Aesthetic & Restorative Dentistry Douglas A. Terry, Karl F. Leinfelder, Willi Geller, 2009 This dynamic multi contributor book illustrates important esthetic and restorative dental procedures as they are used in everyday clinical situations. It is designed to explain how a selected material and/or instrument can be used as part of a thorough protocol to achieve restorative excellence. With the scientific knowledge and clinical and laboratory expertise of an elite international editorial team, this book encompasses many facets of dentistry including biomaterials, dental technology, operative dentistry, prosthodontics, orthodontics, periodontics, and implant dentistry. Each chapter is divided into two parts. The first part consists of the latest evidence-based clinical concepts and biomaterials information related to the topic. The second section provides step-by-step, high-quality illustration of the associated clinical procedures. The detailed photographic description of restorative and surgical procedures will ensure proper decision making and enhanced technique. Clinicians, technicians, and auxiliary staff will discover ways to make improvements in their work, maximize their productivity, and provide improved oral health to their patients.

Restorative Gap Management in the Esthetic Zone Konrad H. Meyenberg, 2023-04-24 Today adhesive techniques for partial crowns and bridges have become routine protocol complementing established treatment.

options for fixed prosthodontics Minimally invasive or noninvasive treatment options such as direct bonding with composite veneers or resin bonded bridges greatly help to reduce esthetic technical and biologic complications and increase the potential for reintervention Therefore these alternatives to anterior implants have gained increasing importance Consequently this book covers a wide spectrum of therapeutic means to deal with gaps in the anterior region The content is divided into the following sub themes moving the orthodontic approach bonding the restorative noninvasive approach placing pontics the reconstructive approach with bonded or full crown bridges and placing implants the implantologic approach
