Communities and Tourism ,2006 Tourism and Sustainable Community Development Greg Richards,Derek R. Hall,2003 As the tourist industry becomes increasingly important to communities around the world the need to develop tourism sustainably has also become a primary concern This collection of international case studies addresses this crucial issue by asking what local communities can contribute to sustainable tourism and what sustainability can offer local communities Individually these investigations present a wealth of original research and source material Collectively the book illuminates the term community the meaning of which it is argued is vital to understanding how sustainable tourism development can be implemented in practice **Inclusive Community Development Through Tourism and Hospitality Practices** Nadda, Vipin,Gonzo, Faithfull,Batta, Ravinder,Sharma, Amit,2023-04-24 Sustainable tourism should not be limited to environmental preservation the sociocultural and economic sides should also be considered There is a need for an integrated approach recognizing the resources facilities and infrastructures that are interrelated with the social cultural and natural environment Community development becomes a reality only by merging the principles of sustainability with growth objectives Even though investments in environmentally friendly infrastructure and related services are fundamental there is a need to address gender inequalities exploitation and commercialization of culture Further there is a need to prioritize the link between tourism and poverty reduction Inclusive Community Development Through Tourism and Hospitality Practices explores various viable strategies for the adoption of sustainable approaches that can eventually boost economic growth and poverty reduction all over the world Covering topics such as international tourism sustainable development and tourism reinforcement this premier reference source is an excellent resource for business leaders and managers students and educators of higher education community leaders government officials librarians researchers and academicians Tourism and Community Development Marie-Thérèse Feuerstein,1992 **Culture and Tourism** European Leisure and Recreation Association,1995 *Community Tourism Development* ,2001 **Culture and Community Development** Antonia Besculides,1999 **The Impact of Tourism on Village Community Development** Margono (drs.),1975 Tourism and Community Development Frank Palermo,Beata Dera,Patricia Cuttell,Luiz Fernando Reis,Dalhousie University. international development and is the primary focus of the United Nations Development Programmes efforts to alleviate global poverty Fukuda Parr Lopes and Malik 2002 Eade 1997 Empowerment has also been used heavily within an international context although it tends to focus specifically on disadvantaged sub groups within a larger population most commonly indigenous peoples and women Sofield 2003 Malhotra Scheyvens 2002 However there has been little research that examines the relationship between the two concepts and none from the perspective of the community members engaged in the tourism development process
