## **Down To Earth A Guide To Simple Living:**

**Down to Earth** Rhonda Hetzel, 2021-03 I was pulled into simple living before I knew what it was. It crept up on me using the smallest of steps and didn't reveal its true beauty and real power until I was totally hooked. I was searching for a way to live well while spending very little money. What I found was a way of life that also gave me independence, opportunity, and freedom. There is no simple solution when you ask, "How can I change my life to create a resilient and secure future?" But there are steps you can take to create a haven for you and your loved ones. Rhonda Hetzel's book *Down to Earth* was originally written for those who wanted to slow down and simplify life. Now, with the events of 2020 forcing change on all of us, it is also a valuable guide for creating a home that will provide safety and comfort during the uncertain years ahead. Rhonda gently encourages readers to find the pleasure and meaning in a simpler life, sharing all the practical information she has gathered on her own journey. This book has brought me such knowledge and comfort over the years. Clare Bowditch [The Complete Idiot's Guide to Simple Living](#)

With a year of monthly projects that make household management easier, Rhonda encourages you to set up good systems, make what you need, and appreciate what you have. Learn how to stretch money further, safely clean your home, and cook from scratch with 40 favourite recipes, including step-by-step guides to baking bread and making cheese. Whether you're part of a family, living alone, or thinking about retirement, this is an inspiring, indispensable guide to slowing down, taking stock of your life, and finding pleasure and satisfaction at home. Janet Luhrs, 2014-04-02 In *The Simple Living Guide*, Janet Luhrs demonstrates how to live a deliberate, simpler life and savor it. As Janet Luhrs says, "Simple living is about living deliberately. Simple living is not about austerity or frugality or income level. It's about being fully aware of why you are living your particular life and knowing that life is one you have chosen thoughtfully. Simple living is about designing our lives to coincide with our ideals." Whether you are looking at small solutions for cutting down the stress in your life or taking the big leap toward the simpler life, this book can be your guide. Janet Luhrs, the nationally recognized founder and editor of the *Simple Living Journal*, brings together strategies, inspiration, resources, and real-life profiles of people who have slowed down, overcome obstacles, and created richer lives. Discover Simple Living approaches to money, work, holidays, cooking, and nutrition, health, and exercise, clutter, gardening, travel, and more. [Down to Earth](#), 2008 *Getting a Life*

**The Simple Book of Profound Truths** Matthew L. Williams M.A. Ph.D., 2011-08-04 This book is a revolutionary text for revolutionary spiritual times. Facing imminent global financial collapse and great adversity for the foreseeable future, people will need a powerful faith in God just to survive. But who can have great faith if they don't know anything about God and how he works in our lives or if he even exists? God reveals spiritual knowledge to mankind not in an even continuous flow but in rare bursts or quantum leaps forward. The last such spiritual burst in Christianity occurred almost 2000 years ago with the teachings of the New Testament. Since then, virtually no progress has been made in terms of spiritual insight into the Bible. Even worse, scholars today don't understand very well God's lessons from the last burst. That's why you'll find even prominent Christian teachers still debating such basic spiritual concepts as the following: Can non-Christians be saved? What is the role of science and especially evolution in relation to the Bible? What roles do free will and predestination play in our lives and salvation? Unfortunately, while Christian spirituality has remained stuck in the past, mankind has pushed ahead into the twenty-first century. With the explosive growth of knowledge, science, and global communications, Christianity must improve the way it addresses people's spiritual concerns or face irrelevance and eventual extinction. This book represents a revolution in spiritual understanding that takes Christianity into the twenty-first century and beyond. It is the latest burst of spiritual insight 2000 years in coming. Mankind's oldest and most vexing spiritual questions are answered here in full accord with logic, science, and reason. In addition, the reader will find new insights into understanding the Bible, living a spiritual life, and for the first time ever, a new vision of Bible prophecy and the end of the world. There is no book like this.
