Ethics And Business An Introduction Cambridge Applied Ethics:

Ethics and Business Kevin Gibson, 2007-07-19 In this lively undergraduate textbook Kevin Gibson explores the relationship between ethics and the world of business and how we can serve the interests of both. He builds a philosophical groundwork that can be applied to a wide range of issues in ethics and business and shows readers how to assess dilemmas critically and work to resolve them on a principled basis. Using case studies drawn from around the world, he examines topics including stakeholder responsibilities, sustainability, corporate social responsibility, and women and business. Because business can no longer be isolated from its effects on communities and the environment, these concerns are brought to the forefront. The book also captures the dynamic nature of business ethics in the era of globalization, where jobs can be outsourced, products are made of components from scores of countries, and sweatshops often provide the cheap goods the public demands.

Ethics and Finance John Hendry, 2013-11-07 *Ethics and Finance: An Introduction* provides a comprehensive and accessible introduction to the ethical issues raised by modern finance. Drawing carefully on ethical theory and with frequent use of case studies, it includes an analysis of the global financial system and its regulation and control, as well as a detailed analysis of the financial crisis. Chapters on specific areas of finance practice cover all the major financial scandals of recent times, from mis-selling to market manipulation and from insider trading to bankers' bonuses, as well as much more positive developments. From micro-finance to derivatives trading, the book provides a careful and balanced treatment designed to help finance students and practitioners approach this sensitive topic in a thoughtful and constructive way. No prior knowledge of ethics or finance is required, and the book will be invaluable to students, finance teachers, practitioners, and regulators.

Concise Encyclopedia of Applied Ethics in the Social Sciences Tuija Takala, Matti Häyry, 2024-04-12 Covering a vast array of disciplines, this prescient Encyclopedia analyzes the many roles that applied ethics plays in the social sciences. Entries scrutinize the various manifestations of ethics across a range of disciplines and subdisciplines, such as animal studies, criminology, and global health.

Applied Ethics in the Fractured State Bligh Grant, Joseph Drew, Helen E. Christensen, 2018-11-12 This book brings together the refereed proceedings of the 24th Annual Conference of the Australian Association of Professional and Applied Ethics (AAPAE) Applied Ethics in the Fractured State, held at the Institute for Public Policy and Governance, University of Technology Sydney, in June 2017.
