Cold Reading Games Julian Moore, 2014-07-15 COLD READING GAMES by Julian Moore WARNING This book brings together with a substantial amount of new relevant material and explanations elements from my other readings books Who This Book Is For This book is a social toolkit for guys who like girls to give them the confidence to banish uncomfortable pauses and missed opportunities with members of the opposite sex forever Do you enjoy female company but sometimes find it difficult to strike up a conversation Are you going on a date but you re a bit worried you ll run out of things to say Or would you simply like to inject a little more fun into your social life If you answered yes to any of these questions then this book could be for you This book will teach you enough about Palmistry Graphology and Numerology to get you into trouble If you re looking for an in depth guide to giving readings then you ve most certainly come to the wrong place unlike some of my other books this particular book is more about kickstarting conversations with an emphasis on talking the talk in social situations This may not be a reference work yet the source material is taken from my previous Speed Learning series of books that cover each topic in more detail so even though these pages are high in theory and low in fact all the descriptions in this book adhere to the commonly accepted meanings for each topic What is presented here is a light hearted approach to the real deal simplified so you can concentrate on having fun instead of getting bogged down in the intricacies of each system Think of these techniques like get out of jail free cards if you become trapped in an awkward social situation you can try one out and more often than not become unstuck almost immediately Why Write This Book Over the years I ve realised that many young and not so young men have bought my books not because they d like to be a palmist graphologist numerologist or even a reader of cards but because they d simply like to have a few skills that could help them out in social situations This book addresses the need for an overview that brings these things together in a playful way for people that initially at least are more interested in creating conversations than becoming a reader of anything in particular Knowing a little about these skills can be great fun and in the right circumstances with the right people can help create a considerable amount of memorable moments laughter and even new friends Keep it light do it right and with a bit of luck you ll never be stuck for words again Learn to talk the talk and you ll be doing most of the listening EXTRA CONTENT BONUS CHAPTER I Star Signs BONUS CHAPTER II The Classic Reading BONUS CHAPTER III Cartomancy *Flirting With Palmistry and Cold Reading* Denis Boulais, 2012-10-01 Have you ever wanted to be more popular with friends at work or just be the life of the party With a sound knowledge and awareness of palm and cold reading you will never go hungry It s a craft that can be used to make money entertain your friends and for some wise men meet and attract women I am sure you will enjoy reading this book and most importantly apply the concepts presented in this book thoughtfully and responsibly
