

GROUP DECISION-MAKING

Group Decision-making (also known as collaborative decision-making or collective decision-making) is a situation faced when individuals collectively make a choice from the alternatives before them. The decision is then no longer attributable to any single individual who is a member of the group.

Foss, 2009-08-18 With more than 300 entries these two volumes provide a one stop source for a comprehensive overview of communication theory offering current descriptions of theories as well as the background issues and concepts that comprise these theories This is the first resource to summarize in one place the diversity of theory in the communication field Key Themes Applications and Contexts Critical Orientations Cultural Orientations Cybernetic and Systems Orientations Feminist Orientations Group and Organizational Concepts Information Media and Communication Technology International and Global Concepts Interpersonal Concepts Non Western Orientations Paradigms Traditions and Schools Philosophical Orientations Psycho Cognitive Orientations Rhetorical Orientations Semiotic Linguistic and Discursive Orientations Social Interactional Orientations Theory Metatheory Methodology and Inquiry *The Group in Society* John Gastil, 2009-07-07 The Group in Society meets the challenges of teaching courses on small groups by revealing the full complexity of small groups and their place in society It shows students the value of learning how to carefully study a group s history and context rather than merely learning a fixed set of group participation skills This text brings together disparate theories and research from communication social psychology organizational and managerial studies and sociology in a way that helps students make sense of a complex body of scholarship on groups Features examples include the powerful group bonds of the modern terrorist cell the wired network of groups in the anti Globalization movement and the deliberation of a jury in a murder trial Teaching a sample course schedule Embedded Systems Framework PowerPoint slides group project assignments group project worksheets and a group project description and contract and links to useful Web resources such as small group teaching resources and active wikis on small groups An open access student study site at www.sagepub.com/gastilstudy features e flashcards practice quizzes and other resources to help students enhance their comprehension and improve their grade **New Directions in Group Communication** Lawrence R. Frey, 2002 New Directions in Group Communication takes as its mission the setting of the agenda for the study of group communication in the future It does so by presenting work that scholars have not previously explored in the current small group communication literature Part I focuses on new theoretical and conceptual directions both presenting new views and extending current positions Part II examines new research methodologies while Part III looks at antecedent factors affecting group communication Parts IV and V of the text provide insight into both group communication process and practices Part VI covers different group communication contexts including communication patterns in top management teams Essays on the effects of communication on group decision making Jingjing Zhang, 2008 Research Methods for Studying Groups and Teams Andrea Hollingshead, Marshall Scott Poole, 2012-05-22 This volume provides an overview of the methodological issues and challenges inherent in the study of small groups from the perspective of seasoned researchers in communication psychology and other fields in the behavioral and social sciences It summarizes the current state of group methods in a format that is readable

insightful and useful for both new and experienced group researchers This collection of essays will inspire new and established researchers alike to look beyond their current methodological approaches covering both traditional and new methods for studying groups and exploring the full range of groups in face to face and online settings The volume will be an important addition to graduate study on group research and will be a valuable reference for established group researchers consultants and other practitioners The essays in this volume when considered as a whole will be a contemporary interdisciplinary integration on group research methods

Communication and Group Decision-Making, 1986 [A Social Psychology of Group Processes for Decision Making](#), 1964 **Building Communication Theories** Fred L. Casmir, 2013-10-16 Concern with various matters related to humans as they communicate has led to an increase in both research and theorizing during the second half of the 20th century As a matter of fact so many scholars and so many disciplines have become involved in this process that it is virtually impossible to understand and appreciate all that has been accomplished so far This book focuses on one important aspect of human sense making theory building and strives to clarify the thesis that theories do not develop in some sort of social intellectual or cultural vacuum They are necessarily the products of specific times insights and mindsets Theories dealing with the process of communication or communicating are tied to socio cultural value systems and historic factors that influence individuals in ways often inadequately understood by those who use them The process orientation of this book inevitably leads to an emphasis on the perceptions of human beings Thus the focus shifts from the subject or area called communication to the act of communicating Finally this volume offers insight into how the process of human sense making has evolved in those academic fields commonly identified as communication rhetoric speech communication or speech within specific socio cultural settings
