Ends Of The Earth A Bug Man Novel:

Ends of the Earth Tim Downs, 2009-09-14 Nick Polchak must stop a terrorist from causing a global ecological nightmare. Two beautiful women from Nick's past are competing for his heart. He's not sure which impending disaster makes him more nervous. When forensic entomologist Nick Polchak is called to the scene of a murder on a small organic farm in North Carolina, he is astonished to find that the victim's estranged wife is an old friend, a woman he once worked with, a woman he once had feelings for. When she asks Nick to investigate her husband's drug-related murder, Nick seeks the assistance of Alena Savard, the reclusive dog trainer known to the people of northern Virginia as the Witch of Endor. Alena jumps at the chance to renew her relationship with Nick, but when she arrives in North Carolina, she discovers that she's not the only woman who has her eye on the Bug Man. Soon Nick finds his usually analytical mind clouded by thoughts of a strangely human nature. These two women have stirred feelings that he can't quite fathom: feelings of lost opportunities and future possibilities. Now Nick must navigate the unexplored territory of his own heart while he solves an agroterrorist's plot to ignite an environmental holocaust that could spread to the ends of the earth.

The Bug Man Collection Tim Downs, 2015-11-03 All four novels from the Bug Man series are now available in one e-book collection. First, the Dead Nick tries to find a killer in the aftermath of Hurricane Katrina's attack on New Orleans. But the more he digs, the stronger and deadlier the resistance becomes. Nick is there to collect bodies, and he's going to do just that, especially when he starts finding bodies that were clearly dead before the hurricane. He understands that all forensic evidence will soon disintegrate in the hot, contaminated water, and he knows that's exactly what the killer wants to happen. Less than Dead Nick has finally met his match. When a grave is discovered on property owned by the front-running candidate for the next presidential election, the FBI immediately becomes involved. The graves then vanish, and Nick follows local legend to the bizarre Alena, who keeps to herself in the mountains of Northern Virginia, training cadaver dogs. Together they discover that this small town and the presidential hopeful have closets full of skeletons.

Ends of the Earth Nick struggles to protect a victim's family from agroterrorists in North Carolina. After dissecting the remains of a bale of marijuana scattered in the tomato fields, Nick learns that the South American marijuana is strangely infested with a common North Carolina insect, the tobacco hornworm. To further confound the mystery, the bugs are infected with a fungus from Asia, and Nick begins to suspect his victim wasn't killed because of the marijuana, but because of the insects it contained. He then discovers that a vicious agricultural scheme is underway to cripple US corn and ethanol production.

Nick of Time The Bug Man is getting married on Saturday if his fiancée can find him. Forensic entomologist Nick Polchak lives in a world of maggots and blow flies and decomposing bodies. No wonder he's still single. But Nick has finally found a woman as strange as he is: dog trainer Alena Savard, a woman who is odd, reclusive, and can seemingly talk to animals. It was a match made in heaven. Nick and Alena are scheduled to be married on Saturday, but there's one small problem: Nick has disappeared. Caught up in a murder case involving an old friend, Nick finds himself on a manhunt that's

drawing him farther and farther from the church where Alena is waiting But will he make it back in time Could Nick s single minded focus cause him to forget his own wedding Is he really pursuing a killer or is he running away from something else
