The Lumen Fidei (Light of Faith) Study Guide Jared Dees, 2013-09-24 Perfect for personal study and for all types of faith formation groups. The Lumen Fidei Light of Faith Study Guide is the first available resource of its kind. All Catholics will benefit from its rich commentary, reflection questions, and ideas for living more fully by the light of faith. This study guide is the essential companion to Lumen Fidei, Pope Francis's first encyclical, which was published in July of 2013. Jared Dees, author and seasoned religion teacher, leverages his expertise in education and theology to welcome Catholics into encyclicals in general and this one in particular, which Pope Francis called the work of four hands, since it completes work started by Pope Emeritus Benedict XVI. Dees presents summaries of each section of the encyclical in depth, commentary, reflection questions, a glossary of key terms, and suggestions for integrating the encyclical into personal or community spiritual life. Additionally, there are appendices that address Lumen Fidei for pastors, leaders of adult faith formation, and RCIA catechists, teachers, and families.

Saint Benedict, Montecassino, and the Crisis of Ninth-Century Southern Lombards in Early Medieval Cassinese Memory Luigi Andrea Bertoni, 2025-05-30. The dissolution of the Lombard political unity in southern Italy and the Muslim military activities in that area rendered the ninth century a crucial yet troubled period for the history of this part of the Italian peninsula. The abbey of Montecassino was deeply affected by those events as well. Its riches in fact made it an easy target for the Muslims who after imposing heavy tributes on the monastery pillaged and destroyed it in 883. Several years had to pass before Saint Benedict's monks could return to Montecassino. In the difficult period of exile they put a lot of effort in the reconstruction of their community's identity as well as in reaffirming its role as repository of southern Italy's memory. In this process of reconstruction the texts known as The Chronicles of Saint Benedict of Cassino had the fundamental task of describing as well as explaining the events that had provoked the crisis of southern Lombard Italy. Using a topical approach and presenting the English translation and the Latin text of excerpts from The Chronicles of Saint Benedict of Cassino, this volume examines how the Cassinese historians narrated that tragic period and at the same time mentioned the glorious times of Saint Benedict's foundation of Montecassino. Saint Benedict, Montecassino, and the Crisis of Ninth-Century Southern Lombards in Early Medieval Cassinese Memory will appeal to scholars and students of early medieval southern Italy as well as all those interested in medieval Europe and the medieval Mediterranean.
