format is welcoming and includes anecdotal information which is most useful at this point in one's study. I write these books with larger than average print and plenty of space as the reader is most likely a person who is experiencing revelations and has a requirement to utilize power to their own advantage. That type of person may have an urge to write immediately on this book, scribble notes in the side margins. I formatted this book for that type of student. It is not heavily edited. It is a transcript of moments of passionate teaching and it is meant to deliver that message to the reader.
