**Stripped: Depeche Mode** Jonathan Miller, 2009-11-05 An electrifying new biography about the four Essex lads who became award winning stadium superstars and champions of synth pop Jonathan Miller s groundbreaking book features in depth interviews with founder member Vince Clarke and producers Gareth Jones and Mark Bell and contains never before seen interviews with the band members themselves With additional input from Gary Human Howard Jones and Thomas Dolby this is a unique portrait of a band that almost lost control when their lives went off the rails and lead singer Dave Gahan s heroin addiction nearly killed him In the end Depeche Mode not only survived they triumphed racking up a staggering 40 million plus album sales on the way This is their amazing story told in full for the first time Born out of the post punk backlash in the early 80 s Depeche Mode took their name from a phrase in a French style magazine and became the definitive international synth pop group Vince Clarke Andy Fletcher and Martin Gore had started out as an Essex guitar band but it was their bright and upbeat synthesizer driven brand of pop fronted by Dave Gahan that was to find global acceptance and enjoy unlikely success in the US Despite a handful of early plaudits in the music press the group won only intermittent critical acceptance over the years its often light musical approach contrasting with lyrics that sometimes plunge into darker topics like S M religious fetishism and the scourge of capitalism But whatever the music press said the fans finally bought into Depeche Mode in a big way Their Violator tour at the start of the 90s sold millions of records and turned them into major US concert stars In true rock style Depeche Mode s members have suffered their share of internal strife over a long career Dave Gahan reinvented himself as a lead singer with both a harder musical edge and a near fatal drug habit while internal acrimony often marred the later stages of their career Jonathan Miller has made an exemplary job of telling the Depeche Mode saga in its entirety and goes a long way towards explaining how the group have managed to thrive when almost all their post punk contemporaries fell by the wayside long ago

**Billboard** , 2001-04-07 In its 114th year Billboard remains

the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends      The First-Year Teacher's Survival Guide Julia G.
