In 1992, author Douglas Preston and his wife and daughter rode horseback across 400 miles of desert in Utah, Arizona and New Mexico. They were retracing the route of a Navajo deity, the Slayer of Alien Gods, on his quest to restore beauty and balance to the Earth. More than a travelogue, Preston's account of their one tough journey luminously remembered. Kirkus Reviews is a tale of two cultures meeting in a sacred land and is like traveling across unknown territory with Lewis and Clark to the Pacific. Dee Brown, author of *Bury My Heart at Wounded Knee* *The Obsidian Chamber* Douglas Preston, 2016-10-18 Includes a special preview of the next Special Agent Pendergast novel *Braille Books Library of Congress. National Library Service for the Blind and Physically Handicapped*, 2006 *Sherlock Holmes for the 21st Century* Lynnette Porter, 2012-08-08 The 21st century is a good time to be Sherlock Holmes. He stars in the Guy Ritchie films with Robert Downey Jr. an internationally popular BBC television series featuring Benedict Cumberbatch, a novel sanctioned by the Arthur Conan Doyle Estate and dozens of additional novels and short stories including two by Neil Gaiman. Add to this the videogames, comic books and fan-created works, plus a potent Internet and social media presence. Holmes London has become a prime destination for cinematic tourists. The evidence is clearly laid out in this collection of 14 new essays. Holmes and Watson are more popular than ever. The detective has been portrayed as hero and antihero. He's tech-savvy and scientifically detached, even psychologically aberrant. He has been romantically linked to The Woman and bromantically to Watson. Whether Victorian or modern, he continues to fascinate. These essays explain why he is destined to be with us for years to come. After an overhaul of leadership at the FBI's New York field office, A.X.L. Pendergast is abruptly forced to accept an unthinkable condition of continued employment: the famously rogue agent must now work with a partner. Pendergast and his new colleague, junior agent Coldmoon, are assigned to investigate a rash of killings in Miami Beach where a bloodthirsty psychopath is cutting out the hearts of his victims and leaving them with

cryptic handwritten letters at local gravestones The graves are unconnected save in one bizarre way all belong to women who committed suicide But the seeming lack of connection between the old suicides and the new murders is soon the least of Pendergast's worries Because as he digs deeper he realizes the brutal new crimes may be just the tip of the iceberg a conspiracy of death that reaches back decades Relic Douglas Preston, Lincoln Child, 2018-11 Agent Pendergast investigates a series of strange murders and rumours of a murderous beast in the New York Museum of Natural History
