The Cumulative Book Index, 1967 A world list of books in the English language Politics, Society, and the Media,
Second Edition Paul Nesbitt-Larking, 2007-01-01 Politics Society and the Media is the first comprehensive political sociology
of the media to be published in Canada Paul Nesbitt Larking draws upon a range of disciplines including cultural and media
studies political economy social theory and political science to provide an analysis of the relationship between power and
representation in Canada The framework for the book presents a model of the mutual interaction between politics and the
media Attention is focused in the early chapters on how cultural ideological economic and governmental forces shape and
condition the production of media in Canada Chapters on the work of Innis Grant McLuhan and their postmodern successors
place the evolution of McLuhan s theoretical argument that the medium is the message at the heart of the book Canadian
identity and how to understand Canadian media politically is the subject of a chapter on textual analysis Two extensive
chapters follow on the media s influence and effects on politics In addition to standard topics on politics and the media this
new edition offers much more an examination of the media on the politics of gender and aboriginal peoples the micro politics
of the media workplace and an exploration of important media related considerations Throughout reference is made to
relevant and compelling issues placed within the context of media theory Canadian Parties in Transition, Fifth Edition
Alain-G Gagnon, Brian Tanguay, 2024-10-01 The fifth edition of Canadian Parties in Transition continues and enriches the
work of earlier editions in bringing together a highly respected group of scholars to offer a comprehensive account of the
development of party politics in Canada The book addresses the origin and the evolution of the Canadian party system and
discusses how that system has been impacted by regionalism brokerage politics and political marketing It focuses on the

competing ideological currents that occupy the political stage while also paying attention to the role of third parties in federal politics Contributors address the representation and democracy through an exploration of voting systems direct democracy the role occupied by constituencies gender politics and the distinct Quebec dynamics in the federal party system Finally the book analyses topical issues such as electoral participation social movements right wing populist parties political campaigning and digital party politics This new edition has been thoroughly revised and updated to reflect ongoing transformations and includes nineteen new contributing authors and coverage of seven new topics Canadian Parties in Transition presents a multi faceted image of party dynamics electoral behaviour political marketing and representative democracy

Metaheuristics Patrick Siarry, 2016-12-24 Metaheuristics exhibit desirable properties like simplicity easy parallelizability and ready applicability to different types of optimization problems After a comprehensive introduction to the field the contributed chapters in this book include explanations of the main metaheuristics techniques including simulated annealing tabu search evolutionary algorithms artificial ants and particle swarms followed by chapters that demonstrate their applications to problems such as multiobjective optimization logistics vehicle routing and air traffic management The authors are leading researchers in this domain with considerable teaching and applications experience and the book will be of value to industrial practitioners graduate students and research academics
