Investigating Social Problems A. Javier Trevino, 2024-10-30 Investigating Social Problems Fourth Edition offers a unique collaborative approach to examining timely social issues Drawing from the insights of over two dozen sociology experts this thorough and updated guide affords students a multi faceted exploration of society s most pressing problems **A New Exploration of Hegel's Dialectics III** Deng Xiaomang, 2022-05-10 This volume explores the unity of logic epistemology and ontology in Hegel s dialectic and the interrelation among the three thereby revealing the internal features of Hegel s dialectic as well as the connection and divergence between Hegel s and Marx s philosophical thought As the final volume of a three volume set that gives insights into Hegel s dialectic and his overall philosophical thought the book analyzes Hegel s dialectic as a unity of three As logic it transcends language and is therefore epistemology as epistemology it transcends theory and is therefore ontology as ontology it transcends existing things and is therefore logic Hegel s dialectic thus demonstrates itself as the revolutionary development of each of these three fields in the history of Western philosophy The principle of the agreement of logic with history thereby expressed immediately becomes one of the most important philosophical sources of inspiration for Marx s historical materialism A more profound understanding of Hegel s philosophy will therefore deepen our understanding of the philosophy of Marxism The title will appeal to scholars and students interested in Hegel s and Marx s philosophy German classical philosophy and Western philosophy Learning Theories in Childhood Colette Gray, Sean MacBlain, 2015-09-10 Focusing on the early philosophies of learning and key behavioural cognitive and social theorists including Locke Rousseau Montessori Piaget Vygotsky Bandura Bronfenbrenner Bruner this popular book provides a comprehensive overview of children s learning The authors highlight the strengths and weaknesses of each theoretical perspective and encourage reflection on how different approaches impact on the learning environment The discussion finishes with an exploration of the new sociology of childhood New to this Second Edition are a new chapter on What is theory and what is learning a new chapter on The Changing nature of learning There is also a new companion website which features journal articles to read alongside each chapter podcasts from the authors explaining the key points on each topic links to video material discussing key theories and methods You can access the books online materials at study.sagepub.com/grayandmacblain2e Accessibly written with key questions and recommended reading included this book is essential for all those studying on child development early childhood and childhood studies courses and for anyone interested in understanding more about how children learn and think Colette Gray is Head of Research Development and Principal Lecturer in Childhood Studies at Stanmillis University College Belfast and Sean MacBlain is Reader in Child Development and Disability at the University of St Mark St John Plymouth For access to the website **Routledge Handbook of Migration and Development** Tanja Bastia, Ronald Skeldon, 2020-02-14 The Routledge Handbook of Migration and Development provides an interdisciplinary agenda setting survey of the fields of migration and development bringing

together over 60 expert contributors from around the world to chart current and future trends in research on this topic The links between migration and development can be traced back to the post war period if not further yet it is only in the last 20 years that the migration development nexus has risen to prominence for academics and policymakers Starting by mapping the different theoretical approaches to migration and development this book goes on to present cutting edge research in poverty and inequality displacement climate change health family social policy interventions and the key challenges surrounding migration and development While much of the migration literature continues to be dominated by US and British perspectives this volume includes original contributions from most regions of the world to offer alternative non Anglophone perspectives Given the increasing importance of migration in both international development and current affairs the Routledge Handbook of Migration and Development will be of interest both to policymakers and to students and researchers of geography development studies political science sociology demography and development economics The Routledge International Handbook of Philosophies and Theories of Early Childhood Education and Care Tricia David, Kathy Gooch, Sacha Powell, 2015-10-05 The Routledge Handbook of Philosophies and Theories of Early Childhood Education and Care brings together leading writers in the field to provide a much needed authoritative guide to the major philosophies and theories which have shaped approaches to Early Childhood Education and Care Providing a detailed overview of key concepts debates and practical challenges the handbook combines theoretical acumen with specific examples to show how philosophies and theories have evolved over the centuries and their impact on policy and society It examines the ways in which societies define and make sense of childhood and the factors that influence the development of philosophies about young children and their learning The collection offers an insight into the key theorists and considers how the economics and politics of their time and personal ideology influenced their ideas about childhood It looks at curricula and provision which have proved inspirational and how these have impacted on policy and practice in different parts of the world The handbook also explores alternative and perhaps less familiar philosophies and ideas about babies and young children their place in society and the ways in which it might be appropriate to educate them Bringing together specially commissioned pieces by a range of international authors this handbook will enable academics research students practitioners and policy makers to reflect on their own understandings and approaches as well as the assumptions made in their own and other societies

The Posthuman Child Karin Murris, 2016-03-17 The Posthuman Child combats institutionalised ageist practices in primary early childhood and teacher education Grounded in a critical posthumanist perspective on the purpose of education it provides a genealogy of psychology sociology and philosophy of childhood in which dominant figurations of child and childhood are exposed as positioning child as epistemically and ontologically inferior Entangled throughout this book are practical and theorised examples of philosophical work with student teachers teachers other practitioners and children aged 3 11 from South Africa and Britain These engage arguments about how children are routinely marginalised discriminated

against and denied especially when the child is also female black lives in poverty and whose home language is not English
 The book makes a distinctive contribution to the decolonisation of childhood discourses Underpinned by good quality picturebooks and other striking images the book's radical proposal for transformation is to reconfigure the child as rich resourceful and resilient through relationships with non human others and explores the implications for literary and literacy education teacher education curriculum construction implementation and assessment It is essential reading for all who research work and live with children *Exploring Family Theories* Suzanne R. Smith, 2009 An army deserter Jean Gabin pitches up in Le Havre looking for a new identity and passage to foreign parts His progress is halted when he falls in love with an idealistic young woman Michelle Morgan Directed by Marcel Carne **Assessing PNDL** Anca Monica Marin, 2021-10-18 This book provides an in depth analysis of the distribution of funds by the National Program for Local Development PNDL Romania's largest state funded budget program It provides an objective assessment of the way state budget funds are allocated at the level of county councils and municipalities in urban and rural areas It covers allocations of the second phase of program implementation namely the reformed PNDL II 2017 2020 which has double the volume of funds than the previous phase Using a conceptual framework at the crossroads of sociology public management and public finance this book provides necessary context for the complex funding environment of first and second tier level institutions in Romania A comprehensive study on public administration politicization and development imbalances this book will be of interest to researchers in public administration sociology and public finance as well as politicians civil servants consultants decision makers and representatives of responsible institutions with EU funds at national and EU level Provocation as Leadership Maxime Fern, Michael Johnstone, 2022-12-12 To create deep change you have to disturb people or at least risk doing so Shaking people out of their comfort zones not only generates the possibility of change but also elicits new information and brings out hidden resources that people need to navigate unfamiliar waters Nevertheless provoking without antagonizing or shutting people down and tolerating their pushback are complex challenges requiring skill and will This is the first comprehensive provocation roadmap why provocation is necessary for effectively leading change the different forms of provocation action tools and frameworks and case studies illustrating how change is achieved through the sustained and careful use of provocation and disturbance with strategies and tactics for minimizing the risks involved We illustrate for example how two Australian farmers challenged centuries old farming practice to regenerate their properties and how a large American bank used the death of a revered CEO to reinvigorate the business We show how a young indigenous school principal tackled entrenched attitudes to turn a failing school around and how a national statistical service acted like a technology start up to innovate during the Covid 19 pandemic The case studies address change at the local level within organizations as well as on a national scale We finish with a synthesis of the lessons learned and a set of ideas about building people's capacity to use provocation to live learn and thrive *Provocation as Leadership* offers a blueprint for people who

using provocation want to ignite change and help their organizations group or community break through to a better future This book provides a vehicle to see provocation in its potential for necessary disturbance to lay bare its anatomy and give access to its possibilities including how to enable provocateurs to live another day Political Economy of Media and Communication Joan Pedro-Carañana,Rodrigo Gómez,Thomas F. Corrigan,Francisco Sierra Caballero,2024-02-01 The first book dedicated specifically to research methods in the political economy of media and communication it provides a methodological toolkit to investigate the functioning of media technology and cultural industries in their historical institutional structural and systemic contexts Featuring contributions from across the globe and a variety of methodological perspectives this volume presents the state of the art in political economy of media and communication methods articulating those methods with adjacent approaches to study concentration of ownership and power pluralism and diversity regulation and public policies governance genderization and sustainability This collection charts the methodological innovations critical political economists are adopting to analyse a rapidly transforming digital media landscape exploring ideology narratives socio analysis and praxis in communication with ethnographic and participatory approaches as well as designs for quantitative and qualitative methods of textual discourse and content analysis network analyses which consider power relations affecting communication including intersectional oppressions and the new developments taking place in artificial intelligence An essential text for advanced undergraduates postgraduate students and researchers in the areas of media cultural and communication studies particularly those studying topics such as the political economy of media and or communication media and communication theory and research methods **‘Capital’ in the East** Achin Chakraborty,Anjan Chakrabarti,Byasdeb Dasgupta,Samita Sen,2019-10-23 This book pursues a Marxist approach with an emphasis on class to reflect on Marx s Capital in the context of the East It critically reassesses some of the familiar concepts in Capital and teases out issues that are at its periphery In various essays it explores this borderland to promote new concepts and modes of analysing Marx s treatise in the twenty first century Accordingly it represents an advance in Marxian theory and politics Examining Marx s Capital from the perspective and location of the East the book focuses on many issues that are at the borders of Capital which is concerned principally on unpacking developed capitalism New concepts are introduced and set in relation to those championed by Marx in order to advance our understanding of economy capitalism development and politics In this regard the book offers a reading of Capital that is distinct from conventional reflections on it in the Western world The scope is vast covering much of the territory in Marx s Capital as well as addressing a few new issues connected to Capital The content is divided into the following sections Reception of Capital in the East Value Commodity Surplus Value and Capitalism Population and Rent in Capital and Issues Beyond Capital Queering the Church Penelope Cowell Doe,2024-05-31 Church dialogues including official reports and debates within the General Synod operate under the premise that canonical authority can shape a viable theology and coherent ecclesiastical and liturgical practices In a groundbreaking

departure from conventional methodologies Queering the Church offers a rigorous examination of the hermeneutical frameworks that inform discussions on homosexuality within ecclesiastical governance Drawing inspiration from Halberstam's concept of the queer art of failure Doe advocates for a fundamental shift a move away from entrenched institutionalized debates toward a more inclusive deconstructive discourse Rather than perpetuating cycles of authoritative rhetoric Doe proposes a transformative realignment one that challenges traditional power dynamics and fosters a more equitable theological dialogue Provocative and timely this book promises to illuminate new avenues toward a nuanced comprehension of church discourse

Why Isn't Government Policy More Preventive? Paul Cairney, Emily St Denny, 2020-01-09 If prevention is better than cure why isn't policy more preventive Policymakers only have the ability to pay attention to and influence a tiny proportion of their responsibilities and they engage in a policymaking environment of which they have limited understanding and even less control This simple insight helps explain the gap between stated policymaker expectations and actual policy outcomes Why Isn't Government Policy more Preventive uses these insights to produce new empirical studies of wicked problems with practical lessons The authors find that the UK and Scottish governments both use a simple idiom prevention is better than cure to sell a package of profound changes to policy and policymaking Taken at face value this focus on prevention policy seems like an idea whose time has come Yet prevention is too ambiguous until governments give it meaning No government has found a way to turn this vague aim into a set of detailed consistent and defensible policies This book examines what happens when governments make commitments without knowing how to deliver them It compares their policymaking contexts roles and responsibilities policy styles language commitments and outcomes in several cross-cutting policy areas including health families justice and employability to make sense of their experiences The book uses multiple insights from policy theory to help research and analyse the results The results help policymakers reflect on how to avoid a cycle of optimism and despair when trying to solve problems that their predecessors did not

Social Responsibility in Tourism Martina Pásková, Josef Zelenka, 2024-06-24 This monograph offers a comprehensive examination of responsible tourism meticulously deconstructing the core tenets of socio-cultural environmental and economic accountability within the framework of sustainable tourism The work underscores the intrinsic significance of local attributes emphasizing their pivotal role in shaping responsible practices Guiding through the intricate terrain of challenges and opportunities inherent in integrating responsible paradigms within the dynamic tourism sector the authors introduce a prescriptive implementation framework This framework steers tourism stakeholders towards equilibrium enabling present actions to safeguard and augment conditions for sustainable future development Rooted in scholarly depth augmented by synoptic diagrams and references to supplementary resources the book converges into an analysis of concrete instances illustrative case studies products and applications demonstrating the embodiment of social responsibility in tourism's fabric By spotlighting both successful and adverse examples the monograph underscores the vital interplay of environmental economic and socio
