Engaging The Culture Christianity Today Study Series:

Engaging the Culture Christianity Today International Staff, **Engaging the World with Abraham Kuyper**

Michael R. Wagenman, 2019-08-21 Christ declares Mine over every square inch of creation In his well known quote Abraham Kuyper expressed the defining characteristic of his public theology Jesus sovereignty extends over all things He believed Christians should engage the whole world in all of its various spheres But what does that comprehensive calling practically look like for us today In *Engaging the World with Abraham Kuyper* Michael Wagenman explores the practical application of Kuyper's public theology Using Kuyper's own life as an example he shows us how the gospel can permeate all aspects of society our identity public discourse education the church politics Ultimately this means engaging the world with perceptive truth that's mindful of the dynamics at work in our time and place

Losing Our Religion? Kevin Ronald Ward, 2013-10-22 Church going in most Western societies has declined significantly in the wake of the social and cultural changes that began in the 1960s Does this mean that people in these societies are losing any religious dimension in their lives or is it being expressed in other forms and places This study begins by looking at comparative data on how church going patterns have changed in five countries Britain the United States Canada Australia and New Zealand examining reasons for the decline how churches have responded to these changes and why some churches have shown greater resilience It then explores some of the particular challenges these changes pose for the future of churches in these societies and some of the responses that have been made drawing on both sociological and theological insights The conclusion is that despite the loss of belonging believing persists and religion continues to play a significant role in these societies mediated in a variety of diffuse cultural forms Cases illustrating these changes are largely drawn from New Zealand which as the country most recently settled by Europeans has always been secular and thus provides helpful insights

Less of More Chris Nye, 2019-05-21 The US Constitution guarantees the right to the pursuit of happiness But for most Americans what this really means is the pursuit of more more money more prestige more stuff We've made idols out of innovation growth power and wealth Far from offering us happiness and satisfaction this relentless pursuit of more has only left us exhausted isolated miserable and wondering if there is a better way There is *Less of More* exposes the American pursuit of more for what it truly is an attempt to satisfy our souls with the temporary instead of the eternal Pastor and writer Chris Nye invites us to consider what a full and abundant life looks like apart from money status and power He exposes the lies inherent in our obsession with growth fame and wealth and calls us to a countercultural life marked by connection obscurity vulnerability and generosity For anyone who has gained the world but lost their soul *Less of More* offers a compelling path toward a life of true deep lasting satisfaction with Jesus not us at the center of it

Christians in the Age of Outrage Ed Stetzer, 2018-10-02 Are you tired of reading another news story about Christians supposedly acting at their worst Today there are too many examples of those claiming to follow Christ being caustic divisive and irrational contributing to dismissals of the Christian faith as hypocritical self interested and

politically co-opted. What has happened in our society. One short outrageous video, whether it is true or not, can trigger an avalanche of comments on social media. Welcome to the new age of outrage. In this groundbreaking book featuring new survey research of evangelicals and their relationship to the age of outrage, Ed Stetzer offers a constructive way forward. You won't want to miss Ed's insightful analysis of our chaotic age, his commonsensical understanding of the cultural currents, and his compelling challenge to Christians to live in a refreshingly different way.

Sport and Christianity Matt Hoven, Andrew Parker, Nick J. Watson, 2019-10-31. Many people are passionate about sport, yet few give thought to its role and importance in their lives, let alone its relationship to Christian faith. This book examines the potential of sports and challenges readers to consider how it relates to their deepest passions, behaviours, and actions, while providing newcomers to the field with a framework to help consider the connection between sports participation and faith-based values. Featuring academic writers from a range of disciplinary fields including philosophy, theology, sports studies, and education, *Sport and Christianity: Practices for the Twenty-First Century* sheds insight into the meaning of sports for Christians as participants and as practitioners. Divided into practices for the mind, for the heart, and for moral life, the numerous topics include the value of play in sports, sports as a means for dialogue between faith traditions, sports as a place to cultivate virtue, and the Christian spiritual life and prayer and religious experiences in sports. The result is a text that promotes new ways of thinking about the sports-Christianity relationship while at the same time developing a deeper understanding of the place of sports in our everyday lives.

Ethics and Christian Musicking Nathan Myrick, Mark Porter, 2021-03-22. The relationship between musical activity and ethical significance occupies long traditions of thought and reflection both within Christianity and beyond. From concerns regarding music and the passions in early Christian writings through to moral panics regarding rock music in the 20th century, Christians have often gravitated to the view that music can become morally weighted, building a range of normative

practices and prescriptions upon particular modes of ethical judgment But how should we think about ethics and Christian musical activity in the contemporary world As studies of Christian musicking have moved to incorporate the experiences agencies and relationships of congregations ethical questions have become implicit in new ways in a range of recent research how do communities negotiate questions of value in music How are processes of encounter with a variety of different others negotiated through musical activity What responsibilities arise within musical communities This volume seeks to expand this conversation Divided into four sections the book covers the relationship of Christian musicking to the body responsibilities and values identity and encounter and notions of the self The result is a wide ranging perspective on music as an ethical practice particularly as it relates to contemporary religious and spiritual communities This collection is an important milestone at the intersection of ethnomusicology musicology religious studies and theology It will be a vital reference for scholars and practitioners reflecting on the values and practices of worshipping communities in the contemporary world

An Uncommon Union John D. Hannah, 2009-10-24 Dallas Theological Seminary is often viewed as a bastion of conservative evangelicalism marked by an unswerving devotion to theological positions of fundamentalism biblical inerrancy and dispensational premillennialism *An Uncommon Union* the first book length history of Dallas Theological Seminary written by a graduate and veteran faculty member of DTS provides a necessary corrective to such a simplistic assessment Using the tenures of the school's five presidents as the backbone for his narrative John D Hannah reveals the tensions that DTS has experienced in its eighty plus years of existence Each successive president of DTS brought his own unique style and perceptions to the school even as he dealt with the changing religious and cultural milieu that swirled around it Hannah argues that rather than being a monolithic institution Dallas Theological Seminary is a unique blend of differing heritages and of opposing traditions a place that defies easy categorization A keenly insightful and thoughtful work *An Uncommon Union* illuminates the path charted by the leaders of a prominent American seminary in a rapidly changing world All readers interested in the history and future of evangelicalism regardless of their theological persuasion will benefit from this book

Church & Synagogue Libraries, 2005 *Dominion!* C. Peter Wagner, 2022-06-21 We were made to change the world Dr C Peter Wagner explains the urgent mandate for believers to get involved in every sphere of society in order to bring about Kingdom transformation

Power, Agency, and Women in the Mission of God Susan L. Maros, Vince L. Bantu, Kirsteen Kim, 2024-05-10 This volume fulfills the need for an accessible academic book that addresses the gender issues that women face as Christian disciples whether in formal leadership roles or engaging leadership in informal means and considers these issues in the context of world Christianity In an era in which mission is from everywhere to everywhere when local churches strive to be missional and when Christians are engaged in intercultural ministry this book invites a scholar practitioner conversation engaging multiple disciplines and perspectives to explore the role of women in the mission of God An interdisciplinary and intercultural conversation about women will enrich the church's ongoing effort to be faithful to God's

call to women and men to participate in God's work in the world *Islam Christianity Today International*,2008-10-07 The Christian Today Study Series delves into today's vital cultural issues to get to the heart of what these topics mean to you Each 8 week study is based on articles written by some of today's leading Christian authors and published by the Christianity Today magazines These remarkable studies will foster deep authentic and relevant discussion that will challenge and grow any small group Islam will take on a variety of topics such as Violence Peace in Islam Understanding Islamic Beliefs Understanding Jihad Reaching Out to Muslim Neighbors Friends Based on articles by a variety of authors such as Stan Guthrie Wendy Murray Zoba Miriam Adeney The End of Evangelicalism? Discerning a New Faithfulness for Mission David E. Fitch,2011-02-04 In *The End of Evangelicalism* David Fitch examines the political presence of evangelicalism as a church in North America Amidst the negative image of evangelicalism in the national media and its purported decline as a church Fitch asks how evangelicalism's belief and practice has formed it as a political presence in North America Why are evangelicals perceived as arrogant exclusivist duplicitous and dispassionate by the wider culture Diagnosing its political cultural presence via the ideological theory of Slavoj Zizek Fitch argues that evangelicalism appears to have lost the core of its politic Jesus Christ In so doing its politic has become empty Its witness has been rendered moot The way back to a vibrant political presence is through the corporate participation in the triune God's ongoing work in the world as founded in the incarnation Herein lies the way towards an evangelical missional political theology Fitch ends his study by examining the possibilities for a new faithfulness in the current day emerging and missional church movements springing forth from evangelicalism in North America Paul Tillich and His System of Paradoxical Correlation Charles Amarkwei,2020-05-05 This book shows the paradoxical mode by which Christians keep their faith in the Christian message as they relate with science It reveals how Paul Tillich's method of correlation helps us to understand how Christians interact with science without necessarily conflicting separating and dialoguing and synthesizing with each other It rules out natural theology but provides a non eclectic theology of nature that frees Christians to be involved in science meaningfully and without undermining their faith Encyclopedia of Christian Education George Thomas Kurian,Mark A. Lamport,2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries In *The Encyclopedia of Christian Education* contributors explore the many facets of Christian education in terms of its impact on curriculum literacy teacher training outcomes and professional standards This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy home schooling Sunday schools women's education graded schools compulsory education of the deaf and

blind and kindergarten With an editorial advisory board of more than 30 distinguished scholars and five consulting editors The Encyclopedia of Christian Education contains more than 1 200 entries by 400 contributors from 75 countries These volumes covers a vast range of topics from Christian education History spanning from the church s founding through the Middle Ages to the modern day Denominational and institutional profiles Intellectual traditions in Christian education Biblical and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education **Thinking the Greeks** Bruce M. King, Lillian Doherty, 2018-07-27 This volume from an international and interdisciplinary cohort of scholars offers independent minded essays about central Greek texts and about the relation of social theory and comparative method to the study of archaic and classical Greek literature It is in honour of James M Redfield whose innovative and theoretically informed work has been a touchstone for the contributors it includes an Introduction that discusses Redfield s work as well as a complete Bibliography of Redfield s scholarship The volume is divided into three parts on Homer Plato in conversation with epic tragedy and comedy and finally reception and transmission An exploration of the dialectical relationship between literary genre and social form animates many of the essays Drawing on work in anthropology linguistics sociology art history and philosophy this volume offers ground breaking perspectives on the study of Greek literature It will be an invaluable resource to students and researchers alike **Christianity Today** ,1990
