Forgetting Fathers David Marshall, 2015-09-24 In *Forgetting Fathers* David Marshall weaves together the stories of his grandfather and great grandfather with his own quest to solve the mystery of his family's past. Beginning as a search for his lost family name, Marshall attempts to understand the origins of his grandfather who spent part of his childhood in the Hebrew Orphan Asylum of the City of New York. He also reconstructs the life and death of his great grandfather, a Russian immigrant tailor who died at age thirty-six in a private sanitarium dedicated to the treatment of mental and nervous diseases. The narrative becomes a detective story that reflects on our ambivalence about origins, the relation between history and mourning, and the compulsion to search for life stories. *Forgetting Fathers* combines historical accounts based on records, reports, and public documents with autobiographical reflections and speculations. Included throughout are photographs, newspaper clippings, and facsimiles of original documents that provide a sense of both the texture of the times and the fabric of archival and genealogical research.

My Father's Quest Carmen Corrales Konneker, 2009 In the early 1900s in rural Mexico, a father and mother are taken from their children in a tragic accident. The four small children lose everything: their home, their friends, and all their belongings, and are placed in an orphanage by an uncaring distant relative. The oldest child, Daniel, is only eight years old but he is determined to protect his younger brother and two sisters as he promised by his father's grave. When the siblings are separated, Daniel begins a quest to reunite his family that spans years and borders, trying to bring them together once more. This is the story as told to his daughter, Carmen, who wrote it with love. Back cover.
