*Serving Two Masters* Janine E. Griffiths-Baker, 2002-11-27 It is a sine qua non of legal practice that lawyers should not allow themselves to act for two clients whose interests may potentially conflict However this principle is being placed under increasing pressure the main reasons for this being increased demand for specialist legal services the globalisation of commerce a dramatic growth in the size of leading law firms and significantly greater mobility within the legal profession As a result there is a growing trend especially within the commercial legal environment for solicitors to face conflicts of interest which have no easy solution Increasingly conflicts are being managed rather than avoided altogether This is a field within which the Law Society's own rules are flouted on a daily basis and in which these rules appear increasingly at odds with the common law Based on extensive interviews with lawyers and their clients this book provides the first thorough consideration of how conflicts of

interest are handled within law firms It will be essential reading to all those who have an interest in professional legal ethics including law students legal scholars practitioners and regulators **The Lawyer's Conscience** Michael S.

Ariens,2023-07-21 In 1776 Thomas Paine declared the end of royal rule in the United States Instead law is king for the people rule themselves Paine s declaration is the dominant American understanding of how political power is exercised In making law king American lawyers became integral to the exercise of political power so integral to law that legal ethics philosopher David Luban concluded lawyers are the law American lawyers have defended the exercise of this power from the Revolution to the present by arguing their work is channeled by the profession s standards of ethical behavior Those standards demand that lawyers serve the public interest and the interests of their paying clients before themselves The duties owed both to the public and to clients meant lawyers were in the marketplace selling their services but not of the marketplace This is the story of power and the limits of ethical constraints to ensure such power is properly wielded The Lawyer s Conscience is the first book examining the history of American lawyer ethics ranging from the mid eighteenth century to the professionalism crisis facing lawyers today **Brain Injury Medicine, Third Edition** Nathan D.

**The Profession and Practice of Medieval Canon Law** James A. Brundage, 2024-10-28 This latest collection of studies by James Brundage deals with the emergence of the profession of canon law and with aspects of its practice in the period from the 12th to the 14th centuries Substantial numbers of lawyers systematically trained in canon law first appeared in Western Europe during the second half of the 12th century and in the 13th they began to dominate the hierarchy of the Western church By 1250 canon law had grown into something more than a profitable occupation it had become a recognizable profession in the strict meaning of the term as it is still used today University law faculties trained aspiring canonists in the mysteries of their craft and put them through intellectually demanding exercises that terminated in a formal examination before they received their degrees Judges in church courts formally admitted them to practice after verifying their educational qualifications and administered prescribed rules of conduct Particular topics are the canonists system of legal ethics the education and training of canon lawyers in university law faculties and some fundamental features of the professional practice of canon law both in medieval Europe and in the crusading states of the Levant

**The Law Student's Helper**, 1898 Ethical Decision Making for the 21st Century Counselor Donna S. Sheperis, Stacy L. Henning, Michael M. Kocet, 2015-09-16 Ethical practice is an essential aspect of counselor training In order for counselors to competently work with clients they must be well versed in ethical codes ethical decision making and legal issues impacting the profession Ethical Decision Making for the 21st Century Counselor provides the fundamentals of ethical practice with emphasis on ethical decision making and is structured to facilitate the development of these skills Authors Donna S Sheperis Stacy L Henning and Michael M Kocet move the reader through a developmental process of understanding and applying ethical decision making Individuals will be able to incorporate ethical practice into their understanding of the counseling process and integrate ethical decision making models into their counseling practice This unique approach differs from existing texts because of its strong emphasis on practical decision making and focus on understanding the process of applying a standard ethical decision model to any ethical scenario Students build a foundation in how to evaluate an ethical situation and feel confident that they have applied a set of decision models to reach the best decision
