stories but after interviewing them and researching where they had served and visualizing them there I felt it would be interesting to the reader to also tell about some of the battles that they serve during I also included some veterans that didn't have to go to the battlefield their assignments were at home in support of the fighting troops The stories in this book mark the period from 1918 WW I and continue through to 2007 This book has thirty four veterans in it and tells about what they did in the military for our country
