critical theory to help students unlock texts The books discussed include epic fantasy by such authors as Tolkien and Le Guin children s fantasy by Beatrix Potter and Saint Exup ry modern fantasy by Rowling and Martin and even fairy tales and comic books The contributors offer provocations questioning the texts and pushing the boundaries of meaning within the fantasy genre And in doing so they challenge readers themselves to ponder these tales more deeply But through each of these chapters runs a profound love of the genre and a respect for those who produce such beautiful and moving stories Furthermore as with all the books in this series this volume is informed by the tenets of critical pedagogy and is focused on re envisioning fantasy literature through the lens of social justice and empowerment Prepare to be challenged and inspired as you read these explorations of a much loved genre

The Anatomy of National Fantasy Lauren Berlant, 1991-08-13 Examining the complex relationships between the political popular sexual and textual interests of Nathaniel Hawthorne s work Lauren Berlant argues that Hawthorne mounted a sophisticated challenge to America s collective fantasy of national unity She shows how Hawthorne s idea of citizenship emerged from an attempt to adjudicate among the official and the popular the national and the local the collective and the individual utopia and history At the core of Berlant s work is a three part study of *The Scarlet Letter* analyzing the modes and effects of national identity that characterize the narrator s representation of Puritan culture and his construction of the novel s political present tense This analysis emerges from an introductory chapter on American citizenship in the 1850s and a following chapter on national fantasy ranging from Hawthorne s early work Alice Doane s Appeal to the Statue of Liberty In her conclusion Berlant suggests that Hawthorne views everyday life and local political identities as alternate routes to the revitalization of the political and utopian promises of modern national life
