Double Standards  
and  
Constitutional Freedoms  
in the  
War on Terrorism

## DAVID COLE

"David Cole is one of this country's great legal minds. His work deserves to be read. This important book by one of our best legal minds would be a welcome addition to the legal rights of immigrants and all those who are targeted by the government. It is a must-read for anyone who is interested in the rights of immigrants and all those who are targeted by the government." —Barack Obama

# Enemy Aliens Double Standards And Constitutional Freedoms In The War On Terrorism

**Colleen Bell**

## **Enemy Aliens Double Standards And Constitutional Freedoms In The War On Terrorism:**

Enemy Aliens David Cole, 2003 The nation's foremost civil libertarian shines a light on the cynical exploitation of 9/11 by government officials to target immigrants and lay the groundwork for rolling back the rights of ordinary American citizens

**Human Rights and Non-discrimination in the 'War on Terror'** Daniel Moeckli, 2008-01-24 In the post September 11th era liberal democracies face the question of whether and if so to what extent they should change the relationship between liberty and security This book explores how three major liberal democratic states the United States the United Kingdom and Germany have approached this challenge by analysing the human rights impacts of their anti terrorism laws and practices The analysis reveals that the most far reaching restrictions of liberty have been imposed on minorities foreign nationals and certain racial ethnic and religious groups This Disparate treatment raises complex issues concerning the human right to non discrimination Differential treatment on the basis of nationality national origin race or religion is only compatible with the right to non discrimination if there are objective and reasonable grounds for it The author evaluates contemporary anti terrorism efforts for their compliance with this requirement Is there in the context of the current war on terror sufficient justification for applying powers of preventive detention or trial by special tribunal only to foreign nationals Are law enforcement methods or immigration policies that single out people for special scrutiny based on their national origin or their ethnic or religious appearance a suitable and proportionate means of countering terrorism The concluding part of the book argues that in the long term discriminatory anti terrorism measures will have impacts beyond their original scope and fundamentally reshape ordinary legal regimes and law enforcement methods

**Human Rights in the 'War on Terror'** Richard Ashby Wilson, 2005-10-03 This book asks whether human rights since the 9/11 attacks and the war on terror are a luxury we can no longer afford or rights that must always remain a fundamental part of democratic politics in order to determine the boundary between individual freedom and government tyranny This volume brings together leading international lawyers policy makers scholars and activists in the field of human rights to evaluate the impact of the war on terror on human rights as well as to develop a counter terror strategy which takes human rights seriously While some contributors argue that war is necessary in defense of liberal democracy others assert that it is time to move away from the war model towards a new paradigm based upon respect for human rights an internationally coordinated anti terror justice strategy and a long term political vision that can reduce the global tensions that generate a political constituency for terrorists

**One Paradigm, Many Worlds** Mitchell Rosenwald, 2009-10-02 One Paradigm Many Worlds Conflict Resolution across the Disciplines surveys how the paradigm of collaborative conflict resolution shapes a variety of disciplines Conflict resolution examines the theory research strategies and spirit that accompany subscription to this win win approach to conflict In the past few decades such a collaborative approach has emerged to challenge existing win lose paradigms to approaching conflict that are predicated on some form of violence and unacknowledged unchanging power differentials By

challenging these existing paradigms One Paradigm Many Worlds documents and instructs on the merits of the collaborative approach to conflict resolution It promises a broad and contemporary examination of how this paradigm both influences and holds the potential to influence a number of different professional and academic disciplines The text is organized in four sections They focus on the application of conflict resolution in the human services elementary secondary education higher education and a range of other disciplines philosophy communication international relations With such a breadth contained in the text One Paradigm Many Worlds unifying core is the centrality of conflict resolution as a paradigm supportive of cooperation positive communication and relationship to self to others to organizations and institutions and to society

**More Secure, Less Free?** Mark Sidel,2010-02-05 An up to the minute analysis of the government war on privacy

**Human Dignity and Human Security in Times of Terrorism** Christophe Paulussen,Martin Scheinin,2019-12-09 In this book it is explained that despite a current drop in the number of deaths terrorism should still be considered a serious and widespread problem However the responses to this phenomenon are often more problematic from a long term perspective With the human rights framework under serious pressure this edited volume offers a timely important and critical in depth analysis of human dignity and human security challenges in the lead up and in the responses to current forms of terrorism It aims to map how human dignity and human security can be secured and how law can constitute a source of trust at a time when Europe and the rest of the world continue to be plagued by terrorism The authors are both established names and upcoming talent in this fastchanging and exciting field of law They thoroughly analyse a variety of topical subjects in more conceptual chapters for example calling for the humanisation of the security discourse and in highly practical contributions in which for instance the Kafkaesque situation in which rendition and torture victim Abu Zubaydah still finds himself today is considered This book which focuses on but is not limited to the situation in Western countries aims to inspire not only academics through further theorisation on the sometimes elusive but important concepts of human dignity and human security but also practitioners working in the field of countering terrorism It will hopefully convince them even more that following a human rights approach will be indispensable in securing human dignity and human security for all Even or in fact especially in times of terrorism Christophe Paulussen is a Senior Researcher in the Research Department of the T M C Asser Instituut in The Hague The Netherlands and Martin Scheinin is Professor of International Law and Human Rights in the Department of Law of the European University Institute EUI in Florence Italy World Politics, Human Rights, and International Law Francis A. Boyle,2021-02-04 World Politics Human Rights and International Law examines the relationship between these concepts based upon the author s professional experiences dealing with real world problems It demonstrates the power of international law and human rights to make a positive difference for international peace and justice Power, Discourse and Victimhood Ritual in the War on Terror Michael Blain,2016-04-08 Blending concepts from dramatism such as victimhood ritual with Foucault s approach to modern power and knowledge regimes this book presents a

novel and illuminating perspective on political power and domination resulting from the global war on terrorism With attention to media sources and political discourse within the context of the global war on terror the author draws attention to the manner in which power elites construct scapegoats by way of a victimage ritual thus providing themselves with a political pretext for extending their power and authority over new territories and populations as well as legitimating an intensification of domestic surveillance and social control A compelling analysis of ritual rhetoric and political violence Power Discourse and Victimage Ritual in the War on Terror will be of interest to sociologists political theorists and scholars of media and communication concerned with questions of surveillance and social control political communication hegemony foreign policy and the war on terror

**Surveillance in Action** Panagiotis Karampelas,Thirimachos Bourlai,2017-11-14 This book addresses surveillance in action related applications and presents novel research on military civil and cyber surveillance from an international team of experts The first part of the book Surveillance of Human Features reviews surveillance systems that use biometric technologies It discusses various novel approaches to areas including gait recognition face based physiology assisted recognition face recognition in the visible and infrared bands and cross spectral iris recognition The second part of the book Surveillance for Security and Defense discusses the ethical issues raised by the use of surveillance systems in the name of combatting terrorism and ensuring security It presents different generations of satellite surveillance systems and discusses the requirements for real time satellite surveillance in military contexts In addition it explores the new standards of surveillance using unmanned air vehicles and drones proposes surveillance techniques for detecting stealth aircrafts and drones and highlights key techniques for maritime border surveillance bio warfare and bio terrorism detection The last part of the book Cyber Surveillance provides a review of data hiding techniques that are used to hinder electronic surveillance It subsequently presents methods for collecting and analyzing information from social media sites and discusses techniques for detecting internal and external threats posed by various individuals such as spammers cyber criminals suspicious users or extremists in general The book concludes by examining how high performance computing environments can be exploited by malicious users and what surveillance methods need to be put in place to protect these valuable infrastructures The book is primarily intended for military and law enforcement personnel who use surveillance related technologies as well as researchers Master s and Ph D students who are interested in learning about the latest advances in military civilian and cyber surveillance

**American Journal of Islamic Social Sciences 21:3** Christopher Allen,Tahir Abbas,Halil Ibrahim Yenigun,Nancy Gallagher,Nancy L. **The Cultural Imaginary of Terrorism in Public Discourse, Literature, and Film** Michael Frank,2017-06-14 This study investigates the overlaps between political discourse and literary

and cinematic fiction arguing that both are informed by and contribute to the cultural imaginary of terrorism Whenever mass mediated acts of terrorism occur they tend to trigger a proliferation of threat scenarios not only in the realm of literature and film but also in the statements of policymakers security experts and journalists In the process the discursive boundary between the factual and the speculative can become difficult to discern To elucidate this phenomenon this book proposes that terror is a halfway house between the real and the imaginary For what characterizes terrorism is less the single act of violence than it is the fact that this act is perceived to be the beginning or part of a potential series and that further acts are expected to occur As turn of the century writers such as Stevenson and Conrad were the first to point out this gives terror a fantastical dimension a fact reinforced by the clandestine nature of both terrorist and counter terrorist operations Supported by contextual readings of selected texts and films from *The Dynamiter* and *The Secret Agent* through late Victorian science fiction to post 9 11 novels and cinema this study explores the complex interplay between actual incidents of political violence the surrounding discourse and fictional engagement with the issue to show how terrorism becomes an object of fantasy Drawing on research from a variety of disciplines *The Cultural Imaginary of Terrorism* will be a valuable resource for those with interests in the areas of Literature and Film Terrorism Studies Peace and Conflict Studies Trauma Studies and Cultural Studies

*Terrorism* Richard Jackson, Lee Jarvis, Jeroen Gunning, Marie Breen-Smyth, 2011-04-12 This innovative text provides a much needed critical introduction to terrorism Cutting edge research on contemporary issues is combined with new insights into long debated issues such as the definition of terrorism the nature of the terrorist threat and counter terrorism strategies Showing that the methods we adopt as well as the material we study are vital for a clear understanding of the subject this text goes beyond traditional IR approaches to rethink popular beliefs and assumptions about terrorism Taking a genuinely global and integrated approach this book is an ideal entry into the study of terrorism In the years since 9 11 terrorism has been transformed into an issue of global significance Terrorism and the war on terror has affected virtually every aspect of modern life and a precise understanding of terrorism is now more important and contentious than ever This text examines the origins perceptions of and responses to terrorism and counter terrorism in the contemporary world It takes into account recent developments on the world stage as well as within and in response to critical terrorism studies This text is the ultimate companion for students studying terrorism as part of an undergraduate or postgraduate degree It guides students step by step to have a deeper understanding of terrorism and a more nuanced approach to their studies

**Security Versus Freedom?** Thierry Balzacq, 2016-04-01 From the viewpoint of migration and asylum policy and the fight against terrorism justice and home affairs is a key policy area It is also an area that raises important challenges and questions with regard to the preservation of fundamental freedoms This engaging volume examines the emerging European Union area of freedom security and justice at a time when key policy priorities are taking shape within the EU Bringing together contributors from different backgrounds the volume is ideal for students and scholars of European studies law

political science political theory and sociology      *Democratic Responses To Terrorism* Leonard B. Weinberg, 2007-12-30

*Democratic Responses to Terrorism* tackles how to protect democratic societies against terrorist violence while at the same time making sure that the steps democracies take to protect themselves do no fundamental harm to the rule of law and the rights of citizens With a foreword by Fernando Henrique Cardoso former president of Brazil the essays here assess such elements as the role of the legal framework human rights democracy and civil society as well as international cooperation The series explores one of the most pressing issues of our time how to reconcile the need to fight terrorism with our desire to protect and enhance democratic values The volumes are an outgrowth of a summit conference organized by the Club de Madrid an independent organization comprised of many former heads of state dedicated to strengthening democracy around the world

**Human Rights and Diverse Societies** François Crépeau, 2014-07-08 Over sixty years after the Universal Declaration of Human Rights it has been widely observed that human rights resonate differently in various settings This book addresses the timely and important question of how to understand human rights in a world of increasing diversity The effects of globalization and the increasing mobility of persons and peoples have further deepened and multiplied the sites of interaction between different cultures religions and ethnicities These changes have been a source of enrichment as multiculturalism interculturalism and diversity permeate our daily lives Yet they have also revealed important societal cleavages different conceptualizations of human rights and divergent values and beliefs about moral ethical cultural and religious issues In societies characterized by diverse social ethnic religious and cultural communities it becomes critical to examine how to reconcile the tensions between respect for group based identities and differences the robust protections of individual rights and freedoms and the maintenance of community solidarity and social cohesion It is these tensions mediated through debates about the interaction between human rights and diversity that this book addresses Eschewing any simple reconciliation of human rights and universalism this book aspires to identify alternative frameworks that can facilitate the conceptualization of and help find solutions to the complex global human rights issues in diverse societies In engaging with both the theoretical perspectives that question the universality of human rights as well as assessing the practicality of diverse applications of human rights this collection of essays explores how human rights can be employed to empower historically excluded and marginalized groups Taking diversity into account in thinking about the universal aspirations of human rights protection requires us to reframe the question Rather than asking whether human rights are universal we need to ask how the universal principles underlying human rights are practically and tangibly realized in diverse contexts and communities Through critical reflection and a reexamination of the concepts categories institutions and frontiers of human rights this book contributes to an ongoing dialogue about human rights discourse and theory Yet beyond its contribution to scholarly debates it is our hope that this book will contribute to the development of concrete tangible and institutional strategies for advancing the protection of human rights in diverse societies

**Human Rights and Refugees, Internally**

**Displaced Persons and Migrant Workers** Anne Fruma Bayefsky, Joan M. Fitzpatrick, Arthur C. Helton, 2006 Examines the major issues in the field today the theoretical challenges of international protection lessons learned from the field including Afghanistan Iraq and Sudan jurisprudential responses from courts due process issues from Europe Canada and the United States and the special needs of migrant workers

*The Karl Muck Scandal* Melissa D. Burrage, 2019 The demonization internment and deportation of celebrated Boston Symphony Orchestra conductor Dr Karl Muck finally told and placed in the context of World War I anti German sentiment in the United States BEST CLASSICAL MUSIC BOOK RELEASE OF 2019 by Classical music com the official website of BBC Music Magazine 2019 SUMMER READS ABOUT CLASSICAL MUSIC by the Australian Broadcasting Corporation 2019 BEST BOOK AWARD FINALIST in both the History and Performing Arts categories sponsored by American Book Fest 2019 SUBVENTION AWARD by the American Musicological Society funded in part by the National Endowment for the Humanities and the Andrew W Mellon Foundation One of the cherished narratives of American history is that of the Statue of Liberty welcoming immigrants to its shores Accounts of the exclusion and exploitation of Chinese immigrants in the late nineteenth century and Japanese internment during World War II tell a darker story of American immigration Less well known however is the treatment of German Americans and Germannationals in the United States during World War I Initially accepted and even welcomed into American society at the outbreak of war this group would face rampant intolerance and anti German hysteria Melissa D Burrage s book illustrates this dramatic shift in attitude in her engrossing narrative of Dr Karl Muck the celebrated German conductor of the Boston Symphony Orchestra who was targeted and ultimately disgraced by a New York Philharmonic board member and by capitalists from that city who used his private sexual life as a basis for having him arrested interned and deported from the United States While the campaign against Muck made national headlines and is the main focus of this book Burrage also illuminates broader national topics such as Total War State power vigilante justice internment and deportation irresponsible journalism sexual surveillance attitudes toward immigration anti Semitism and the development of America s musical institutions The mistreatment of Karl Muck in the United States provides a narrative thread that connects these various wartime and postwar themes MELISSA D BURRAGE a former writing consultant at Harvard University Extension School holds a Master s Degree in History from Harvard University and a PhD in American Studies from University of East Anglia Support for this publication was provided by the Howard Hanson Institute for American Music at the Eastman School of Music at the University of Rochester

**Free Speech after 9/11** Katharine Gelber, 2016-04-14 Although there has been a lot written about how counter terrorism laws impact on human rights and civil liberties most of this work has focussed on the most obvious or egregious kinds of human rights abrogation such as extended detention torture and extraordinary rendition Far less has been written about the complex ways in which Western governments have placed new and far reaching limitations on freedom of speech in this context since 9 11 This book compares three liberal democracies the United States the United Kingdom and Australia in

particular showing the commonalities and similarities in what has occurred in each country and the changes in the appropriate parameters of freedom of speech in the counter terrorism context since 9 11 achieved both in policy change and the justification for that change In all three countries much speech has been criminalized in ways that were considered anachronistic or inappropriate in comparable policy areas prior to 9 11 This is particularly interesting because other works have suggested that the United States unique protection of freedom of speech in the First Amendment has prevented speech being limited in that country in ways that have been pursued in others This book shows that this kind of argument misses the detail of the policy change that has occurred and privileges a textual reading over a more comprehensive policy based understanding of the changes that have occurred The author argues that we are now living a new normal for freedom of speech within which restrictions on speech that once would have been considered aberrant overreaching and impermissible are now considered ordinary necessary and justified as long as they occur in the counter terrorism context This change is persistent and it has far reaching implications for the future of this foundational freedom

**The Freedom of Security**

Colleen Bell, 2011-04-20 Post 9 11 security measures have sparked fears that the West is violating the very civil rights it strives to protect Debates centre on the United States but how have the politics of security influenced the commitment to freedom in other liberal democracies Addressing security certificates to the war in Afghanistan to the detainment of Abdullah Almalki Colleen Bell s wide ranging analysis demonstrates that Canada s counter terrorism practices are not a departure from liberal governance but rather a reconfiguration of its structures with an emphasis on security She traces how the logic and practices of security are increasingly coming to define our rights and freedoms

*Freedom and Order* Gabriel Rubin, 2011-05-19 The book examines how governments and publics react to terrorist attacks in the United States the United Kingdom and Israel It focuses specifically on why civil liberties are abridged in some cases and not in others The chapters cover the topic by looking at it through a number of different lenses including topics like how governments might manipulate fear public opinion trends after terrorist attacks how the Patriot Act was passed and case studies where legislation was blocked by the legislature and a government chief executive did not seek to pass legislation at all after a terrorist attack This innovative book compares different responses to terrorism without simply focusing on the case of 9 11 and through comparison reveals new findings about best practices for dealing with terrorism Freedom and Order gives a fine grain analysis of how the Patriot Act was passed that does not exist in any other text to date and compares public responses to terror attacks from three different countries Rubin deals a blow to the theory that the public rallies around their leader after terrorist attacks and that civil liberties are always abridged after terrorist attacks

This is likewise one of the factors by obtaining the soft documents of this **Enemy Aliens Double Standards And Constitutional Freedoms In The War On Terrorism** by online. You might not require more epoch to spend to go to the book inauguration as skillfully as search for them.
